REV. PERRY J. STACKHOUSE.

A short Biographical Sketch

Rev. Perry J. Stackhouse was born in St. John in 1876. His early education was obtained in the schools of his native city. He entered St. Martin's Seminary in 1892 and after graduating from there at the age of 18 assumed charge of the Mission at Dipper Harbor and Musquash. As a result of his work there fifty were baptized and the struggling mission was organized into a church. He left this charge in 1895 to enter Acadia University from which he graduated in 1899. Mr. Stackhouse during his session year was editor-in-chief of the Acadia "Atheneum". He accepted a call to the Tabernacle Church and entered upon his ministry there. His work was greatly blessed, up-

wards of seventy uniting with the church during the first eleven months of his pastorate. The hall in which they worshipped soon was outgrown and the work of building a church was begun and successfully completed. Mr. Stackhouse resigned his charge after three years of service in order to take a course in Theology at Chicago University. While pursuing his studies there he was pastor of Austin Avenue Baptist Church. A new building was found to be a necessity and a church was begun to cost in the vicinity of \$20,000. Mr. Stackhouse had the pleasure of seeing the Chapel finished and dedicated during his pastorate.

The theological course of three years was taken by him in two years and three months and the degree of Bachelor of Divinity was conferred upon him. A call to return to Tabernacle Church was received and accepted and in 1904 he again took up his work there. The Tabernacle Church during his six years ministry has grown from a struggling mission church to one of the largest in the city having an evening congregation of 4 or 5 hundred people. We feel that the Campbellton Baptist church is to be congratulated in securing the services of a man of his calibre and that the town is gaining a good citizen and one who will take a deep interest in its welfare.

New Conservative Paper for St. John.

(Special to Events).

St. John, May 9.—The new conservative weekly paper here will make its first appearance on Saturday morning. It will be edited by the members of the S. L. Borden Club and will in all probability be converted to a daily. John S. McKane of the North Shore is largely interested in the new publication.

News reached here this morning of the death in Toronto of Mrs. J. O. Borne, wife of former superintendent of Atlantic Division of C. P. R. well known throughout this province.

## Annual Meeting Of Town Council

Held on Tuesday Evening--Officers  
for the Year Appointed and a large  
Amount of other Business  
Transacted

Their regular annual meeting of the Town Council was held on Tuesday with the full board in attendance. The session was a lengthy one as a large amount of business was transacted besides the appointment of officers for the year.

The application of C. S. O. Crockett for supply of water to his motor was referred to the Water & Sewerage Com.

The petition of Jos. Damboise for a street crossing in front of the Waverly Hotel was referred to the Street Com.

A communication from G. A. Fawcett, trackmaster of the I. C. R., was read, calling attention to the danger from fire starting in the old building near I. C. R. track just west of the Curling Rink. The matter was referred to the Fire Com.

The resignation of Leslie Chapin as Chief of Police was read and accepted from the 25th April. The application of Harry Jones for a position on police force and of Officers Duncan and Savoy for increase of salary was referred to the Police Com.

Several ratepayers of Ward Three asked for the opening up of a new street from Sugar Loaf St. to R. I. Duncan's west line. Referred to Street Com.

Coun. McLennan from Fire Com. asked for authority to purchase 500 feet of Maltese Cross hose and a hose wagon. On motion request was granted.

Accounts for supplies for the Electric Light department and election accounts were passed.

Coun. McLennan from Police and License Com. submitted report recommending that W. L. Goodman be granted a barber shop license on payment of \$10.00, and the Aved Co. a general business license on payment of \$50.00. Report adopted.

The Town officers for the ensuing year were appointed as follows:

Deputy Mayor—W. W. Doherty  
County Councillor ex-officers—J. H. Taylor  
Town Clerk—J. T. Reid  
Treasurer—S. H. Lingley  
Town Auditor—Walter J. Miller

Auditor of School Accounts—R. H. Anderson and R. S. Chandler  
Assessors—Ward 1, Wm. Glover; Ward 2, M. G. Mann; Ward 3, Alex. McLennan.  
Revisors—A. McG. McDonald, Arch. F. Ferguson.

Board of Health—A. D. MacKendrick, John White, Dr. Pinault, Geo. Vermette.

Street Commissioners—Wm. Taylor  
Com'r of Poor—Angus McKenzie  
Building Inspector—D. A. Stewart.

Inspector of Plumbing—J. Art Williams  
Chief of Fire Dept.—Jas. M. McLaughlin

Engineer of Fire Engine—W. J. Appleton  
Fireman of Engine—Jas. A. Sargent

Caretaker of Horses—Wm. Taylor  
Engineer of Water and Sewerage Dept.—J. Art Williams

Manager of Electric Light Dept.—H. G. V. Farrer

Fireman Electric Light Station—Chas. B. Scott

Constables—John Connors, D. W. Doherty, August Stevens, Daniel Murray, John L. McDonald.

