## Exemption Tribunals.

Exemption Boards have been chosen in such a way as to make them absolutely independent and removed from all influence. There are over 1,250 boards throughout the country, each composed of two men, one appointed by the county judge in the district concerned and one selected by a joint committee of Parliament. Being familiar with local conditions where they sit, the members are well-fitted to appreciate such reasons for exemption as are put before them by men called up.

Exemption will be granted to those who can establish that it is in the national interest that they remain in civilian life. This is for the Exemption Board to decide after having received full information in each case.

The grounds on which exemption may be claimed (which are similar to the grounds recognized in Great Britain and the United States) are as follows:—

- (a) That it is expedient in the national interest that the man should, instead of being employed in Military Service, be engaged in other work in which he is habitually engaged.
- (b) That it is expedient in the national interest that the man should, instead of being employed in Military Service, be engaged in other work in which he wishes to be engaged and for which he has special qualifications.
- (c) That it is expedient in the national interest that, instead of being employed in Military Service, he should continue to be educated or trained for any work for which he is then being educated and trained.
- (d) That serious hardship would ensue if the man were placed on active service, owing to his exceptional financial or business obligations or domestic position.
- (e) Ill health or infirmity.
- (f) That he conscientiously objects to the undertaking of combatant service and is prohibited from doing so by tenets and articles of faith, in effect on the sixth day of July, 1917, of any organized religious denomination existing and well recognized in Canada at such date, and to which he in good faith belongs.
- (g) That he should be exempt because disfranchised under the War Time Election Act.

No Claim for Exemption should be put forward unless one or other of these grounds in fact exists, and no loyal citizen should assist in, or allow himself to be made a party to, any Claim for Exemption unless thoroughly satisfied that it is made in good faith.

Exemption may be applied for by the men selected themselves or by their parents, near relatives or employers. Application for exemption must be made on printed forms to be found at every post office, which are to be filled in and left with the postmaster if exemption is desired. The postmaster will forward the form to a Registrar, who will send it to the appropriate Exemption Board. In due time, then, the Applicant will get notice as to when he must present his case before the Board.

### Legislative Grants.

The Legislative Grant has been assigned to rural schools but the money has not yet been received from the provincial Treasury. The Superannuation fee for the full year beginning April 1st was deducted from the grant, but as in some cases new teachers were appointed with a different salary, a re-adjustment will be necessary later. The grants are based on certificates and salary: 20 per cent is paid on the excess of salary above \$400 up to \$600; a school with a Second Class teacher having a Permanent Certificate and experience less than five years receives a grant of \$15; with experience of five years or over the grant is \$25. Under similar conditions the grant for a teacher with a First Class Certificate is \$25 and \$40 respectively. There is no grant on an Interim Certificate.

### Hun Follows Events Here.

A newspaper found on a German prisoner who was taken by the Canadians on the Western front shows how close a watch the Huns keep on Canadian affairs. The paper contained a news despatch, purporting to come from Ottawa which told of the passing of the Military Service Act just two days after the Act was passed by Parliament here.

This little discovery is regarded here as a proof of the impotence Germany places upon the military benefit to the Allies which will flow from the adoption by Canada of the Military Service Act. Experience has proved that Germany is a close observer of enemy countries and that every sign of strengthening or weakening is noted with the keenest interest by the Huns.

## WINNER OR WASTER - Which are You?

On a recent occasion the Honorable the Minister of Finance for Canada, in addressing a representative Canadian audience, dealt with the urgency of everybody doing, even in the smallest way, their share towards aiding the Empire.

It is well to remember that every dollar thrown away extravagantly does one hundred per cent. more good to the enemy than one dollar saved by ourselves.

The wealth of the world finally filters through individual dollars, and if the curse of extravagance strikes deeply enough, our ruin is bound to follow.

Save a dollar TO-DAY and do a hundred per cent. more for the Empire than your extravagant neighbor does for the enemy.

### Women Need Passports

All women and girls crossing the river at Niagara must now have passports with their photos on them for presentation to the American officials at the other end of the bridges. In the last day or two the American offices and factories which employ Canadian girls have been sending them out in sections to get their photos taken and passports signed. Nobody seems to know the why and the wherefore of this move of Uncle Sam. It will have the effect of keeping many a shopper on this side of the boundary line.

A fisherman caught a sturgeon at Port Rowan the other day which had 21 pounds of caviar in it. He sold the caviar for \$3 per pound and the fish for 30 cents a pound. The whole fish netted him \$76 50, the price of a good working horse or a cow. It is rare to find caviar in fish at this season of the year.
