Engineering Problems of Canadian Corps Featured At Meeting of Engineers

(Continued from Page 3)
themed by the use of guy wires to assist them in holding up the cables. Underground cables, which became necessary in congested parts of the city, and which were much more expensive in installation than the aerial cables; conduits had to be laid and manholes provided every three hundred feet. He explained the system of laying underground cables and the distribution of the circuits at different points in the city.

Mr. Bowman showed examples of splicing joints and the care necessary in making them. A vote of thanks was extended by the meeting to the speaker.

W. B. MacKay, A. M. E. I., then read a paper on heating problems produced by some of the modern methods of building construction. At the outset Mr. MacKay pointed out the fact that the heating engineer profession was rather a new one. He traced the history of the methods of heating from the early ages to the present day. He also pointed out adaptability of the human being to the extremes of heat and cold, the Equino on one side and the native of the tropics on the other side.

Mr. MacKay described the various systems of water and steam heating and exhibited a valve which had done away with air vents in radiators. He also explained up-to-date hot air heating.

The one thing greatly misunderstood by everybody, he said, was the matter of heat loss in buildings of different construction. He explained that the heat loss in the modern buildings was much greater than in those of the past. He spoke of unsanitary conditions set up by improper heating and said that three commissions were now considering the heating question—one each in London, Chicago and New York.

He pointed out that in the result of their deliberations might depend the future structure of buildings. Radiant heat such as comes from an open fireplace was the ideal and natural form of heating.

He suggested that in the construction of buildings care be taken to use materials which would do away with heat loss. He referred to a case of unsatisfactory heating conditions causing trouble in the experience of a body of soldiers quartered at Pier 2, Halifax, where the heating was the cause of bad health and irritability and trouble. A large volume of warm air of a lower temperature was more effective in heating than a smaller volume of a higher temperature.

Painting a radiator with five coats of enamel paint had increased the radiated temperature nearly three per cent, while painting with a rough ground finish reduced the heat nearly ten per cent. There was twice as much heat loss through a three-inch concrete slab than through ordinary window glass.

Those registering yesterday were: A. H. Wetmore, John Thornton, St. John, G. E. Martin, Chatham, H. N. Pitman, Halifax; J. P. Mooney, B. Allen, S. A. Sawell, D. A. Duffy, C. D. McAllister, St. John; C. W. West, Boston; W. B. MacKay, Halifax; G. E. Howie, Fredericton; H. C. Black, J. W. Duncan, T. J. Nisbet, S. C. Webb, St. John; J. H. Windfeld, Halifax; Jan. Newlands, St. John; R. Fraser Armstrong, Woodstock; R. H. Chisham, St. John; C. L. Tracey, Fredericton; H. L. Seymour, Ottawa; R. H. Sly, Campbellton; G. H. Hilday, St. John.

The ladies who were the guests of the St. John branch at the drive to Rothesay were: Mrs. Carniel, Mrs. Kirby, Mrs. Murdoch, Miss Murdoch, Mrs. Leonard, Mrs. Dufresne, Mrs. Hare, Miss E. Simon, Miss B. H. Bell, Mrs. Lamb and Mrs. Donnelly.

Arthur Shaw Was Drowned In Bay
Jumped from Burning Motor Boat at Pocologan on Wednesday — Sank Before Reaching Land.

A drowning accident occurred at Pocologan, Charlotte county, Wednesday, when Roy Shaw of Pocologan, jumped out of a motor boat which was on fire and before he was able to reach the shore, sank from exhaustion. The accident occurred about seven

HOW A YOUNG GIRL SUFFERED
And Was Restored to Health By Lydia E. Pinkham's Vegetable Compound—Told By Her Mother.

Brooklyn, N. Y.—"I cannot praise Lydia E. Pinkham's Vegetable Compound enough for what it has done for my daughter. She was 15 years of age, very sickly and pale and she had to stay home from school most of the time. She suffered agonies from backache and dizziness and was without appetite. For three months she was under the doctor's care and got no better, always complaining about her back and side aching so I didn't know what to do. I read in the papers about your wonderful medicine so I made up my mind to try it. She has taken five bottles of Lydia E. Pinkham's Vegetable Compound and doesn't complain any more with her back and side aching. She has gained in weight and feels much better. I recommend Lydia E. Pinkham's Vegetable Compound to all mothers and daughters."—M. M. A. Piron, 516 Marcy Ave., Brooklyn, N. Y.