Pound-keepers and Cattle-keepers—Jas. Hachey, Hugh Adams, Robt. F. Barclay, D. W. Doherty, Chas. Bedard, Edmund Hoar.

Weighers of Hay and Grain—Chas. A. Alexander

Measurers of Fuel—H. G. V. Farrer, D. F. Graham, C. W. Coes, Jas. H. Corbett, Bryan Annett, R. F. Barclay, Geo. Boyle, Chas. A. Alexander, Fred W. Campbell, Oswald Ray, Donald McBeath, Arch. F. Ferguson.

Surveyors of Lumber—Bruce McBeath, Thos. Farrer, Duncan O'Connell, R. S. Chandler, Chas. Coes, Allan Miller, Fred Wetmore, Laurence Spearin, Scott Moffat, Max Mowat, W. F. Napier, John Dickie, Donald McBeath, J. H. Corbett, Chas. Purves.

On motion of Coun. McLennan seconded by Coun. Mowat, the salary of the building inspector was fixed at \$50.00 per year.

The Clerk was authorized to subscribe for copies of the Canadian Municipal Journal for each of the Councillors.

The Mayor drew attention to form of lease submitted by the Board of Health for dumping ground from James E. Kelly at rate of \$15.00 per year.

It was thought inadvisable to enter into an agreement as the location of the dumping was not in a proper place. It was claimed by some of the councillors that all kinds of material was being thrown there, contrary to the intention of the Board of Health.

Council then adjourned.

The record of disasters on railways in the United States for the month of March shows 53 serious wrecks, 92 persons killed and at least 214 wounded. In February there were 49 serious wrecks, 52 killed and 302 injured.

GRAND OPENING.

Spring Opening at Geo. G. McKenzie & Co's on Monday Night.

The annual Spring opening at Messrs Geo. G. McKenzie & Co's was held on Monday evening. Preparations have been going on for some time to make the store as attractive as possible and we may say that even in the larger cities the display which greeted the public on Monday evening was hard to beat. In the drygoods department were to be found the newest things in silks, dress goods, muslins, novelties, etc., all beautifully arranged and displayed to the best advantage. The upstairs department fairly teemed with carpets, curtains, furniture, ladies ready-to-wear garments. The grocery department was beautifully decorated and reflects much credit on the decorators. It is estimated that a thousand people called at the store on Monday evening. Each of the orchestra and the Citizen's Band furnished music for the occasion.

STRANGE PHENOMENON  
Smoke and Fire coming out of the sea

(Special to Events)

Lorient, France, May 9.—French Trawlers arrived here this morning from the fishing ground and bring with them reports of a most remarkable phenomenon, which it is believed was caused by a volcanic eruption at the bottom of the sea. One of the steam trawlers yesterday was attracted by smoke and fire apparently rising from the waves. They steamed as near the spot as could safely be done. The fire and smoke increased in violence and the sea was very high. The fishermen attribute the strange phenomenon to submarine volcanic eruption.

Birret's Irish Bill.

(Special to Events).

Dublin, May 9th.—Birret's Irish Bill is the sole topic of interest here. There is much speculation as to what the nationalist convention on May 12 and 13th will do with it. The general feeling is that the bill is a step in the direction of the Home Rule.

MOUNT ETNA  
IN ERUPTION.

(Special to Events).

Messina, May 9th.—Mount Etna is again in eruption and the flow of lava is increasing. Situation is already alarming and terrible eruption is feared.

### Finished Floors Made to Walk On

The Sherwin-Williams Modern Method Floor Finishes are made first of all to walk on—to stand hard foot wear and look well for the longest time. They are made for finishing any floor, old or new—in any style desired. You can select any one of them and by following our instructions obtain the best looking and best wearing finish it's possible to get.

Painted and varnished floors are rapidly taking the place of dusty, germ collecting carpets. They look better, are easier to keep clean, are more healthful and more economical. For these reasons finished floors are in general use in all classes of homes.

The Sherwin-Williams Modern Method Floor Finishes include:

- For Painted Finish—Inside Floors—The S-W. INSIDE FLOOR PAINT.
- Porch Floors—The S-W. PORCH FLOOR PAINT.
- For Varnished Finish—Natural—MAR-NOT, a durable floor varnish.
- Stained—FLOORGLAZ, stain and varnish combined.
- For Waxed Finish—The S-W. FLOOR WAX.
- For Unsightly Cracks in Old Floors—The S-W. CRACK AND SEAM FILLER.

Let us tell you more about them.

W. H. Marquis & Co.
