

TRINIDAD ASPHALT IS TO BE LAID ON TWO BLOCKS

Council Will Give Ratepayers What They Petitioned For.

The Dray Stand Will Remain on York Street.

Special Building Committee for the Nurses' Home—Park Ranger To Be Advised For.

Last night's meeting of the city council resulted in the transaction of a large amount of business, and when at 11:30 the aldermen walked out of the city hall they had something to show for their labors.

Many important matters came up, including the paving of King and Dundas streets, the building of the nurses' home and the removal of the dray stand. The outcome was that the residents of King street, from Maitland to Wellington, and the residents of Dundas, from Colborne to Waterloo, will get a Trinidad asphalt pavement, the block on Dundas, from Wellington to Waterloo, will be initiated; a committee of the city council will act with the hospital trust in the building of the nurses' home, and the dray stand will remain where it is at present.

PETITIONS AND COMMUNICATIONS.

The following petitions and communications were sent to the board of works:

F. J. Smallman, through his solicitor, E. T. Essery, claiming damages for injuries said to have been sustained by the corporation erecting a stone wall on Briscoe street, South London.

From the residents of Adelaide street, between King and Dundas, asking for a sewer on Adelaide street.

From the residents of the west side of Adelaide street, between Pall Mall and Piccadilly, asking for a cement walk.

Petitions were also received for stone walks from the residents on the west side of William street, between Piccadilly and Oxford, and the south side of Oxford, between St. George and Talbot.

From P. H. Bartlett, solicitor for Eva Cochran, of the Hamilton road, claiming damages for alleged injuries said to have been received through a defective sidewalk.

From the residents of Dundas, between Colborne and Waterloo, asking that the street be narrowed up on the south side, so as to make the pavement the same width as the asphalt on Dundas west of Wellington. They also asked that the annual payments be thrown over fifteen years, instead of ten, as proposed. Referred to the board of works.

The following were sent to No. 3:

From the McClary Manufacturing Company, re a fire alarm box at the new works of Adelaide street south.

From R. A. M. Jones, re a fire alarm box at the new works of the Eastern Pleasure Club on Sept. 10, Granted.

Bayley's

Sateen Underskirts.

A sale extraordinary of Black Sateen Skirts—a marvel of beauty and cheapness. The greatest skirt bargain ever shown in London, regular price \$2.25, on sale at

\$1.35.

These skirts are made of Fine Mercerized Sateen Skirting—full garment sizes, 38, 40, 42, made with 18-inch flange, trimmed with 5 corded ruffles, giving a handsome flare effect. Don't miss this skirt bargain.

BAYLEY'S.

the lines of the society now doing such good work in Hamilton, and wanted a park ranger appointed now—a man to whom the people could look to, to have the parks and the city beautified, and that the Civic Improvement Society would do the rest.

Ald. Stevenson favored Ald. Campbell's scheme, but it was lost on division.

Ald. Campbell moved and Ald. Stevenson seconded that in the advertisement for a park ranger, the salary be stated to be not over \$600.

Ald. Greenlee objected. The city should get a good man, even if it did have to pay a good salary.

Ald. Saunders thought \$600 was an ample salary. If the man were paid \$1,000 or more he would most likely be a loafer who would need an assistant to do his work.

Ald. Greenlee moved the salary be \$500.

Finally, on motion of Ald. Judd, it was agreed that applications for the position should state the salary expected.

A FENCE TROUBLE.

The complaint of W. J. Lashbrook and others against a high-board fence which extends onto Richmond street near Hyman street caused a lengthy wrangle. The feeling appeared to be that this particular fence was not the only one of its kind in the city, and that the owner should not be singled out and made an example of.

The matter was finally referred back to No. 2.

THE STREET RAILWAY.

The city solicitor wrote that he had had word from the Hamilton Street Railway Company that unless the city was prepared to agree to a continuance until the final judgment of the court, the company would sue the city.

CIGARETTES AND JUDGES' SALARIES

The Punishment for Selling to Minors Discussed.

REMUNERATION OF THE BENCH

Subsidy for New Steamship Line Between France and Canada—The Salvation Army.

Ottawa, Sept. 8.—In the House of Commons today Mr. Schell drew attention to the episode at Glengarry last week, when Lord Dundonald was prevented from entering the ordinary train by a long-distance telephone message, stating that the Scotchmen's celebration had been put off. Now it is impossible to apprehend who sent that message. He wished to draw attention to the loose way in which the Bell Telephone Company conducted its business.

The matter dropped.

Mr. E. F. Clarke wished to call the attention of the acting Minister of Railways to a telegram he had just received. It read: "Niagara Falls, Sept. 7.—E. F. Clarke, M. P.—Railroad fare for Yanketons from Niagara Falls, N. Y., to Toronto and return \$1.50; railroad fare for Yanketons from Toronto to Niagara Falls, Ont., to Toronto, \$2.50, giving this up in the House, and ask if it is right, when they are trying to put Grand Trunk Pacific through."

