Does Not Expect Renewal of the French

ST. JOHNS, N. F., Jan. 6.—The colonial authorities entertain the hope that the British government does not expect a renewal of the French shore modus vivendi (which expired Dec. 31, 1901) for the current year. They declare that this arrangement has proved a very great drawback to the welfare of the colony and that its renewal would prolong the vexatious phases of the French shore question for a further period. Were it not for the Boer war there is little doubt but that the colony would refuse to renew this measure. Even as it is, there is a strong element in the upper house of the colonial legislature which is opposed to the renewal of this arrangement under any circumstances. ST. JOHNS, N.
