Elsewhere hostile attacks were repulsed west of the Arras Lens road near Neuville, north of Roelincourt and northeast of Arras.

The enemy gained a footing in the advanced trenches south of Givenchy. A French airship bombarded Prebourn.

In the Caucasus a large Turkish column was crushed west of Nulak, near Khyskale, between Erzerum and Mush has been occupied.

In Persia a large Turkish force was defeated south of Lake Urumlah.

NEWSPAPERS COMMENT ON AMERICAN NOTE.

LONDON, Jan. 29. A summary of Lansing's proposals on submarine warfare, reached London too late for editorial comment, but late editions in morning newspapers all give it a prominent place. The Express has a column head line which says, "Backing up Pirates; America's preposterous suggestion," and adds briefly that the proposal amounts to a free charter for any submarine to hold up merchant vessels and ask that the merchantmen should previously have been deprived of all means of defence. The rest of the newspaper concludes, is left to German promises.

ALLIES ACCEPT FULL RESPONSIBILITY.

NEW YORK, Jan. 29. The London correspondent of the New York Herald cables this morning as follows: "I am in a position to state that henceforth in all matters, including blockade, seizure of contraband mails, submarine policy and other questions, replies to notes from the United States and other neutral countries will be in the name of the Allies, including even Belgium, and Montenegro, that France, Great Britain and Great Britain accept full and joint responsibility for all war measures and that the motto of the Allies is, that they are gentlemen, one for all, all for one."

CONCERNING THE 'APPAM'.

LONDON, Jan. 29. The mystery of the Liner Appam, taken first place in the news of the morning newspapers to-day, and they are all agreed that the prospect that she will ever come into port may be regarded as hopeless. Shipping experts believe that the steamer sank about Jan. 16th, northwest of Madeira.

From prevailing winds it is figured that the catastrophe occurred some distance north of a point where the lifeboat was found. At the London office of the Elder Dempster Line, agents of the steamer, the belief was expressed that the total loss of life would aggregate 201; 87 first class, 81 second class passengers, and 130 members of the crew. Most of the passengers were English and residents of London, while the majority of the crew were natives of Liverpool. Capt. H. C. Harrison was one of the oldest and most reliable officers in the company's employ.

## THE PARIS AIR RAID.

PARIS, Jan. 30. Zeppelins were heard over Paris at 9.30 last night. Soon after about a dozen bombs were dropped, killing six and injuring thirty men. Three women and two children were killed by one of the bombs dropped by the raiders, when a house was destroyed. The other occupants were wounded.

At other points there was only material damage. The city was completely darkened in anticipation of a raid. Fire engines and squads of trumpeters went through the city, sounding the alarm. Searchlights were in operation. The noise of the aeroplanes was heard in several directions. At midnight President Poincaré, accompanied by the military governor of Paris, and the Prefect of Police visited the locality where several bombs fell. Investigation revealed additional casualties. Inspection of one ruined house disclosed that two persons had been killed in their beds. In a drug store which had been reduced to a pile of ruins, the bodies of a woman and child were found at another point. The force of the explosion was so great that trees were uprooted and flung on the roofs of distant houses.

Twenty-four persons were killed and twenty-seven injured by the Zeppelin raid over Paris, yesterday, according to an official statement given out to-day. Ten of the wounded were placed in hospitals, owing to the severity of their injuries.

## DURHAM MINERS' UNION FAVOR MILITARY SERVICE BILL.

LONDON, Jan. 30. The Durham Miners' Union took a ballot to-day on the question, whether they should support the Military Service Bill. The vote resulted in a majority of 7,596 in favor of the bill. The totals were, for the bill 34,715; against the bill 26,819. Twenty thousand miners refrained from voting, while thirty thousand were unable to cast their ballots because the men were in the army.