Mr. Fielding—Are they both Grand Trunk?

Mr. Clarke—Yes.

Mr. Fielding—I will be very glad to have inquiries.

Mr. Henderson again brought up Mr. Preston's Bill on Canadian butter, drawing attention to the London dispatch published in the morning papers.

Hon. Sydney Fisher said: "As it was only yesterday that his attention was called to the London dispatch, he does not cast on it, and he would take steps to see the matter fully investigated."

The House then went into committee on the bill to amend the criminal code.

Hon. Charles Fitzpatrick moved to strike out the clause imposing a penalty of \$50 or imprisonment or both for selling, giving, or supplying cigarettes, cigars or tobacco to children under 18 years of age.

This received a cyclone of dissent. Mr. Fitzpatrick (opposition) said: "The clause is in favor of the clause, contending that the withdrawal would not suit the view of the ladies who have been instrumental in securing the introduction of legislation. It would be better to enact the law regarding the sale of tobacco to minors now in force in Ontario."

Mr. Goulay urged that considering the decision of the Privy Council in the matter of the Lord's Day act, and that in all these acts might be considered ultra vires, it would be better to let this legislation in the Dominion statutes.

Mr. Rosamond went further, and urged that it should be made illegal for anyone to smoke on the streets.

Mr. Kaubach agreed with Mr. Rosamond.

Mr. Fraser argued that this would be just the way to prevent any legislation.

Hon. Fitzpatrick said the middle course embodied in this section, he feared would encourage a gang of workmen seeking to make money out of children. His view was that this legislation was not going far enough, and they had better drop it and bring in a bill to make it illegal to smoke on the streets.

Mr. Fitzpatrick thought this a very good suggestion. They should be able to reach the parents.

Mr. Gilmore said in his opinion the parents ought to make the law.

Mr. Fitzpatrick stated that he hoped to be able to introduce a new section in the Criminal Code.

The clause was then struck out, and the committee rose and reported progress.

JUDGES' SALARIES.

Mr. Fitzpatrick moved the resolution that it is expedient to make the salary of the Chief Justice of the Supreme Court and of the Northwest Territories and of the five puisne judges \$4,000 each; so this adds one judge.

The resolution was carried with but little opposition.

The House went into committee on the resolution to revise and rearrange the salaries of the judges of the Superior Court of Quebec.

Mr. Casgrain drew attention to the utterly inadequate salaries given the judges of Montreal and Quebec. In Ontario there were fourteen judges at \$5,000 and five at \$6,000. He pointed out that it was utterly impossible for special counsel to get a special salary in positions which men in their position should be able to keep up. Whilst judges only received \$5,000, men in special positions received \$10,000 per annum.

Mr. Barker thought the resolution discriminated in favor of the High Court judges, who received allowances denied the judges of appeal. He also pointed out that under existing salaries they could not get the best men in Ontario on the bench.

Mr. Fitzpatrick thought they had exceedingly good men on the bench.

In answer to Mr. Wilson, he said the difference in salaries of the judges of Ontario and Quebec was accounted for by the difference in system. In Ontario they had County Court Judges; in Quebec all the judges were Judges of the Superior Court. They had too many Superior Court Judges in Quebec.

bec. In Ontario the cost of the administration of justice was 12 3-10; in Quebec 13 2-10.

Mr. Casgrain asked if he understood that each judge who went on Circuit in Ontario received \$1,000 a year travelling expenses, and in Quebec they only got \$5 a day when actually travelling.

Mr. Fitzpatrick—That is the Dominion statute. In the past Mr. Casgrain that judges in Quebec had districts. He knew some who made more than \$1,000 a year out of expenses. The committee was sitting at one o'clock.

This afternoon the resolution to provide \$5,000 salary for each of the two additional Superior Court Judges to be appointed in Ontario was carried. The debate developed into a general discussion on the advisability of increasing the judges' salaries, and a decided difference of opinion was shown.

Mr. Bennett said that of the ten Superior Court Judges in Ontario last year four were out of the country a large part of the time, so that practically all the work was done by six judges. He regretted that the Ontario Legislature had seen fit to appoint these extra judges.

Mr. McCarthy thought that if a vote were taken in Ontario it would support an increase of judges' salaries.

Mr. Blain—"Not a bit of it."

Mr. Wilson remarked that Sir John Macdonald and Sir John Thompson had both tried to raise the salaries of judges, and had both been compelled to abandon the attempt. He did not know that the leaders of the bar would be appointed to the bench even if the salaries were higher. It was generally held that the man who had the pull got the position. The people all over the country felt that the judges were well enough paid, and there was also a general feeling that there were too many judges.

The resolution was finally adopted. The bill respecting such salaries was then taken up.
