ARE MORE BECOMING THAN FLAT LENSES.

The edges of Toric Lenses do not show as prominently as those of flat lenses. They fit in close to your eyes. You will find Torics much more becoming and useful. They give you a wider, clearer field vision. You should know about Toric Lenses. Let us explain them.

Does This Apply to You?

The name, location or occupation of an investor does not alter the principle of the earning power of a company. \$500 invested in Cream of Wheat is worth \$60.00 whether in the name of a barber or a banker—or IN YOUR NAME.

You can get free shares in the Spokane Valley Railway by investing in their \$100 bonds for a term to suit yourself, ranging from one to four years.

We cannot tell you all about it in this short space but we know it will interest you. Just ask us for the particulars.

The Safety of Your Money is Guaranteed.
