MEMORANDUM FOR THE PRIME MINISTER

I am attaching copy of a note prepared by the
w/a Dominions Office and circulated to other United Kingdom
Government Departments following up some informal talks
I had with United Kingdom officials about the difficulties
created for the Canadian Government by uncoordinated
requests for manpower from Canada. I am sending copies
of this note, for their information, to the Minister of
National Defence, the Chief of the General Staff, and
the Chairman of the Committee which is charged with
completing a survey of the Canadian manpower situation.

W.L.M.
