

THE SEVENTH NATIONAL DAIRY SHOW

CHICAGO, ILLINOIS

OCTOBER 24 to NOVEMBER 2, 1912.

IN ITS OWN HOME. NEWLY EQUIPPED.
THE ONLY BUILDING IN AMERICA CAPABLE OF PRESENTING A DAIRY SHOW THAT IN ANY WAY REPRESENTS THE IMPORTANCE AND MAGNITUDE OF THE INDUSTRY

This Show is founded to advance the Interest of the Dairy Cow, as upon her alone rests the Dairy Industry.

We have prepared a TEN DAYS' SHORT COURSE IN DAIRY HUSBANDRY with facilities unequalled in the World.

HERE IS THE BILL OF FARE

The Best Results of the Best Thought on Problems of Breeding, Feeding and Fitting Dairy Cattle down to the hour.

The Best Results from the Best Authorities employed by the Federal Government in Research Work to advance the Dairy Industry in America.

The Best Results from the Best Talents employed to work out problems of the Preparation for and Marketing of Dairy Products.

Instructive Laboratory Work in charge of the Highest Municipal Authorities.

Competitive Exhibits of Milk, Butter and Cheese from the Dairies, Homes and Factories of the Best Producers in America.

Judging of Cattle by the Highest Expert Authorities of two Continents.

Men of World Wide Repute to Discuss Problems of Dairying with you.

Personally Conducted Tours in charge of Educators to explain all matters to the Visitor.

Dairymen, Farmers and all interested in the Success of the Dairy Industry. Can you get such a feast anywhere else?

Show your Hope and Interest in the Future by encouraging those who have spread this Royal Table for you by your presence. You can Make Money by it.

Milk will be pasteurized by the Carload each day; Butter will be made by the Ton each day; Ice Cream will be manufactured Wholesale each day.

To show the City Visitors what a Great Industry you are engaged in.

The Railroads are willing to co-operate if you will tell them how. Commence right now to tell them what you want in Service and Rates.

Write National Dairy Show Association, Live Stock Record Bld., 17 Exchange Av., Chicago, for information on exhibit space, or how to get to the Show.

"Go North Young Man!"

WHY?

Because there are millions of acres of agricultural land in Northern Ontario in some cases free, and in others at 50 cents per acre, excelling in richness any other part of Canada, blessing and waiting to bless the strong, willing settler, especially the man of some capital. For information as to terms, home-stead regulations, special railway rates, etc., write to

DE LAVAL CREAM SEPARATORS

Are In a Class By Themselves

They cost but a little more than the cheapest, while they save twice as much and last five times as long as other separators.

They save their cost every six months over gravity setting systems and every year over other separators, while they may be bought for cash or on such liberal terms that they will actually pay for themselves.

Every assertion thus briefly made is subject to demonstrative proof to your own satisfaction by the nearest DE LAVAL local agent, or by your writing to the Company direct.

Why then, in the name of simple common sense, should anyone who has use for a Cream Separator go without one, buy other than a DE LAVAL or continue the use of an inferior separator?

Fairbanks Scales for Accurate Weighing

WHEN you weigh on a Fairbanks Scale you have that sense of security which comes from knowing that the weight is absolutely correct.

Perfect material and simple construction make them last a lifetime. We can cite many instances where Fairbanks Scales installed sixty years ago are still weighing with accuracy.

Our Catalog No. ZX 2524 fully describing these scales is yours for the asking.

Buy this DAIN PRESS for Heaviest Work

BUILT with particular attention to the needs of the man doing custom baling, it will stand the knocks of transportation and hard wear. Best of material gives strength, and durability.

The Dain Belt Power Press has large capacity and combines many time and labor-saving devices, which makes it the most profitable hay press to operate. It makes neat, smooth square-ended bales.

One of the greatest advances in hay press construction is the Dain automatic condenser hopper.

The feature of condenser hopper and self-feed working together increases capacity and decreases cost of operation by requiring less labor than other machines.

Pitman is I-beam steel, rigid and substantial. Plunger is all iron and steel, therefore not affected by damp weather or wet hay.

Gears are large and have strong heavy teeth. Pitman is operated by twin drive gears insuring

true, perfect application of power. Long shaft bearings of the finest quality of babbitt metal hold shafts in perfect line and insure proper meshing of gears, which lessens friction and saves power.

Fly wheel runs smoothly. Is large and heavy so it carries plunger over heavy part of stroke. Friction clutch gives perfect control.

The Dain automatic tucker folds every charge of hay, making smooth, neat and square-ended bales.

Blocks are inserted automatically by self-feeder, and are conveniently located for operator.

Baling case is carefully constructed as it must stand terrific strain in forming bales. Heavy steel angles and plates are used reinforced with trusses, and all liberally riveted and bolted.

THE BUTTER-BUYER said—

"Your two lots of butter taste all right—but will they keep? What kind of salt did you use?"

THE FIRST FARMER said—

"I don't know—the storekeeper gave me what he had".

THE SECOND FARMER said—

"I used Windsor Dairy Salt".

THE BUTTER-BUYER said—

"I want your butter. I know all about Windsor Dairy Salt—and the man who is particular enough to always use Windsor Dairy Salt is pretty sure to be particular to make good butter.

I'll take all you make—as long as you use

APPLE TREES

We are specialists in the production of hardy varieties for the north and cold climates. Our apple trees are budded on whole roots and grown on our nurseries (170 acres) at Pointe Claire, Que., under the rigorous climatic conditions of this section, and they are, therefore, superior as a stock for northern planters, both in the garden and the orchard.

Hardy Trees are what you want—they are what you must have if you want to make a success of your planting. At present we have a full line of all the best standard varieties on hand and intending purchasers are urged to place their orders now while we have a full selection on hand.
