

Guelph Township Council.
The Council met on Monday the 18th, the Reeve in the chair; present all the members. The minutes of last meeting were read and confirmed. The Collector was present and presented a report showing the amount of monies collected for last year. The report was adopted, and is very creditable to Mr. Leslie for the correct manner in which it is made out. The Reeve reported he had purchased debentures issued by the village of Elora to the amount of \$1,500 at 97, having six years to mature, on account of the sinking fund of the Galt and Guelph railway. Mr. Wm Porter was present requesting that his assessment be taken into consideration, as he considered he had been over-rated for several years. The Council could not entertain the claim as all parties have the privilege of appealing in each year at the court of revision. The Reeve read a petition presented by John Mitchell, signed by Andrew Quarry and seventy others, soliciting the Council to open that portion of road between Divisions B and E, running between the lands of Mr. Hodgkin and Mitchell up to Jackson's corner. Referred to R. & B. committee. Messrs. Kennedy & Lowry, auditors, presented their annual financial statement, which was taken into consideration. The report was adopted and ordered to be published. The Clerk read a communication from the township Council of Waterloo, relating to statute labor on the boundary line between Guelph and Waterloo. The Reeve and Mr. Holben were appointed a committee to cooperate with the committee appointed by the township of Waterloo for making arrangements to improve the line of road between the townships of Guelph and Waterloo. Mr. John West was present soliciting the Council to take some action in getting the dispute settled relating to the allowance for road between lots 6 and 7 in the eleventh con. of Div. C. The Reeve, Deputy Reeve, and Mr. Benham were appointed a committee to confer with Messrs. West & McConachie to get the dispute settled, and were authorized to employ a surveyor if considered necessary. The Council was then resolved into a Court of Revision. The first case taken into consideration was a complaint made by James Crosby, senr., of being overcharged on land—Reduced \$40. Two appeals were presented from F. J. Chadwick complaining of lots being incorrectly described and overcharged in both cases. The assessment was then read, and the lots as returned were received from Mr. Chadwick, and the amounts they are assessed at is no higher than other lands adjoining. The case was dismissed. The Court of Revision then adjourned till next meeting of Council, and the Council resumed. Mr. Hobson, with leave given, introduced By-law No. 21, to repeal clause number one in By-law No. 17 and clause number two in By-law No. 18; said By-law passed its several readings. The clause to repeal in By-law No. 17 is for the amount of remuneration for the Collector. The clause in By-law No. 18, is the appointment of Collector. Mr. Darby moved, seconded by Mr. Hobson, that the Clerk be instructed to advertise that applications to be received at next meeting of Council for the office of Collector, applicants to state the amount per cent. they are willing to collect for. Mr. Benham seconded, by Mr. Benham, that the same Wiltmer be appointed pathmaster on road division No. 8, Geo Buchan on Div. No. 23, Arthur Jones on Div. No. 29, John Mitchell on that portion of road between Div. B and E commencing at the south corner of Mr. Hodgkin's land, and terminating at Jackson's corner on the Hemings road, and the Clerk to notify Gideon Hood not to allow any timber to be taken off the road in his division. Application was made by Henry P. Benn for a transfer of license to him from John Lillie. The Clerk was authorized to make the transfer when he receives the necessary certificates as required by By-law. Application was made on behalf of Jas. Dixon for one dollar to be refunded to him as he was charged that amount for dog tax by mistake. The amount was granted. The Council then adjourned till Monday the 18th day of May, when the instructions for pathmasters will be made out.

COMMERCIAL.
Guelph Markets.
MERCURY OFFICE, GUELPH,
April 15, 1868.

The market has been slack during the week, and it would appear that the grain is not in the country. By reference to the report of the Board of Trade, which will be found in another column, it will be seen what an immense falling off there has been in the delivery of all kinds of grain with the exception of oats. These ruled very high for a long time, and this may account for the extra receipts. We have no change to report in spring wheat. Good samples will bring last week's prices, but the market is drooping. Peas and oats remain unchanged; barley is lower by eight cents a bushel, and hay is firmer, though there is no perceptible advance in prices. Eggs are lower, ten cents being now the ruling figure; butter is not steady, and various prices are paid for it. The best quality brings the price found in our quotations. During the first two days of the present week not more than 120 bushels of fall wheat were brought in, and about 700 bushels of spring wheat. On Wednesday, owing to the change for the better in the weather the market was almost deserted.

