PRINCE OF WALES COMES ON JULY 23

Brilliant Naval Display Is Planned for Prince's Arrival at Quebec.

London, April 20.—Arrangements have been completed for the visit which the Prince of Wales is to pay to Quebec in July to attend the tercentenary celebration and dedication of the monument of the Plains of Abraham to Wolfe and Montcalm. This will be the Prince's second trip to Canada, but this time, however, the Atlantic will be crossed on a fast cruiser, probably the Minotaur, accompanied by another fast cruiser as escort, the two leaving Portsmouth on July 16th and reaching Quebec on July 23rd.

This will be six days shorter than any previous voyage. The British Atlantic fleet will go in advance of the Minotaur to take part in the celebration and give a fitting welcome to the prince to the throne upon his arrival in Canadian waters.

His Royal Highness will be accompanied by a brilliant staff. French and American squadrons will also be at Quebec, and invitations have been sent to France and all colonies to send delegations to take part in the celebrations. Australia has accepted and will be represented by Lord Dudley, the new governor-general. The Prince on landing will be received by the Governor-General.

On July 23rd the scene of the landing of Montcalm will be reconstructed, and the old navigator shown arriving with a crew in replica of his ship. The fetes will then be formally opened by the Prince. The programme for the following days:
