

HEALTHIEST ONE IN THE FAMILY

No Sign Of Dropsy And Kidney Trouble
Since Taking "FRUIT-A-TIVES"

HATTIE WARREN
Port Robinson, Ont., July 8th, 1915.
"We have used 'Fruit-a-tives' in our house for over three years and have always found them a good medicine. Our little girl, Hattie, was troubled with Kidney Disease. The Doctor said she was threatened with Dropsy. Her limbs and body were all swollen and we began to think she could not live. Finally, we decided to try 'Fruit-a-tives'. She began to show improvement after we had given her a few tablets. In a short time, the swelling had all gone down and her flesh began to look more natural. Now she is the healthiest one in the family and has no signs of the old ailment. We can not say too much for 'Fruit-a-tives' and would never be without them."

WILLIAM WARREN.

Non receipt of papers regularly should be communicated to us for our investigation at Post Office.

The paper is sent to subscribers until an order is received for its discontinuance and subscription is paid in full.

Correspondence is requested, but we reserve right to reject any where writer will not assume the responsibility over his own name. No correspondence of any kind inserted without the name of sender being given (not for publication.)

Address: H. G. HARRIS, or The Advertiser, Kentville.

Mr. N. H. Phinney, ex-M. P. P. for Annapolis Co., has retired from the firm of dealers which bears his name. The head office has now been removed from Lawrencetown to Halifax. Mr. H. W. Phinney is now the managing director. This firm has a fine store in Kentville and an excellent business in this County.

Lawrencetown is considering the formation of a Board of Trade.

MEETING OF KENTVILLE BOARD OF TRADE

A session of the Board of Trade fraught with a large attendance, more interest, and more intelligent and animated discussion than usual was the one held in the Council Chamber of Court House Friday evening. The matters under discussion included hotels, sheep, dogs, and vinegar. There were present President Blair, Vice President Hardy, Secretary Porter and Messrs. Wm. Youlds, Barclay Webster, George C. Roy, George E. Graham, W. A. Ross, E. B. Newcombe, J. F. Outhit, T. P. Calkin, A. E. Calkin, G. E. Calkin, Dr. Moore, H. L. Cole, W. J. Cole, W. J. Molloway, R. A. Neary, S. S. Strong, P. N. Parker, L. Ellis, A. E. H. Chesley, Capt. McBride, W. W. Clarke, Coun. LaMont, E. J. Bishop, P. Simms, H. Lyons, Rev. R. B. Layton, J. W. McKay, H. G. Harris and others.

After reading the minutes of the previous meeting which were accepted, the president on behalf of the sheep committee read an important and carefully prepared report on the subject of sheep makings in the course of his report several recommendations. The report which should furnish much matter for consideration both by the farmers and merchants of this community is published elsewhere in this issue and should be clipped out and preserved by all those interested either directly or indirectly in the question of sheep raising.

The president's report furnished the subject for an interesting discussion which was participated in by Dr. Moore, George E. Graham, J. F. Outhit, B. Webster and A. E. Calkin. Dr. Moore thought that decisive action should be taken which would result in the elimination of the numberless useless curs found around the country side which work so much havoc among those seeking to raise sheep. He believed that a heavy tax would bring about the desired result as most of the owners of the curs would be unwilling to pay much money for the animals they now harbor. Mr. Outhit in reply to Dr. Moore said there was another solution for the dog nuisance and that was the shot gun. However he did not believe that the dogs were the real cause of the falling off of the sheep raising industry. He looked upon the dogs as the excuse not the reason. He thought it would be difficult to cite cases where dogs actually had made inroads into flocks of sheep. Dr. Moore in response signified a number of cases in this community. Mr. A. E. Calkin in a few remarks told of how profitable sheep raising had been in the past even with a few sheep. He paid a high tribute to the quality of the Nova Scotian wool.

A letter was read from a British Columbia company about to start in making moving pictures, who were anxious for particulars of this country. The secretary of the Board was instructed to forward such information as desired.

The secretary read some correspondence that he had had with the Halifax Herald requesting the payment of a bill incurred at the time of the publication of the Herald tourist number. A write up was charged for which the board did not receive and a charge was made for cuts which came out poorly indeed and were considered no advertisement for the town or if any, a bad one. A charge of two cents was also made for the large number of papers sent at that time to people in the United States. It was felt that the Herald should in fairness give a wholesale rate on these papers. The whole amount was considered excessive. The secretary wrote to the Herald asking for further information, which has not as yet arrived, so the matter now remains unsettled.

There was appointed a hotel committee consisting of Messrs. Graham, Outhit and T. P. Cal-

kin.