## PARIS VISITED BY AIR RAIDS.

PARIS, Jan. 30. Hun air raiders dropped bombs on Paris at midnight; one house was destroyed. There has been heavy fighting in Loos region. The Germans carried several saps after bombardment, but were driven out by the British. Further progress has been made by French forces. Sections of trenches taken by Germans on Friday, were recaptured yesterday.

## JOINED RELIEF EXPEDITION.

LONDON, Jan. 30. Lieut-General Lake, who recently took over the supreme command of the British forces in Mesopotamia, succeeding General Nixon, has, according to an official announcement, joined the relief expedition under General Aylmer, at Wadi. He reports the weather conditions bad, the whole country is deep in mud, making movements of troops difficult.

## WILSON AT PITTSBURG.

PITTSBURG, Jan. 30. President Wilson, opening here to-day his six-day programme, speaking in the Middle West of nation preparedness, told the throng which packed the Memorial Hall, that the test of national preparedness lay not with Congress, but with the young men of the country in their answer to the call to volunteer, and on their employers, who should oppose no obstacle to a free response. The President said in part: "I have great enthusiasm for rendering America spiritually efficient. Plans for our military efficiency do not provide for a great army. We want only an army necessary for the uses of peace, but we want, back of that army, a trained body of men. These men should be civilians, men who know that the arts of peace come before the arts of war. I am sorry this is a campaign year. I hope this question will not be partisan. No man should attempt to make political capital of it, and I would be ashamed of any friends of mine who take a different view. Where nations are engaged, as many are now, they are liable to be steadfastly intent on their purposes. When the actions of other nations affect America, it is hard to turn them from their purposes. It has been very difficult to maintain peace, but I am a friend of peace. There have been hourly dangers, often it has been impossible to control the situation, because others were involved. As your responsible servant, I must tell you that dangers are constant. I must go out and tell the people that new circumstances have arisen, which make it necessary that America defend itself."

stances have arisen, which make it necessary that America defend itself."

## LONDON OFFICIAL.

LONDON, Jan. 30. Yesterday evening, after a heavy bombardment, the enemy entered some of our saps, near Carnoynd. Counter attacks, early this morning, drove them out. The enemy left some dead and wounded behind. Hostile shelling in this area continued to-day. Hostile bombing attacks about the Quarries near Givenchy, were repulsed last night. This morning, shelling about Loos has been very heavy, but now has diminished a little. Our artillery replied vigorously to the enemy's fire. It has, in addition, carried out bombardments at other points of the line, doing considerable damage to hostile trenches.

## SUEZ CANAL THE OBJECTIVE.

LONDON, Jan. 29. All Turkish, as well as German sentiment is for an immediate advance in the Suez Canal, says the Daily Mail's correspondent, in describing further impressions, gained on his trip to the Balkans. Owing to his dark complexion and the fact that he wore a fez, and also because of his perfect knowledge of German and French, which are the medium of communication among foreigners, the correspondent was able to talk to all classes of people without suspicion. The correspondent says that the three Turco-German objectives are Persia, Caucasus and Egypt. Regarding the advance of the British toward Bagdad a prominent Turk is quoted as having said to the correspondent: "We were very frightened when we heard that the British were coming, as our defences were in a bad condition, and contained only a few old guns, but when spies told us that General Townsend's force was small we took courage, and held it in check until reinforcements arrived. Now, thanks to Allah, they will never reach our holy city. Their reinforcements are too late."

## GERMAN CONSUL ARRESTED.

ATHENS, Jan. 30. A landing squad of five or six men embarked from a torpedo boat at Re-limo, in Crete yesterday afternoon, and arrested at his hotel the former German Consul at Canea, who is said to have been acting recently as an agent for Krupp. He was taken aboard the torpedo boat.

## MANUFACTURING BIG GUNS.

LONDON, Jan. 29. According to despatches from Petrograd it is estimated that two army corps of Turks are shut up in Erzerum. Russian correspondents on the western front have sent word to Petrograd that the Germans are reported to be manufacturing new 22-inch guns for use in the spring campaign.