A NEW AND GRAND EPOCH IN Medicine.
DR. MAGGIEL is the founder of a new Medical system. The quackeries, whose internal does enfeeble the stomach and paralyze the bowels, must give precedence to the man who restores health and vitality with from one to two of his ordinary Pills, and cures the most virulent sores with a box or so of his wonderful and all-healing Salve. These two great specifics of the Doctor are fast superseding all the stereotyped nostrums of the day. Extraordinary cures by Magguel's Pills and Salve have opened the eyes of the public to the inefficiency of the (so called) remedies of others, and upon which people have so long blindly depended. Magguel's Pills are not of the class that are swallowed by the dozen, and of which every box full taken creates an absolute necessity for another. One or two of Magguel's Pills suffices to keep the bowels in perfect order, tone the stomach, create an appetite, and render the spirits light and buoyant. There is no griping and no reaction in the form of constipation. If the liver is affected, its functions are restored, and if the nervous system is feeble, it is invigorated. This last quality makes the medicine very desirable for the wants of delicate females. Ulcers and eruptive diseases are literally extinguished by the disinfectant use of Magguel's Salve. In fact, it is here announced that Magguel's Pills, Drops, and Diarrhoea Pills cure where all others fail. While for Burns, Scalds, Chilblains, Ours, and all Abrasions of the Skin, Magguel's Salve is infallible. Sold by J. HAYDOCK, 11 Pine Street, New York, and all Druggists, at 25 cents per box.

CONTRACTORS—Buy no Magguel Pills or Salve, with a little pamphlet inside the box. They are bogus. The genuine have the name of J. HAYDOCK on box with name of J. HAYDOCK, M. D. The genuine have the Pills surrounded with white powder.

Frightful Burns—Frightful Scalds—Dr. Magguel's Salve stops the most violent pain of burns, scalds, etc., it is unsurpassed.

Sold in Guelph by A. B. PETRIE, Druggist, Market Square.

Canada Depot, 23 Hospital Street, Montreal.

THE India and China Tea Company beg to announce to the public that they have secured a monopoly for their directly imported Teas, which for purity and excellence will be found unequalled.

The Company have made arrangements whereby they have secured the entire produce of some of the best plantations in Assam and the slopes of the Himalayas, and by a judicious blending of these magnificent Teas with the best varieties of China produce, they are enabled to furnish the public with a quality and flavour hitherto unknown to the general consumer. These Teas are in high favour in England and France, and a single trial will prove their superiority.

The Company supply two qualities only, either Black, Green or Mixed. Wool, Hide and Leather DEPOT.
No. 4, Day's Old Block, Gordon Street, Guelph, July 31, 1866. dw D. MOLTON

THE India and China Tea Company beg to announce to the public that they have secured a monopoly for their directly imported Teas, which for purity and excellence will be found unequalled.

The Company have made arrangements whereby they have secured the entire produce of some of the best plantations in Assam and the slopes of the Himalayas, and by a judicious blending of these magnificent Teas with the best varieties of China produce, they are enabled to furnish the public with a quality and flavour hitherto unknown to the general consumer. These Teas are in high favour in England and France, and a single trial will prove their superiority.

The Company supply two qualities only, either Black, Green or Mixed. Their Black Teas will be found to possess great brilliancy and flavour, combined with colour and strength, and to be entirely different to the tea and green article usually sold as Black Tea, while their Green Teas are altogether free from the deleterious mineral powder so commonly used for coloring the leaf.

PRICES: Each full-flavoured Tea, for family use, a real genuine and fine article 70 cents per lb. Fine quality procurable, one cent per lb.

If the above can be had either Black, Green or Mixed.

To be had in packets of Quarter Pound Half Pound, One Pound, and upwards, or in tin canisters of 5 lbs. and upwards, from the Company's Depot, 23 Hospital Street, Montreal, Canada. All the packages are lined with tin foil paper, and the Tea will consequently retain its flavour any length of time. Ours are—All packages have the Company's trade-mark, without which none are genuine.