Returned Soldiers

Mr. Outhit addressed the Board on the matter of looking after returned soldiers. He stated that there was in Halifax a committee which before the arrival of the steamers had a list of the names and destinations of all returned soldiers. This committee met the soldiers on their arrival in the city saw that they were out on the right trains on leaving Halifax and were desirous that the returning soldiers be greeted upon their reaching the home town by some of the home town citizens. It was moved by E. B. Newcombe and seconded by H. G. Harris that a committee from the board be appointed to look after this work, uniting in so doing with the town council and Red Cross Society. Messrs. Roy, McBride and Chesley were appointed the Board's committee.

Coun. LaMont reported on the vinegar factory at Berwick. It was thought by the Board that this would be a poor proposition for local business men as the factory could not profitably be removed from its present location.

Mr. Graham thought that a special effort should be made to have as many as possible attend the next meeting of the Board, which will take place on December 4th. He suggested that the secretary request each one present to attend the next meeting bring a new member with them and also bring any dues that are in arrears. The Board concurred in his suggestion, so it is hoped that the next meeting will be one of special interest.

Several new members were added to the board including Messrs. J. W. McKay, W. J. Molloway, P. Swanson, Rev. A. W. West and Rev. P. Pollet.

Not Setting Them An Example

Don't you know that when you go into a saloon to get a drink you are setting your boys a bad example.

No, sir, I never take them in with me. I always make them stand outside and wait till I come out.

Full DINNER SERVED from Six o'clock p. m. —FOUR CENTS—

Teddy's Khaki Restaurant

Cor. Main and Aberdeen Streets Kentville

Look!

If you were told of a new discovery for the treatment of coughs, colds and bronchitis, as certain in its action on all chest troubles as anti-toxin is on diphtheria, or vaccination on small-pox, wouldn't you feel like giving it a trial?

Peps is the discovery! Peps are little tablets, containing certain medicinal ingredients, which, when placed upon the tongue, immediately turn into vapour, and are at once breathed down the air passages to the lungs. On their journey, they soothe the inflamed and irritated membranes of the bronchial tubes, the delicate walls of the air passages, and finally enter and carry relief and healing to the lungs. In a word, while no liquid or solid can get to the lungs and air passages, these Peps fumes get there direct, and at once commence their work of healing.

FREE TRIAL Cut out this article, write across it the name and date of this paper and mail it (with 1c. stamp to pay return postage) to Peps Co., Toronto. A free trial packet will then be sent you. All druggists and stores sell Peps, 50c. box.

Peps

GERMAN LOSSES THIRTY THOUSAND

New York, November 7—A news agency despatch from London today says:

German losses on the Rumanian frontier in the Jul valley

A German army division consists of about 20,000 officers and men of virtually all fighting classes.

Fighting have exceeded a division and a half, wireless despatches from Bucharest stated today.

CAPTURED ARSENAL

London, Nov. 7—Entente allies forces have occupied the arsenal and island of Leros, one of the Sporades, off the coast of Asia Minor, according to a Reuter despatch from Athens.

Representatives of the Anti-alcoholic Leagues of Montreal and Quebec, and representatives of the Dominion Alliance met in Quebec and resolved to organize a campaign having for its object total prohibition in the Province of Quebec.

The Brooklyn, N.Y., Eagle celebrated its 75th birthday on Thursday last, by issuing a paper of 180 pages and giving a banquet in the evening.

FRENCH CANADIAN SOLDIERS IN RIOT AT QUEBEC

Quebec, Nov. 7—A row among some four hundred soldiers last night, on St. John Street, developed into a riot where knives, belts, iron bars and almost every weapon except revolvers were brought into play and caused a riot call to the military pickets. At least seven soldiers sustained serious wounds.

It appears that for some time men from the 171st Overseas Battalion have had resentment against a military pickets for arrests.

A number of bars, stores and the Y.M.C.A. were rushed and the entrances badly damaged by the mob which after an hour's fight was brought to order. Arrests are expected.

THE MEN WHO BEGAN THE WAR

Nadjo Kerovic, one of the conspirators in the assassination in 1914 of Archduke Francis Ferdinand, heir-apparent to the Austrian throne, has just died in a military prison. Three of the conspirators were executed in February, 1915, and Jakob Zilic and Nedja Kerovic were sentenced to imprisonment for life, but the penalty later was commuted to twenty years Govrno Prinzip, the actual assassin, was sentenced to twenty years in prison.

SPECIAL NOTICE TO KENTVILLE FOLKS

We wish to announce we are exclusive Kentville agents for the simple mixture of buckthorn bark, glycerine, etc., known as Adler-I-ka. This remedy, used successfully for appendicitis, is the most THOROUGH bowel cleanser we ever sold. It is so powerful that ONE SPOONFUL relieves almost ANY CASE of constipation, sour or gassy stomach. Adler-I-ka never grieves, is safe to use and the INSTANT action is surprising. Toe Clark Drug store.
