—The Strathroy Army says of the inspection of the Strathroy Collegiate Cadets, held by Col. Peters, D. O. C., of this city: "The boys, judging by the drill exercises and marching performances in front of the inspecting officer, are a credit to the instructors, as well as to the Collegiate Institute. The corps marched particularly well and were fairly well up in the drill and the handling of arms. The company went through the different evolutions very creditably, and at times earned warm praise from Col. Peters."

DEATH OF MARTIN MORAN.
Martin Moran, a very old and well-known resident of the city, died last night at his home, Wellington street, from an illness of several months.

Mr. Moran had been in the employ of the city for many years and was born in Ireland. His wife died some years ago and he is survived by a son and a daughter.

EDUCATION COMMITTEE.
No. 2 committee of the board of education met last night. Mr. MacRobert, president, and present also were Messrs. Strong and Blackwell and McLean. Tenders will be called for the winter supply of coal. A list of repairs necessary in the different schools will be submitted at the next meeting. The petition for the use of Collegiate Institute grounds as a baseball park was filed, the committee having no power.

Of the men three are over 90, four between 80 and 90, ten between 70 and 80, three between 60 and 70, and two under 50.

FIRST HUSSARS GO TO NIAGARA.

CADETS INSPECTED.
The Collegiate Institute Cadets went through their annual inspection before Col. Peters, D. O. C., yesterday evening. The cadets fell in at the college, mustering a total of 25 rank and file. Commanded by Capt. Bapty, they marched to Wolsey Barracks, where the inspection took place. The corps were put through the ordinary movements, the firing exercise and skirmishing, and showed much careful drill and attention to work. Col. Peters was delighted at the manner in which they conducted themselves.

A. degree, which will shortly be conferred upon him. He has been associated in the management of the O. A. C. Review, the college periodical, and distinguished himself by winning high honors in the judging competition at the international Live Stock Show, Chicago. He will prove a valuable accession to the already strong staff of the Farmer's Advocate.

GOOD COFFEE NOT INJURIOUS
Many persons nowadays attribute many of their fancied ills to the use of coffee.
This may be true in some cases where people use coffee that has been adulterated with various substances.
The right kind of coffee, properly roasted and blended and freshly ground, will not harm anyone, while as a pleasant drink it cannot be equaled.
The well-known firm of T. A. Rowat & Co. have made a specialty of fine coffee, and the large and increasing sale they have for this article is ample proof that people who know good coffee appreciate their efforts.
The price is 40 cents a pound in the can or ground.

there, consumption plucked the lives of three daughters, followed by the death of the mother by the same disease about two years ago. Shortly after, Evalyn, the only remaining member of the family, was married to George Dixon, of Thamesville, and took up her residence in that town. There consumption gradually and steadily began to fasten itself upon her, and in spite of medical skill and the care of loving friends, the malady grew more and more acute until the end. She was a member of the Strathroy Baptist Church and mu- sic lover by all for her many good qualities. With the death of Mrs. Dixon, the whole family of one son and five daughters have passed away. Deceased leaves, besides a sorrowing husband, an infant child.

MR. ELSON'S MOTION.
Moved by Peter Elson, seconded by R. W. Jackson, that this council pass a bylaw, designating the London Proof Line road as a toll road to be purchased under the act known as "An act for the improvement of public highways," passed in 1907. Provided, however, that the township of London guarantee payment to this council of two-thirds of the \$11,000 purchase money, as fixed by the arbitration, viz., \$7,333 1/3, the other one-third (\$3,666 2/3) to be paid by the county when received from the government out of the moneys set apart by it for the purpose of freeing roads from toll, and in accordance with the above-mentioned act.

Considerable discussion followed, in which most of the members expressed the opinion that the motion was not in order. The motion was lost.

OTHER BUSINESS.
The first report of the petitioning committee recommended the signing of the petition praying for preferential trade between Great Britain and Canada. The report was adopted.

A BIG EARNER.
Good Food Pays Better Than Any Other Investment.

Money put into properly selected food that brings health and maintains it is better invested than any other way.

A man who has spent hundreds of dollars in medicines to try and get well writes that the past year he has used 156 packages of Grape-Nuts. He says: "Several years ago I had two severe shocks of paralysis, bringing on general nervous debility. I was not able to do work of any kind for several years."

"I doctored hundreds of dollars away. About a year ago I began using Grape-Nuts Breakfast Food and have so steadily gained in strength and health that since last July I have worked every day at collecting for a large company, walking several miles a day and have not enjoyed better health for over twenty years than I do now. I am able to use all kinds of food but do not eat much besides Grape-Nuts and Postum Food Coffee."

W. P. Albrow, 207 Chestnut street, Scranton, Pa.

Don't overlook the recipe book in each package of Grape-Nuts.

Instructed to examine the bridge opposite lot 1, con. 7, between East and West Nissouri, and if found necessary to act in conjunction with the engineer of Oxford in repairing or rebuilding it, was referred to the board of road directors.

A motion that the treasurer pay the treasurer of Adelaide township \$14.00 refund of interest on county rate, was sent to the finance committee.

G. M. Harrison, secretary of the Finance High School Board, notified the council of the death of John A. Lettich, a member, and asked the council to fill the vacancy. The matter was laid over.

Council adjourned to meet at 3 p. m. on Friday.

Many sorrowing friends attended the funeral of the late Attwell Roddam, which took place this afternoon to Woodland Cemetery, from his home, corner of Gleebe and York streets. The esteem in which Mr. Roddam was held was made apparent by the many beautiful flowers laid on the casket. Two especially notable in the funeral were from the I. O.
