Look Prosperous

FEEL PROSPEROUS, ACT PROSPEROUS AND YOU'LL BE PROSPEROUS.

Some day there is going to be a great essay written on the Psychology of clothes. Some day all the actors in the drama of Success are going to learn that they will have to look the part of Success before they can act it, and that they will have to feel it before they can be it.

The man whose mirror shows him a frayed collar, a stringy necktie, a careworn shirt, and a coat that hangs about him like a bath robe, is a loser before his day is ever begun.

But the man whose looking glass grins back at him and says, "You're about the finest thing I ever saw," that man is already engaged to the heiress of Good Fortune. He couldn't lose if he wanted to.

This old "Honest John" idea of clothes is about played out. In these days you have got to live up to your standard of living on flower the standard.

The best thing you can do right now, whether you are worth a mill or a million, is go out and get some new clothes. Then when you come down to your office next time, looking as if your richest uncle had died, you may create a sensation but it will be a sensation worth creating.

There have been a lot of people working for this past year to provide good clothes for you, to provide good shoes and underwear that doesn't make the laundry try to collect in advance. And you will just take the trouble to look through the advertising in this paper you will find out what they have done.

You will find that the clothing stores are offering some pretty good values in some pretty good clothes. You will discover that you really can afford after all to have a decent pair of shoes. You may see some announcements of shirts and ties and hats that will prove interesting to a civilized race.

And if you will get this business news out of the advertising columns instead of buying haphazard at some first place you happen to see, you will be able to put a pretty good imitation of a gentleman at the end of your shopping day.

And don't forget that the little ads in this paper are just as important as the big ones. There are some mighty active small stores in this city.

Now look at more local stores. Now look at more local stores. Now look at more local stores. Now look at more local stores. Now look at more local stores.

Why That Increase.

Editor Evening Telegram.

Dear Sir,—I notice a writer in the Daily News backs up the Picnic Party in appointing Capt. T. Fitzpatrick to the position of Sub-Collector here, and giving him a thousand dollars salary. The people would like to know what right Capt. Fitzpatrick has to five hundred dollars more than previous Sub-Collectors, and why the People's money is so recklessly squandered?

The writer of that article in the News says that Capt. Tom was cradled in a fishing punt, and on that account, I presume, should get the enormous increase.

But pray, Mr. Editor, how many hundreds of fishermen in this Bay have been cradled in a fishing punt, and what consideration do they receive from the Government? What has Capt. Fitzpatrick ever done as a fisherman or what has he ever done for the country that should entitle him to so much consideration? Has he ever performed any extraordinary act of bravery? How many scores of fishermen were there in this Bay who have been as good a fisherman as Capt. Fitzpatrick who are now eking out a miserable existence in their old age while a less worthy man receives a much increase on his salary as ten old age pensioners would receive? The position of Sub-Collector here is one to which little worth is attached, and to make matters worse the Picnic Party, I should hold, have lately appointed John R. Collins to do some work in connection with the Customs here. I think, sir, Coaker is needed to put a stop to this reckless waste of public money to provide soft jobs for Morris bealers. I have no grudge for Fitzpatrick, I only write you this because I believe the Government should treat everyone alike and that there should be special favours for none.

Yours truly,
AN OLD FISHERMAN.

I Am Willing To Prove I Can Cure You

To That End I Am Giving Away \$10,000 Worth of Medicine

In order to show beyond all doubt that I am in possession of a medicine that will cure kidney trouble, bladder trouble or rheumatism, I will this year give away ten thousand dollars' worth of this medicine, and anyone suffering from these diseases can get a box of it absolutely free. All that is necessary is to send me your address.

DR. FRANK LYNOTT
who is giving away \$10,000 worth of medicine.

I don't mean that you are to use a part of it or all of it and pay me if cured. I mean that I will send you a box of this medicine absolutely free of charge, a gift from me to the Uric Acid sufferer of the world, so I can show them where and how they may be cured. I will not expect payment for this free medicine, nor would I accept it now or later if you sent it. It is free in the real meaning of the word.

For twenty-five years—a quarter of a century—I have been trying to convince the public that I have something genuine, something better than others have for the cure of stubborn, chronic rheumatism, for torturing kidney backache, for annoying calls to urinate. But it is hard to convince people—they try a few things unsuccessfully and give up all hope and refuse to listen to anyone thereafter. Happily, I am in a position now to demonstrate to sufferers at my own expense that I have a medicine that cures these diseases. I don't ask them to spend any money to find out; I don't ask them to believe me, nor even to take the word of reliable people, but all I ask is that they allow me to send them the medicine at my own cost. That is surely fair.

To this end I have set aside ten thousand dollars, which will be used to compound my medicine. Much of it is ready now to be sent out, all of it fresh and standard. There will be enough for all sufferers, though there be thousands of them. And anyone who needs it can get some of it free. But in order that I shall know that you have a disease for which this medicine is intended, I ask you to send me some of your leading symptoms. If you have any of the symptoms in the list printed here you need my medicine and if you will write me I will gladly send you a box of it free with full directions for your use. Look the symptoms over, see which symptoms you have, then write me about as follows: "Dear Dr., I notice symptoms number"—here put down the numbers, give your age, full address, and send it to me. My address is Dr. Frank Lynott, 80 Franklin Building, Toronto, Can.

The ten thousand dollars I am spending for the compounding of medicine I send you a part of the money I am devoting to this cause, for the package of medicine I send you will be fully prepaid at my expense. From any standpoint you view it, YOU incur no expense or obligation. Just tell others who you know are suffering who sent you the medicine that cured you.

I am promising to give away ten thousand dollars' worth of medicine, and I will do that; I am promising to send any sufferer who writes me a box of this medicine and full directions free of charge, and I will do that.

I can say further that this medicine has been vouched for according to law as complying in every detail with all requirements. It will stop rheumatism, it will stop pain and backache, it will stop too frequent desire to urinate; it will heal, soothe and strengthen. You will be better in every way for having taken it. There is not an ingredient that can injure; not one but will benefit. All that I ask is that you use it yourself so that you may be personally convinced.

Owing to the large number of requests, I have had ten thousand more copies of my medical book printed. This book is new and up to date and contains complete descriptions, symptoms, causes, effects and cures of kidney, bladder and rheumatic diseases. All who write for the free medicine will be sent a copy of this grand illustrated medical book—the largest ever written on these diseases for free and general distribution.

If you need medicine such as I have, if you are anxious to be cured and don't want to spend any money LOOKING for cures, write me. Read the symptoms over and let me hear from you today.

These Are the Symptoms:

- 1—Pain in the back.
- 2—Too frequent desire to urinate.
- 3—Burning or obstruction of urine.
- 4—Pain or soreness in the bladder.
- 5—General debility, weak nervous system.
