Delaware Park Survey

The development of this survey is progressing rapidly.

Three additional building permits were taken out on 13th instant, ground was broken on the same day. Plans for three additional ses are being prepared, and will be proceeded with in quick succession. Grading operations are being completed and sidewalk construction re-commence on the 20th instant and be pushed with all due speed.

A maple tree will be planted in front of each lot within the next month, and a general transformation will take place in the appearance of this aiready beautiful location.

Have you invested in a lot? If you are interested in securing an ideal spot for a home, can you improve on this opportunity? Can you find anyone who will advise you against an investment in a Delaware Lot? Then why delay in making a selection? Are you waiting for prices to advance or is there any good reason you can give?

We recommend as investment, here the positions and for the best.

YOUR OPPORTUNITY

To secure a choice lot on "Beulah Survey" at present prices expires in 15 dars, when we advance our prices \$2 per foot. Every young man should have an ambition to own "a home." First necessary step is to secure a beilding lot, and get it paid for. It will take the savings of the ordinary young man 3 to 5 years to pay for a building lot. This is one of the reasons, young man, why you should buy now. With the average growth of the city you will pay at least 30 per cent, more in five years hence. You should not forget the fact that present prices of Beulah lots, viz, \$12 to \$15 per foot, were made before any homes were built or city improvements were made. Another fact which you must consider is that all these improvements have been paid for by us. Reasonable payments and terms.

MARKETS and FINANCE

Thursday, April 16.—There was a good narket this morning, but the cold snap opped many from being there. Butch Hay and Wood. ers' row presented a row fine show of meat, with a good lot of beef for Laster. Meat continues firm, but finds ready buyers. Hogs are dull. Butter maintains its price, with a very poor supply coming in not enough to supply the demarsi. Eggs also are firm and the supply of dairy produce is unusual for this time of the year. Vegetables were very plentiful this morning, with a very finehow on some stands. Quite a number of turkeys were to be had this morning. with easier prices. Flowers made a good showing, but not so many were to be seen this morning as on Tuesday, owing to the cold wind and frost. There was one of the finest displays of fish on the market this morning seen for some time. The benches contained piles of good, fresh caught fish of all kinds, at

rices that were popular. Outs were easier on the grain market,

being down to 52 cents. Poultry and Dairy Produce.

Lew York, April 16.—Noon letter. The market ruled strong, with finetuating buying of U. P. The Bank of England reports reserves at 50 per cent, against 51.3 per cent, last week, comparing with an increase last year at this time. There is not much anxiety over the good export movement shown. This may attain considerable proportions later on. A high record in bond trading was received for the first hour to-day, as against business recorded previously, while trading was the smallest for that time. It is interesting to note that of the increases in idle freight cars just reported on, Canadian lines are responsible for something like 50 per cent. The Cleveland and Ohio car service assertions report good March gains, in tonnage. The flood in Montana reported is now said to be of smaller proportions that then stated, A good bank statement is anticipated.—Ennis & Stoppani.

Mayor Stewart, City Solicitor Waddell and Secretary Brennan, of the Board of Works, had a conference today over the damage done to the big sewer under the T. H. & B. tracks and alleged to be caused by the heavy trains passing over it. The city owes the company about \$1,500 on rebate of taxes and freight, and it was proposed to hold this back until the dispute was settled. The Mayor did not think well of this scheme, however, and the accounts will be paid. The solicitor is quite confident that the city can force the company to pay for the repairs. The matter will come before the Dominion Railway Commission, which will meet here shortly to take up the city's application for a bridge over Garth street.
