This Feed Costs Nothing

if you count the results it gives. Livingston's Oil Cake is just what cows need.

It tastes good—is easily digested—keeps stock in prime condition all the year round—actually increases the percentage of Butter-fat by 16%, over Pasture Grass. The richer the cream, the more money you make. Livingston's is the feed that pays for itself.

annals of the breed, with dams whose records are up to 30 lbs. In young bulls for sale there are six, five of them sons of Sir Admiral Ormsby, and all out of official - record dams averaging 27 lbs. One is an in-bred son of the second Canadian champion, Francy Bonerges Ormsby. The Millgrove Yorkshires are still up to their usual championship forms, and will be out for honors this fall stronger than ever. The Messrs. Platt are also offering for sale the stylish quality Clydesdale stallion, Brogie Stamp [8865], a bay, rising four, by Cairnbrogie (imp.), dam Grace Anderson (imp.), by the renowned Up-to-Time, by Baron's Pride, grandam by the H. & A. S. first-prize horse, Darnley's Last. He is a horse of outstanding merit, and a sensational mover, and will be sold very easy, as the owners have no use for a stallion.

THE GREAT BIRRELL SALE OF SHORTHORNS.

Among the nine young bulls to be sold at the sale of D. Birrell & Son, at Greenwood, Ont., on Tuesday, June 20th, is the Toronto winner, Royal Baron = 76746 =, a red two-year-old, by the stock bull, Imp. Spicy Count, dam Duchess of Gloster A 2nd, by Imp. Blue Ribbon. This is one of the good young bulls of the country, fit to head any herd, and bred in the purple. Another is Roan Chief, a Cruickshank Butterfly, a roan yearling, by the stock bull. This is an extra choice young bull. Another, bred the same, is the roan yearling, Roan Boy. Lord Roberts is another roan yearling, by the stock bull, and has for dam Crimson Fuchsia 23rd. Those mentioned are representative of the entire lot, all being sired by the stock bull, and of the three leading tribes mentioned last week. Of the females, the older ones are daughters of Imp. Blue Ribbon, Imp. Royal Prince, Imp. Clan Campbell, and Imp. Scottish Hero, all the others being daughters of the present stock bull, and of these, all old enough will either have calves at foot, or be in calf to that renowned sire of champions and high-priced things, Uppermill Omega (imp.), the property of Miller Bros. Among the extra choice heifers is Blythsomely Girl 13th, a red yearling Cruickshank Butterfly, by the stock bull. This is a show heifer of a high order. Another to be sold is a half-sister, Blythsomely Girl 9th, a white four-year-old, got by Imp. Royal Prince. This is a big, thick young cow, particularly well-fleshed. The dam of both of these, Blythsomely Girl 4th, a dark roan eight-year-old, by Imp. Blue Ribbon, will also be sold. Another of the same tribe is a two-year-old daughter of the stock bull, Blythsomely Girl 5th. She is in calf to Uppermill Omega. Another show heifer is a yearling Duchess of Gloster, got by Imp. Spicy Count, and has for dam Duchess of Gloster A. 2nd, thus making her a half-sister to the two-year-old Toronto winning bull mentioned above. Still another put up on show lines is a yearling daughter of Blythsomely Girl 2nd, a Cruickshank Butterfly. Crimson Fuchsia 33rd is a Crimson Flower, three years old, got by Imp. Spicy Count, and her dam by Imp. Blue Ribbon. She is in calf to Uppermill Omega. The high-class character of the entire offering at this sale must be seen to be appreciated, and their right royal breeding makes this sale an opportunity of a lifetime to lay the foundation of a herd that will surely increase in individual value as the years go by. It does not require a more than ordinarily bright mind to see through the causes that led to the slight decline in prices for beef cattle this spring when the winter-fed supply was in the market. There is an enormous shortage of cattle for beef purposes all over America, and it is inevitable that prices must go up, therefore the farmers that improve the quality of their beef cattle will be sure winners, and there is only one way to do that, by introducing and increasing pure-bred blood in the herds, and the better the blood the better the result. This sale will give the opportunity to get into the best blood of the breed. Write to Robt. A. Birrell, Greenwood P.O., Ont., for a catalogue.