## PASHA UNITES WITH ITALIAN FORCES.

PARIS, Jan. 29. A despatch from Rome says that Essad Pasha has effected a junction with the Italian forces in Albania. It adds that he is fortifying positions at Avlona and other points further south in Albania, and is confident that he will be able effectively to stop the advance of the Austro-Hungarian forces.

## SIR FRANCIS HENRY LOVELL DEAD.

LONDON, Jan. 29. Sir Francis Henry Lovell, Dean of the London School of Tropical Medicine, is dead.

## QUEEN WILHELMINA SUFFERING FROM MUMPS.

HAGUE, Jan. 29. The illness of the Queen is taking a satisfactory course. She is suffering from mumps.

The white-fleshed fish, such as flounder, cod and halibut, is more easily digested than other varieties.

Three of the cheapest foods we have are hominy, corn meal and rice, and there are many ways of using them.

Allow one level teaspoonful of salt to flavor a quart of soup, sauce or water in which vegetables are to be cooked.

The spring turbans are mostly draped.

## GET IT FIRST—NOT LAST.

When a cold grips your system it is convincing proof that your condition is weakened—remember that. It is risky indeed to simply trust your strength to throw it off, because neglected colds have brought more serious sickness than any other one thing, while weakening cathartics and stimulating purges are often depressing and dangerous. The one best treatment for any cold—the one so often relied on when others fail—is the powerful blood-purifying and tonic Scott's Emulsion, which feeds the very sources of bodily strength to suppress the present cold and generate strength to thwart further sickness. Get Scott's first, not last—and insist on the genuine—always free from injurious drugs. As advanced prices. Scott & Bower, Toronto, Ont. 15-33

### BRILLIANT PICTURES AT THE NICKEL TO-DAY.

A high class programme equal to any of the past will be given at the Nickel Theatre starting to-day. The Nickel's pictures are the best that money can buy, and no better can be found anywhere than will be shown to-day and to-morrow. First of all there is the wonderful "Who Pays" series, in which Ruth Roland and Henry King act so cleverly. "House of Glass" is the title of to-day's chapter and it is an exceptionally brilliant one, all should make an effort to attend and see it. The tenth episode of "The Goddess" will be shown. This is the most beautiful of all the serials and is attracting greater attention than all the others. There is not a young person in the city but is interested in "The Goddess." There is also a capital comedy and other subjects. "The Exploits of Elaine" will be continued on Wednesday. Charlie Chaplin's great two-reel comic entitled "Work" is coming to the Nickel shortly.

### THE CRESCENT PICTURE PALACE.

The Crescent Picture Palace shows to-day "The Second Commandment," a Kalem feature in three reels, this mystery drama is one of the season's best three reelers and ran for a full week in the large American and Canadian cities. Dorothy Bernard, Guy Coombe and Anna Wilson are featured. "The Ebbing Tide" is a fine sea drama produced by the Biograph Company. A roaring Vitaphone comedy is "They Loved Him So." Mike is the ladies' model man, his wife objects to his posing and shatters their idol, Flora Finch, Kate Price and J. A. Wiggins are the fun makers. Mr. Dave Parks, baritone, the man with the voice sings: "Put Me to Sleep With an Old Fashioned Melody," a new ballad. Don't miss seeing this big week opening show.

### AT THE BRITISH THEATRE

A perfect selection of photoplays will be shown at the British Theatre to-night. The masterpiece of the evening is a most beautiful drama by the Rex players in which Pauline Bush takes the leading part. Another celebrated star, Murdoch MacQuarrie, will be seen in "At His Own Terms." This is one of the Big U. dramas. The Animated Weekly News' full of the best of recent events of importance, and a roaring comedy entitled: "The Romance of a Fat Girl" make up the pictorial section. This with the musical interpretation by Prof. McCarthy and of the effects by John Cronan is indeed entertainment de luxe. Beginning this week afternoon performances will be on Wednesday and Saturday afternoons only. On all holidays other than Wednesdays the matinees will be given in the afternoon.
