

WATER WORKS DEPARTMENT

In printing for the use of citizens these By-laws of the Stratford Water Commissioners we desire to call the attention of all consumers to the necessity for avoiding water waste, and to request them to co-operate with us by a ready and willing compliance with these rules and regulations.

Attention is called to the clauses relating to lawn sprinkling, applications for services and meters, the turning off water in case of removals, or vacancies, and the discount given for prompt payment.

W. H. TRETHEWEY,
Secretary-Treasurer.

PETER McNAB,
Superintendent.
