BIJOU THEATRE.

As a special feature the offering is one of the Broadway stars latest releases in four parts, "The Tangle." It is a military spectacle and regular troops and military equipment with permission of the war department was used in the making of this picture. Numerous Vitagraph stars appear in this feature and it is truly a most wonderful offering, one that will cause yourself to ask, how did they ever produce such a picture. The comedy part of the program is not lacking. "The Millinery Man" is one of Lubin's best and a laugh in every scene. This program is of exceptional merit and you cannot afford to miss it.

LOCAL BOYS PUT ON GOOD SCORES

Below is the result of the April shoot of the Nanaimo Cadet Corps in the Canadian Rifle League series. It will be observed that the average has risen by 1 per cent. since last month, some of the new members winning a place on the team. When this team is strengthened by two good shots from the High School it ought to produce an average of 75 per cent. in the contest for the Imperial Challenge Shield which can be shot off any time now as the special targets have arrived from England. The Canadian Rifle League series is now over.
