EXTENSIVE MILLU PROPERTY.

A great many other Goods in the Hardware line all of which will be sold as low as possible. Slay, 1846.

EXTENSIVE MILL PROPERTY To be sold by Private Burgariss.

A.L. that large and actensive MILL, PROPER ATY, situated about a mile and a half from the mouth of the Nashwark, nearly opposite Predericton and consisting of one Mill, containing its saws in single Gates, with a GRIST MILL, in good offer, diving two pair of stones.

The Saw Mills are capable of containing as many Gangs as three, are now single Saws, which could be substituted at little cost; they are in perfect order and some of the Gangs could be divisen throughout the entire year, as there are always several of the Saws kept going during the entire Winter, and the Grist Mill has the same advantage. The Draw is perfect and complete order, having been completed at very great expense, and runs entirely across the river, for the driving of the Mills.

Connected with the Mills there is a fine large Store, well adapted for the business of the country, and a Blacksmith's Shop, and a good Cottage and Garden attached, well saited for the manager of the Mills besides a number of Houses suitable for the Workmen at the Mills.

There is also a tract of Land on the Eastern side of the river, containing 500 acres, and about 200 erres on the western side, the latter embracing the Holybrooks Farm, and the whole highly capable of calivation, and precluding any interference by other establishments on the river. These valuable Properties will be cold slong with the Mills, and reasonable accommodation will be given to the purchaser. There can scarcely be found within the Province and a valuable Water privilege, and it is therefore well deserving the autention of any party wishing to embark in the Lumber trade; the whole can be seen at any time, and fall particulars given on application to W. J. Bedell and Co. Frederiction, Charta Perley, Esquires, Woodstock, or to the subscribers at St. John.

[From the John Bull, newspaper, London.]

There is certainly some mysterious and occult virtue in the famous "Hungarina Balsam of Life." which the medical faculty are unable to discover, or Dr. Buchan would not be permitted for so many years to enjoy the magnificent menapoly, of the treatment and cure of Consumption in Great Britain. No easifsactory analysis of this famous comported has ever, to our knowledge, been offared to the public.
