

It will be noted that this map, drawn to scale and engraved specially for this issue of the Phoenix Pioneer, has the following useful features:

1. Every city and town in the Boundary.
2. The several Boundary camps.
3. Boundary's three smelters.
4. C. P. R. lines and branches in the Boundary.
5. Great Northern railway survey from Grand Forks to Phoenix.
6. Cascade electric power line.
7. Grand Forks and Greenwood Mining Divisions boundary line.
8. Grand Forks and Greenwood Electoral Divisions boundary line.
9. The Dewdney trail (original route into the Boundary).

60 miles (about) of Canadian Pacific Railway track in the Boundary are earning for the treasury of that company from \$1,500 to \$2,000 per day.
