

EWING'S Reliable Seeds

Every seed you sow tries to reproduce its ancestors, in size, shape and flavor. But examine the seed as closely as you will, you cannot tell whether these parent plants were good or bad. You have to trust your seedsman for it.

You'll never go astray if you trust Ewing's Seeds. They

Stand On Ewing's Record

For over forty years we have been selling Field, Flower and Garden Seeds here in Canada, so people have had plenty of chance to prove Ewing's "Reliable" Seeds.

The result is that last year we sold far more than ever before. Could you ask for a better proof of quality?

Don't take chances! Get the seeds you know will turn out right—Ewing's Reliable. Send now for our Illustrated Catalogue, and if your dealer hasn't Ewing's order direct from us.

The Deering Binder Picks up Down and Tangled Grain

On the Deering Binder the guards are so placed that the machine can be tilted to cut close to the ground without pushing trash and stones ahead of the knife. This means that the Deering Binder picks up down grain.

The Deering Reel can easily be adjusted high, low, forward, or backward, to save grain in all conditions, short, tall, standing, down, or tangled. It can be shifted quickly to push short grain and green undergrowth from the guards to the platform canvas.

The Deering Binder is equipped with a third packer. It reaches up close to the elevator and pulls down the grain to the other two packers, preventing choking at the top of the elevator. The new Deering breast plate is designed to permit the needle to enter without pulling straws through the breast plate on to the bill hook. This also eliminates choking at this point.

The third discharge arm is a very effective aid in throwing out

the bound sheaves and assists in separating the tangled grain of the bound sheaves from the unbound grain on the binder deck. The binder shifter lever is directly in front of the driver, and convenient to operate.

There are many other features of Deering Binders which you ought to know about. The Deering agent in your town will tell you all the facts. If you prefer, write direct to the nearest branch house below for catalogue. Deering mowers, rakes, and other harvesting and haying machines and tools are as efficient as the binders. Ask to see them.

I H C Service Bureau

The purpose of this Bureau is to furnish farmers with information on better farming. If you have any worthy questions concerning soils, crops, pests, fertilizer, etc., write to the I H C Service Bureau, and learn what our experts and others have found out concerning those subjects.

Standard Wire Fence

Here's the Fence That is all Steel—

Steel wires, steel locks, steel posts. Standard Woven Wire Fence is all No. 9 hard steel wire, well galvanized. "The Tie That Binds" is hard, smooth steel that holds uprights and running wires absolutely secure without injury. Standard Patent Posts are 12 gauge steel, bent at right angles, and so constructed that wires are held without staples.

Let us tell you a lot of other things about the Standard Wire Fence and our Metal Gates of Galvanized Tubing. Our books are full of fence facts. Write for free copies and sample lock.

LET THE WIND WORK FOR YOU

Cut all your straw, grind all your feed, and pump all your water at absolutely no expense by using the

CANADIAN AIRMOTOR

We mean it. We guarantee every wind engine we install to give the maximum power for the size of wheel installed. A Canadian Airmotor will run feed grinders, straw cutters or pumps as desired. All you have to do is to throw a lever which puts the wheel in gear. The wind does the rest. You should know what this means to you. Write for new catalogue.

EUREKA Glass Tank Sprayer

Solution tank is a quart Crown glass jar. If broken, it can be easily replaced for a few cents. Solution tubes are brass. None of the liquid used can be drawn back into the pump chamber, thus the chamber and valves are uninjured. This is the easiest operated and the most effective small sprayer on the market. Inquire of your hardware dealer.

Write for our complete catalogue of Sprayers and Garden Tools.

BOYS FOR FARM HELP

The managers of Dr. Barnardo's Homes invite applications from farmers, or others, for the boys who are arriving periodically from England to be placed in this country. The young immigrants are mostly between 11 and 13 years of age; all will have passed through a period of training in Dr. Barnardo's English Institutions, and will have been carefully selected with a view to their moral and physical suitability for Canadian life. Full particulars as to the terms and conditions upon which the boys are placed may be obtained upon application to Mr. Alfred B. Owen, Agent Dr. Barnardo's Homes, 60-62 Peter St., Toronto.
