THE ASSOCIATION IN ALARM. Our friends of the Canadian Manufacturers' Association have not los any time in making known their senti ments on the subject of reciprocity with the United States. For the purpose, their annual gathering at Van ouver was timely, and they are taking full advantage of the opportunity it affords. The proposal was honored in the opening address of President Hendry by being cordially denounced. The usual resolution of faith in protection was passed, and the members spects to the subject of their peculiar

SOCIAL REFORM.

Discussed by Catholic Convention

Washington, D.C., Sept. 27-Having specially discussed charity from practically every angle the first national conference of Catholic charities tonight considered the broad, general question of social reform. The problems in this connection, which face both the clergy and the laity, were outlined by experienced charity workers. The day meeting of the conference was devoted to the consideration of the dependent family, and out of this grew a general discussion of the causes of poverty and of the most practical and efficacious means of rais-