For special advice in regard to such ailments write to Lydia E. Pinkham Medicine Co., Lynn, Mass.

Knights To-Meet Here Next Week
Visitors Expected from Other Parts of Canada and the United States.

The 30th annual assembly of the Sovereign Grand Priory of Canadian Knights Templars will be held in St. John next week. Visiting members are expected to arrive on Monday at noon and the business sessions will continue until Thursday evening or possibly until Thursday morning.

The Grand Council meets on Monday in the Masonic Hall, Gormah street, at 10 o'clock. Representatives from all over Canada are expected and also a delegation from the Grand Encampment of the United States.

The Supreme Grand Master Charles H. Collins, of Toronto, will preside. He and several other of the Canadian Knights have been this week attending the Triennial Conclave of the Grand Encampment of the United States held in Philadelphia, and it is expected that a number of the American fratres will return the compliment by visiting the Canadian Grand Body at its encampment here.

The local body St. John—De Molay Precinct No. 3 A, has prepared a comprehensive programme of entertainment for the visitors and their ladies, including a reception and dance on Monday evening. On this occasion the guests will also be shown the views collected by Grand Master D. C. Clark on his recent visit to the great Masonic Peace Celebration in London. These views particularly il-

lustrate the work done by the Grand Lodges of England in caring for the orphan children, both boys and girls of deceased members.

The visiting ladies will be entertained each day by motor drives, teas and a theatre party Wednesday night. On Thursday all visitors are to be given a sail up the main river as far as Westfield and up the Kennebecasis to Gondola Point, where a clam bake will be held, followed by a dance at the new pavilion there.

The assembly this year is engaging great attention inasmuch as the Supreme Grand Master has served two years and will retire from office. The present Deputy Grand Master is Abraham Shaw, of Kingston, Ontario. In the past it has been the custom to promote the Deputy Grand Master to the Supreme Grand and interest centres around the election of a new Deputy.

Beautiful souvenir badges, circular in design, and bearing in combination the arms of St. John with the Knight Templar emblem, are to be given those attending the assembly. The last time the Sovereign Grand Priory met in St. John was in August, 1901, at which time the late Hon. J. V. Ellis was just finishing his second term as Supreme Grand Master, being succeeded at that meeting by David L. Carley, of Toronto.

Dr. Adam Shortt, of the Archives Department, Ottawa, is in town.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

The name "Bayer" on Aspirin is like Sterling on silver. It positively identifies the only genuine Aspirin—the Aspirin prepared by physicians for over nineteen years and now made in Canada.

Always buy an unbroken package of Bayer Tablets of Aspirin—a few cents. Larger "Bayer" packages.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monocacetic acid of Salicylic acid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

FUNERALS

The funeral of Nicholas Kennedy took place yesterday morning from his late residence to the Cathedral, where Requiem High Mass was celebrated by Rev. W. L. Moore, assisted by Rev. A. P. Allen, deacon, and Rev. R. B. Fraser, sub-deacon. Final absolution was given by Rev. William M. Duke, and interment made in the new Catholic cemetery. Relatives were pallbearers, and the funeral was attended by many friends. The factory of T. S. Simms & Company, Limited, where Mr. Kennedy was employed for more than forty years, was closed during the funeral hour, in respect to his memory. A large number of floral and spiritual offerings were received.

The funeral of John Gairbairn took place Thursday afternoon from his late residence, Lorneville, and interment was made in the cemetery there. The funeral of James Macdonald took place yesterday afternoon from his late residence in Autumn street. Service was conducted by Rev. Mr. Farquhar and interment was made in Fernhill.

Dr. Adam Shortt, of the Archives Department, Ottawa, is in town.

Last Call For New Candidates in Standard's \$10,000.00 Contest

No new candidates will be permitted to enter the contest after this week.

Anyone thinking of entering their name in The Standard's Contest must get it in by Saturday, September 13th, as no new names will be entered during last two weeks of contest.
