KNOCKED BOOZE—NOT TOWN

Exception to the Advocate, re its remarks recently, on the enforcement of the Prohibition Act in Newcastle, was taken by Mr. J. A. Creaghan at the regular monthly meeting of the Board of Trade held on Monday evening 3rd inst. According to the report as contained in the "North Shore Leader" of the 7th inst. Mr. Creaghan stated that the town was receiving unfavorable notoriety from a local paper, in comments made by the Chief Prohibition Inspector in which he congratulated the town on having so few arrests.

To make the Advocate's position in this matter plain, we reproduce the comment above referred to.

"While in Newcastle on Saturday Chief Inspector Hawthorne gave a five minute interview to a temperance committee. It was impossible for the committee to go into detail concerning the situation in Newcastle in such a short space of time, but notwithstanding, he was informed by the committee that the temperance people were dissatisfied with the enforcement of the Prohibitory Act here. If the Inspector would get in touch with those who know the situation rather than with those who do not, he would be unable to make such a report as the above. The people of Newcastle are sick, sore and tired of reading reports such as this one."

The "Advocate" has no apology to make for these remarks and Mr. Creaghan is in error when he says that one of the local papers was knocking the town. For Mr. Creaghan's benefit the Advocate wishes to say that it has been boosting the town for the past fifty five years—long before he (Mr. Creaghan) was born and it is altogether likely that it will continue to do so long after he is gone. It (The Advocate) further ventures to say that Mr. Creaghan is unable to make any such claim for the few years that he has been a citizen of the town. The Town of Newcastle has yet to see his first progressive step and he can be assured, that he will find difficulty in making that initial step if he pursues tactics similar to the one now in question. In this particular instance the "Advocate" was knocking Booze not the Town, and it has never yet been guilty of championing the cause of Liquor. If Mr. Creaghan is unable to recognize the difference, that is his short-coming not the Advocate's. Ever since its inception the "Advocate" has always been a strong opponent of Liquor and it has no re-

COULD HARDLY STAND AT TIMES

Hips, Back and Legs Would Have That Tired Ache

Everett, Washington.—"For several years I have had trouble with the lowest part of my back and my hips and my legs would ache with that tired ache. I could hardly stand on my feet at times. I was always able to do my work although I did not feel good. I saw Lydia E. Pinkham's Vegetable Compound advertised and having heard several praises it I decided to try it. I feel first-rate at the present time. It has done wonders for me and I keep it in the house right along. I always recommend it to others who are sick and ailing."—Mrs. J. M. SHAW, 4032 High St., Everett, Washington.

To do any kind of work, or to play for that matter, is next to impossible if you are suffering from some form of female trouble. It may cause your back or your legs to ache, it may make you nervous and irritable. You may be able to keep up and around, but you do not feel good.

Lydia E. Pinkham's Vegetable Compound is a medicine for women. It is especially adapted to relieve the cause of the trouble and then these annoying pains, aches and "no good" feelings disappear. It has done this for many, many women; why not give it a fair trial—now.

HARKINS ACADEMY ITEMS OF INTEREST

George Stobart, Editor John Harkins, founder of Harkins Academy, Newcastle, was born in 1790. When he died in 1837 he left to the Presbyterian Church, the school fund which has enabled the school to grow into one of the greatest Academies in the Maritimes. The Presbyterian Church, afterwards turned the school and plots adjoining over to the Town Corporation for use as a public school.

The founder of the institution has long since "gone, but still is not forgotten" We believe that a John Harkins Memorial day should be observed by the pupils of the Academy, not necessarily a holiday on which the pupils should be reminded of the founder of their great school.

To School Children The following is a message to the school from Luther Burbank, the horticulturist:—

Whom do you love among your school mates? Not those who throw stones at the innocent, helpless animals, trees, and windows, not those who wish to quarrel and fight, but you do love and respect those who are kind gentle and unselfish, the peace makers.

grets to offer for its attitude. It will continue to be an opponent of Liquor in the future, notwithstanding the remarks of Mr. Creaghan at the Board of Trade meeting. It is a recognized fact by many of the citizens of the town that the present enforcement of the Prohibition Act in Newcastle is a farce and any remarks made by Mr. Creaghan will in no manner change their opinion. The Advocate has its own opinions as to what prompted Mr. Creaghan's statements, but for his edification, this paper has no hesitation in saying, that it cares but little (either one way or the other) what he may or may not say. It would be absurd for this paper to treat any remarks made by him, other than like "water on a duck's back."

