

You Profit by the use of Concrete

You need this Free Book to tell you how to use it

EVERY Farmer looks forward to a day when he may rebuild his chicken house and other buildings entirely of Concrete. But no one should put off the use of Concrete—even if the erection of an entire building is too big an undertaking. You may and you should—at once provide Concrete floors and foundations.

Whether for the accommodation of poultry, incubators or feed, a building cannot give maximum service unless its floors are of Concrete.

It is no difficult matter to build Concrete floors or foundations. Write for our free book: "What the Farmer can do with Concrete." It describes fully and in plainest possible terms the best methods of making these and other simple Concrete improvements.

Disease among your poultry is usually due to unsanitary conditions. Concrete is the remedy—it provides no cracks or crevices for the harboring of disease germs or lice, and it effectually keeps out rats and mice. Besides, it is fire-proof, rot-proof, weather-proof and permanent.

Ask for Canada Portland Cement, the uniformly reliable brand. It can be secured from more than 2,000 dealers throughout Canada. If your dealer cannot supply you, write our nearest Sales Office

"None but the Best

is good enough"—in Life Insurance of all things.

What constitutes the best in Life Insurance?

Low Premiums—High profit returns—A policy simple
and clearly worded—no room for misunderstanding.

All hinging upon progressive methods that ensure a
high interest rate on invested funds,—with unquestioned
safety.

These give "the best" in Life Insurance, and these
are the features that have given the Policies of The Great-
West Life Assurance Company their wide reputation.

Kirstin Smoke House
30 Days FREE!

Don't Pay Big Butcher Bills!

Prove, at my risk that you can butcher a few hogs
for your own table—smoke the hams, bacon, sau-
sage—and cut butcher bills in half. Also sell to
neighbors at tremendous profit. If satisfied, keep
Smoke House. If not pleased, return at my ex-
pense. You don't risk a penny! Six months to pay

Kirstin Farm Smoke House

All Steel, fireproof. Costs less than wood, lasts longer.
Smoke positively air cooled—can't frizzle out flavor juices.
Produces sweeter, milder meat. Portable. Use in base-
ment, kitchen, on porch. Burns sawdust, hard wood or coals.
After smoking use for sanitary meat storage. Fly and rat
proof. Write for FREE Book, Special Agent's offer,
etc. Address

Wonderful Success
Exorbitant meat prices
at butcher shops are turn-
ing thousands to curing
and smoking their own
meat the Kirstin way. You
can do it, too. Write for

BURN YOUR RAILS

Buy
Sarnia Woven Wire Fence

Stop that waste. Rails are worth more for
firewood than woven wire fencing costs.
Then, too, the ground you gain when you
can plow to the straight fence line will
yield grain or other crops enough to soon
pay for the fence. Looks better—Is better,
it means clean farming, more crops and
larger profits. Be a 100% Canadian farmer.

SARNIA

Fencing is the kind that is made right
Sarnia's trim and tight, adjusts itself to all
weather conditions, requires fewest posts.
Made and shipped from our factory in Can-
ada for Canadian farmers. Only two pro-
fits—a big one for you and a small one for
us. Gives genuine fence satisfaction.
Shipped fresh from our loom. You get a
new fence when you buy the Sarnia,
not one that is second handed because of
several times handling or having stood
around in dealer's store or out in the open
weather. Thousands of satisfied farmer
customers. No middle profits. Our "Fence
Facts" circular and price list is free to you.
