    Is all that many of us need to make us buy certain stamp-. Below is some information about the new U.S. Revenues-the
    fe Orange, and
    de slate....... Documentary.
    "The stamp was first printed in Orange, but as the color was found to be too light, it was changed to slate, the color in which it is now pranted.

    From the atove it will be seen that the orange stamp will be rare, as only a few were printed. So the hest thing you can do is to get one before the prices go up.

    I will sell one of each-le orange and be slate-For $9 \mathbf{9 c}$. Post free. I am also sending out good United States and foreign at 50