However, it would suggest to him, that it would be more business-like and more profitable to the town (if he persists in attending the Board of Trade meetings) to take up matters which the Board of Trade is competent to deal with, rather than taking up the time and attention of the other members of the Board discussing irrelevant matters such as this one and the falling of snow from roofs. Such matters as these are not for Boards of Trade, but for Town Councils. If Mr. Creaghan would see a little more wisdom and a little less egotism, he might be enabled to take his first progressive step, which has

Weakling, cowardly boast, swagger and brag, the brave ones, the good ones are gentle and kind.

Cultivate kind gentle lot in thoughts towards every person and animal, and even plants, stars, oceans, rivers and hills. You will find yourself growing more happy each day and with happiness comes health and everything you could wish for.

School Patriotism School spirit or school patriotism is perhaps the most important factor in determining whether or not a school will be successful. It is the school which has the best spirit which counts; and by the school I mean the scholars, teachers and Board of Trustees.

What is school spirit? The French term "Esprit du Corps" is synonymous. In other words it is teamwork or pulling together, not apart. Think, what a wonderful school spirit would be developed in a school where the teachers and Board worked together with a common aim—that of the betterment of education—here where the pupils did their best to make the work brighter for the teacher and the teachers to make the work as interesting as possible for the pupils.

The school is but an organization and as such, needs most of all co-operation.

The true spirit of "give and take" Jealous rivalry, petty quarrels, excruciating sets, and harmful gossip are all ruinous to the spirit of the school. Every school patriot must learn to be a good loser, both in games and other activities. At the same time he should do his best to win.

A patriotic citizen boosts his country, so should every school patriot, boost his school; and he can best do this by helping those who help the school.

Can we not develop a better spirit in Harkins Academy? Let us not stick in a rut by never doing any thing more than we have to. There can be no lazy or indifferent school patriots. Let us get some "Pop" wear our colors, the Navy and White—learn some "songs and yells" Talk about school; and do not say that you attend H. A., but say "I am part of H. A."

THE WHITE AND NAVY BLUE There are fine schools in our day. Many fine schools that's true; But none so fine as old H. A. As the "White and Navy Blue"

Some of our boys can sign O. K. Others have else to do Still their thoughts turn back to old H. A. And of the "White and Navy Blue"

Some of our girls have had their day Some have got married too. But their thoughts are all with old H. A. And the "White and Navy Blue."

The teachers have done their best we can say In fair day and in blue For the old school, H. A. And the "White and Navy Blue."

Personals Margaret Crocker, Reta Blackmore Adelaide Blackmore, Gordon Petrie and Joseph Campbell are to be candidates for Matriculation this summer in Chatham.

Margaret Dolan (Grade XI) Annie Ashford (XI), Jessie Harris (XI), Margaret McCurdy (X), Yorsten Benn (XI), Fred McCormack (XI), George Champion (X) intend to write the High School Leaving Examination at Chatham.

Byrd East of Grade 9 has left school and taken employment with his father in the furniture business. His classmates wish him success in his undertaking.

Last Wednesday Miss Dunnet's Grade V. had perfect attendance. Miss May Bell Grade VI. has been sick at home for more than a week. Miss Marion Matheson Grade VI. has also been detained at home. Miss Urquhart, teaching Grade IV. and V. has resumed her duties, relieving Miss McLeod who has been suffering from tonsillitis for some time, has resumed her duties as teacher of Grade III.

De Omnibus Rebus The Easter exams began yesterday in all rooms of the school. Small Boy—Mother, what's the use of washing my hands before I go to school; I am not one of those who are always raising them. The intestines, according to the response of a Grade 7 pupil, is a tube from the mouth to the stomach, twenty feet long. Each room in the Academy is supplied with a wash-basin. Our reporters state that according to the appearance of some of the rooms, the pupils do not see them much.

Grade VIII. pupils, according to the class teacher, are studying hard to earn their Easter holidays. The great white flagstaff which was donated to the school by the Women's Institute is being used (Continued on page 5).
