Red Eyes rediscover winning

Smith, MacDonald embarrassed in win

by Ben Dover

The Lady Beaverbrook Residence's co-ed hockey team, the Red Eyes rebounded for a win last Sunday in a game that can only be described as a skate shattering experience. LBR beat the visiting Dunn/Harrison Residence's team by a score of 6-4 and in the process improved their record to a respectable 2 and 1.

As mentioned above, the game was a skate shatterer as Red Eye forward, Jenn MacDonald's skate shattered in mid stride and she was forced to sit out the game. It seems MacDonald's skates had not been used in 5 years and had obviously become brittle by

their inactivity. You know the old saying "Use it or lose it?" Well it applies here and MacDonald know it. "I would have never thought that would happen, although it was in the back of my mind. I was in full stride when all of a sudden SNAP and I landed on the ice. Pieces of the boot were everywhere and I wished I had had a video camera, because I would have sent the tape to America's Funniest Home Videos".

Andrea Stillwell and that constant workhorse Lisa Khoury provided the offense for the Red Eyes, each with a goal worth three points a piece. The two goals came early in the first and then the team

sagged and allowed their opponents to score 4 unanswered goals. It's a part of the game that Red Eye forward Sara Smith is not pleased with "I may be from Australia where hockey isn't very big, but I know it's not good to build up a big lead and then let them get back into the game. I'm very upset and expect more of myself and the team."

To make matters worse for Smith, on a face off deep in Red Eye territory she lined up on the wrong side. "When the referee told me where I should be standing, I felt so embarrassed and was completely thrown off my game."

Two weeks ago after her

debut LBR forward Janet Lloyd vowed to work on some areas of her game that needed improvement and her promise was carried out to a tee. She found the open ice, set up a number of chances and even delivered a solid body check. Lloyd describes what she did between games "Some consider my style to be similar to that of Montreal Canadiens' forward Stephane Richer so I watched what he did during some of his games and then adapted so that it fit my game and it worked. He was in a fight last week, so to adapt that part of his game to the co-ed league I played with a little more intensity, landed a solid body check and managed to receive a silly penalty late in the 1st period."

The Red Eyes played the game despite missing two consistent forwards from their

line up, Trudy Estabrooks and Ron Taylor. Estabrooks came out of her last game with a cold and felt it was best to sit out the game. Taylor on the other hand missed the game for another reason. Taylor plays with a reckless abandon style, one similar to that of a Kamikaze pilot. The problem is he wears nothing but a helmet and skates with no other protective equipment, so naturally scratches and bruises are present after every game. He felt it best if he gave them time to heal. Way to go Ron!

This Sunday the Red Eyes play a team made up of McLeod residents at 8:15 p.m. and are looking for some fan support. Remember what the Red Eyes say, "If you aren't an athlete, you can at least be an athletic supporter".
