

Rippling Rhymes

THE INFLUENZA.
Influenza, labeled Spanish, came and beat me to my knees; seven doctors couldn't banish from my form that punk disease; for it's not among the quitters; vainly doctors pour their bitters into ailing human eifers; they just sneeze and sneeze and sneeze. Said my doctor, "I have tackled every sort of ill there is; I have cured up people shackled by the gout and rheumatism; with the itch and mumps I've battled, and my triumphs have been rattled, but this 'flu' stuff has me rattled, so I panned to say G. Whiz." I am burning, I am freezing, in my little truckle bed; I am a-sneezing, I am sneezing; with a poutlike on my head; and the doctors and the nurses say the patient growing worse is, and they hinc around of hearsees, and of folks who should be dead. Doom has often held the cleaver pretty near my swanlike neck; I have had the chills and fever till my system was a wreck; I have had

the yaller janders, foot and mouth disease and glanders, and a plague they brought from Flanders on an old windjammer's deck. But this measly infuency has all other ills outclassed; it has put me in a frenzy. Like a soldier who's been gassed; if the villainous inventor this my lodge of pain should enter I would use the voice of Stentor till he had been roundly stifled. May the influenza vanish! Of all ailments it's the worst; but I don't believe it's Spanish—haven't thought so from the first; on my couch of anguish squirming, I've had leisure to determine that the blamed disease is German, which is why it is accurst.

SENDS HIS CONGRATULATIONS.
By Courier Leased Wire
Paris, Nov. 13.—King Alfonso of Spain has telegraphed President Poincare his congratulations on the signing of the armistice. The King's message reads: "At the moment of signing of the armistice, I must, my dear President, congratulate you with all my heart at having reached the end of this glorious epic of the French army and nation, which have shown us all what bravery and patriotism mean."

THE MOHAWK PARK ENTRANCE.
Following the advocacy made by The Courier in regard to the promotion of Mohawk Park, the Parks Board has taken action and a large staff of men is at present engaged in the work of constructing a roadway into the park. Some time ago a right of way of one hundred and fifty feet was obtained alongside the street railway. The work was held up pending the moving of the street railway to the centre of the road so that a road could be constructed on either side. After waiting in vain for some time work has been commenced on the road, it being built on the east side of the street railway right of way. The road follows the west side of the park to the rear of the old grandstand and then swings east entering the park proper near the other road. Permission has not yet been secured from the Dominion Railway Board to cross the tracks of the Brantford and Hamilton Railway. The road will be a dirt road and at present a large staff of men are employed there. The work will be completed next spring.

LOT OF RHEUMATISM NOW, RUB AWAY PAIN

Here's instant relief! Lumber up sore, stiff muscles and joints with "St. Jacobs Liniment."
Count fifty. Pain gone. Rheumatism is "pain only." No one case in fifty reasons, internal treatment. Stop drugging! Rub the misery right away! Apply soothing, penetrating "St. Jacobs Liniment" directly upon the "tender spot," and relief comes instantly. "St. Jacobs Liniment" is a harmless rheumatism liniment which never disappoints and can not burn or discolor the skin. Lumber up! Stop complaining! Get a small trial bottle of "St. Jacobs Liniment" at any drug store, and in just a moment you'll be free from pain, soreness, stiffness and swelling. "Don't suffer! Relief awaits you." "St. Jacobs Liniment" has relieved millions of rheumatism sufferers in the last half century, and is just as good for sciatica, neuralgia, lumbago, backache, sprains and swellings.

Col. Bishop's Record "Rare in Any Warfare," Declares an Admirer

FOR bringing the Air Service to the attention of Canadians credit is now given to Lieut. Col. W. A. Bishop, V.C., D.S.O. (with bar), M.C., D.F.C., the Empire's leading fighter of the air, and now General Staff Officer and member of the Aerial Board of Great Britain, as well as the most decorated man in the Dominion.
William Avery Bishop came upon the scene in 1917, with a record which soon placed him in the class of Alfred Ball, of British fame, and Guyonnes, of French celebrity. Within a few months he won almost every army honor available and rose from lieutenant to major in rank.
The following is the official statement of these honors:
Military Cross, May 26, 1917.—For conspicuous gallantry and devotion to duty. He attacked a hostile balloon on the ground, dispersed the crew and destroyed the balloon, and also drove down a hostile machine which attacked him. He has on several other occasions brought down hostile machines.
Distinguished Service Order, June 15, 1917.—For conspicuous gallantry and devotion to duty. While in a single-seater he attacked three hostile machines, two of which he brought down, although in the meantime he was himself attacked by other hostile machines. His courage and determination have set a fine example to others.
Victoria Cross, August 10, 1917.—For most conspicuous bravery, determination and skill. Capt. Bishop, who had been sent out to work independently, flew first of all to an enemy

Tired Nervous Mothers
Should Profit by the Experience of These Two Women
Buffalo, N. Y.—"I am the mother of four children, and for nearly three years I suffered from a female trouble with pains in my back and side, and a general weakness. I had professional attendance most of that time but did not seem to get well. As a last resort I decided to try Lydia E. Pinkham's Vegetable Compound which I had seen advertised in the newspapers, and in two weeks noticed a marked improvement. I continued its use and am now free from pain and able to do all my household work."—Mrs. B. B. ZIELINSKA, 303 Weiss Street, Buffalo, N. Y.
Portland, Ind.—"I had a displacement and suffered so badly from it at times I could not be on my feet at all. I was all run down and so weak I could not do my housework, was nervous and could not lie down at night. I took treatments from a physician but they did not help me. My Aunt recommended Lydia E. Pinkham's Vegetable Compound. I tried it and now I am strong and well again and do my own work and I give Lydia E. Pinkham's Compound the credit."—Mrs. J. G. BARNES, 935 West Race Street, Portland, Ind.

