MR. CUSTOMER—

Probably you've economised by doing without your usual suit and overcoat during Fall of 1914. Are you going to have that down-and-out look in Spring 1915? The Allies have millions of men on the firing line, each requiring thirteen pounds of wool every six or eight weeks. The British Government are keeping British Mills turning out army contracts.

Spring quotations for woollens are sky high. We have on hand a particularly fine range of Serges, Tweed Suits and Overcoatings. Order now as you will have to pay considerably higher in the Spring.

## Public Notice!

CENSORSHIP OF TELEGRAPHS, CABLES AND WIRELESS STATIONS.

By direction of the Chief Censor, London, the following Regulations will be in force on and after Friday next, January the 15th, namely:— 1. Cablegrams in authorized editions of A.B.C., Lieber's, Scott's and Western Union Codes only may be exchanged between British, Allied or Neutral Territory on extra European Telegraph System, on one side, and British or Allied Territory, wherever situated, on the other side.

2. The term "Extra European Telegraph System" means the places outside the Telegraph System of Europe. Beside the places in Europe proper, the following are also counted as being on the European Telegraph System, namely:—Russia in Asia; the following French possessions in North and West Africa, namely:—Algeria, Mauritania, Senegal, Upper Senegal and Niger; and French Morocco. The Island of Cyprus is regarded as outside the European Telegraph System.

3. Until further notice cablegrams in the following three Codes, namely:—Meyer's Atlantic Cotton Code, Thirty-ninth Edition; Bentley's Complete Phrase Code, not including Separate Mining and Oil Supplements; Broomhall's Imperial Combination Code, not including Special Rubber Edition, are allowed only between United Kingdom and places in Extra European Telegraph System.

N.B.—As all messages sent under the above Regulations have to be decoded and censored, the carrying out of this work will be greatly facilitated if persons sending such messages would hand-in at the Telegraph Office, at the time of presenting the message, the translation of the same.

## New French Uniform!

The new French Field Service Uniform now making its appearance at the front is of a light blue-grey color, though less light and less grey than that of the Germans, from which it is easily distinguishable, except at greater distances.

It will blend well with the winter landscape. Some red-and-white threads are woven into the blue to salve patriotic regrets over the historic blue tunic and red trousers.

This new Uniform like any other Uniform, being made of serviceable material, DRY CLEANS splendidly.
