SOUTH AFRICA. The Keystone in the Arch of the British Empire.

(Special Wire to the Times.) Lindsay, Ont., Nov. 11.—Hon. Lionel Curtis, of Pretoria, a member of the Transvaal Government, and Mr. W. S. Morris, of the British Civil Service, India, are the guests of Col. Sam Hughes, M.P., for a few days. They are touring Canada. A reception was held in their honor at the home of Col. Hughes last night. On being in-terviewed, Hon. Lionel Curtis stated that the federation of South Africa was essential to the welfare of the British Empire, and he regarded South Africa as the keystone in the arch of the British Empire.

About Canada. Canada contains 1/5 of area of British Empire—3,744,695 square miles. 50 per cent of area is not yet in-cultivated in provinces.

Canada's 3 northern districts of Mackenzie, Ungava and Franklin are larger than China.

Canada has nearly a million square miles of practically unexplored area in the far north.

Canada extends over 40 degrees of latitude—equal from Rome to the North Pole.

63 million acres of Canada's area occupied, 30 million acres thereof im-proved (1901 census).

Canada's proportion of population is 1/72 to square inch; Australia 1/5; Great Britain 1/10; England and Wales 1/50; British Empire (outside of In-dia), 4.

Eighty per cent. of Canada's area lies north of Lake Superior; 20 per cent. east.

Only 3 1/2 per cent. of Canada's area is water.

Canada is bounded by three oceans, its 13,000 miles coast line equals half circumference of earth.

Canada is 3,500 miles across by 1,400 miles from north to south.

November. Talk about the lion and the lamb! The lambs had it for the opening day.

But the savage lion may be in at the finish. However, let us be merry while we may.

Let us consider park and garden delights instead of storm footgear. Let us marvel at the lovely wine red leaves on the towering oaks.

Let us admire the glowing red blossoms of the salvia and the bronze hydrangeas.

Many of the deciduous trees, though somewhat "tattered and torn," make a brave showing.

The deliciously rustling carpet of parkland is a reminder that the car-essing breezes of midsummer became October's undertakers, bearing each leaflet to mother earth.

What does this proposition mean to the Hamilton store men? It means a complete saving in the cost of fixtures for mantle renewals or for cleaning. It means less money for lighting bills and it means a much more at-tractive place of business.