EXPERIENCE OF A U.S. GENERAL
By Courier Leased Wire
With the American Army in France, Tuesday, Nov. 12.—(By the Associated Press).—To be taken prisoner by American troops was the experience last Friday of Brigadier-General Douglas MacArthur, a brigade commander of the United States 42nd division. The first and 42nd divisions were advancing rapidly that day towards Sedan and in the region of Autrecourt, the lines of the two divisions became crossed. General MacArthur, who was at the head of the advance of his men, was taken prisoner by soldiers of the first division, who could not believe that any Americans were ahead of them. The situation was explained quickly and General MacArthur released.

GUARD THE CHILDREN FROM AUTUMN COLDS
The Fall weather is the most severe season of the year for colds—one day is warm, the next is wet and cold and unless the mother is on her guard the little ones are seized with colds that may hang on all winter. Baby's Own Tablets are mothers' best friend in preventing or banishing colds. They act as a gentle laxative, keeping the bowels and stomach free and sweet. An occasional dose will prevent cold or if it does come on steadily the prompt use of the Tablets will quickly cure it. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.
Major-General W. C. Gorgas, former surgeon-general of the U. S. Army overseas, has been made a grand officer of the Order of the Crown of Italy.

COOL BISHOP, V.C.
aldrome; finding no machine about, he flew on to another airdrome about three miles southeast, which was at least twelve miles the other side of the line. Seven machines, some with their engines running, were on the ground. He attacked these from about 50 feet, and a mechanic, who was starting one of the engines, was seen to fall. One of the machines got off the ground, but at a height of 50 feet Capt. Bishop fired 15 rounds into it at very close range, and it crashed to the ground. A second machine got off the ground, into which he fired 30 rounds at 150 yards range, and it fell into a tree. Two more machines then rose from the airdrome. One of these he engaged at the height of 1,000 feet, emptying the rest of his drum of ammunition. This machine crashed 400 yards from the airdrome, after which Capt. Bishop emptied a whole drum into the fourth hostile machine, and then flew back to his station. Four hostile scouts were about 4,000 feet above him for about a mile of his return journey, but they would not attack. His machine was very badly shot about by machine-gun fire from the ground.
Bar to D.S.O., Sept. 26, 1917.—For conspicuous gallantry and devotion to duty when engaging hostile air craft. His consistent dash and great fearlessness have set a magnificent example to the pilots of his squadron. He has destroyed no fewer than 45 hostile machines within the past five months, frequently attacking enemy formations single-handed, and on all occasions displaying a fighting spirit and determination to get to close quarters with his opponents, which have earned the admiration of all in contact with him.
Such a record is rare in any warfare and it won instant appreciation in Canada when the facts became known. In October, 1917, the announced results of five months' fighting by Major Bishop, in addition to 47 destroyed machines, was 110 single combats with the enemy 23 planes sent down without absolute certainty as to destruction, thrilling escapes without number including one fall of 4,000 feet with his machine in flames.
The Associated Press.
The Associated Press is an organization formed before the American civil war, and reorganized in 1900, for the purpose of gathering and distributing news for daily newspapers. This is attended with great expense and every paper that receives the news thus gathered throughout the world day by day pays its pro rata share, fairly apportioned. The facilities of the Associated Press for gathering and distributing news are very great, including agents and correspondents all over the world, and its established reputation for enterprise, veracity, impartiality and thoroughness in every respect is such as to make its news of great value to newspapers and the public. Great care is exercised to make the news truthful, impartial and reliable in every respect.

NOTICE
Increase in Subscription Rates Commencing Dec. 1, 1918
The subscription rates of the Brantford Daily Courier and the Brantford Daily Expositor, commencing December 1st, 1918, will be as follows:
Delivered in Brantford and Vicinity, 45c. per month
By the year, Paid in Advance, \$5.00 per annum
By Mail, " " 4.00 per annum
Single Copies, 2c.
After publication of this notice, payments in advance on subscriptions will only be accepted to eember 1st at the old rate, after that at the new rate.
This advance in subscription rates has been made necessary by the tremendous increase in the cost of white paper, the price of which has recently been fixed by the Paper Controller at Ottawa. By this one item alone thousands of dollars are added to our annual cost of production, and in addition, labor, presses, stereotype supplies, type and all other items of expense have enormously advanced in price during the last few years.
Even at the new rates the Brantford papers are only now charging prices which have been in force for some time back on almost all the other daily newspapers published in this section of the Dominion. In many cities the subscription rates are very much higher.
