THE vogue for onyx jewellery continues and here are many beautiful designs reflecting the trend of fashion. Every piece on this page contains a genuine black onyx; some combined with diamonds, others with Pearls, Cameos or Beads.

Pendant No. C215502 is one of our newest and most popular designs. The Necklace No. C215529 is another big favourite owing to the pronounced popularity of Bead Necklets in black and white effects.

Onyx jewellery is suitable alike for young and old and therefore particularly appropriate for gifts.
