Saint John Safe Stables.

M. A. GUMMING, Veterinary Surgeon, begs to inform, that he is about to open a Safe Stable, these premises next the Catholic Chapel, part of King's Royal Regimental Barracks, to be kept for Horses, and bought or sold on commission.

There being no well-adapted place in St. John where those having Horses, and those wanting Horses, know where to find each other, M. A. C. flattens himself that a **HORSES BAZAAR**, and Safe Stable, proportionate to the number in the Island, will supply a market for the public; while from the knowledge of horses derived from his profession, he is able at times to give useful advice both to seller and buyer.
