Sep Dumoulin and McKeand have been doing a regular Patti farewell act, and have once more donned the padded garments for the final performance. Some one must have told them that they were needed pretty badly by the Tigers. Hamilton papers are rejoicing somewhat over the fact.

Joe Walcott threatens to defend the welterweight championship with one hand, the other being put out of business by a pistol shot some time ago. When he was right, no puglist within 10 bounds of his weight could handle

They are betting even money in New York on the world's championship series between the Giants and the Athletics. The odds will be slightly in favor of McGraw's Mugs, providing that the Sox land the rag.

Jockey Arthur Redfern met with an automobile accident, which means his retirement as a rider for the year. While rolling his car along Kings Highway, en route to the race track, Redfern collided with a motorcycle and sustained a fracture of the right arm. He was removed to his home. He was one of the best riders on the eastern tracks. He might have stayed with the runners, and not monkeyed with a benzine buggy. The former are

Herman Long, the great shortstop of the Boston Nationals, when they were champions, has been offered the position of captain of the Boston crowd for next year, and will likely accept. The Dutchman has been with Des Moines all season. Guess they can't expect the National League pennant in Boston next year.

The Tiger executive are working overtime these days throwing the oon into the O. R. F. U., of which one of their most esteemed members is president. The Tigers are trying to create the impression that they are always getting the short end of it from the union and that the Toronto teams are sitting up nights devising schemes by which they can cheat Hamilton out of the championship. The Tigers had two representatives at the meeting which adopted the schedule of the senior series, and they were quite satisfied with the arrangement of dates. The Hamilton delegates had their say and their wishes were acceded to in many respects. Instead of threatening to withdraw from the series-which practically denotes a lack of confidence in their own representatives—the Tigers, as senior champions. should turn in and lend every assistance in their power to the union and its capable president, so as to make the season a success. As for the Toronto clubs, it might be said that they at least respect the rulings of the committee. Any kicking they have to do is done on the field.-Toronto Star.

It is just possible that Stansbury, the champion sculler, will row Eddie Durnan in Toronto next July for the world's championship. It is to be koped t comes off, as the sculling game would boom in Canada if it were so,

The Eastern League had a good season this year, and every team but Toronto quite money ahead. Toronto ought to lose more on that outfit. It was a sharpe to entice people to the park to attend a ball game when such

The Toronto papers are still talking about the fast time made at the matinee last week, when a half was covered in 1:081/2. They ought to come up here, where we have real fast horses. They step in 1:06 every day or around here, and there are several that can beat that, too.

A calm prevails over the east since Artful and Sysonby have not been matched for two days. The space-fillers will have to get busy or they will ose their last remaining chance. There will be no race this year.

The Pittsburg Pirates lost what little chance they had to land the Naional pennant when they fell down hard with the New York Giants for three games. They did not look like champions in that series.

Some day this week Al Kaufmann, the heavy-weight pugilistic phenom from the west, hooks up with a professional named Foley. A line on his ability will be given in this go, and it will then be seen whether he is of championship caliber or not.

No-hit games are quite the fashion in the American League this year. Henley, of the Athletics, shut the St. Louis team out without a hit. Smith, of the White Sox, did the same thing to Detroit, and now Bill Dineen hands the same dose to the Chicago bunch. Not a man reached first after the second inning, and not a man saw second after the first. Two bases on balls in the first inning caused that.

They are betting very freely in some quarters that the White Sox will land he American League pennant. The chances are against them, although they are living down their reputation as a poor road team. However, Connie Mack's row is somewhat hard to hoe at present, as the Rube is not in good shape, as shown by his attempt to pitch Wednesday against Detroit. Even at that the Athletics look the best.

At a meeting of the game commission of Ontario, held yesterday afternoon at Windsor, it was decided to abandon the open season for quail in the Provnce of Ontario for the present year. The action was a substantiation of an order-in-council passed a couple of weeks ago at Toronto. Later a petition was presented by certain sportsmen to have the order-in-council reconsid-

The game commission consists of H. S. Osler, chairman; S. Buchanan, Marshall Graydon, J. E. Thompson, and W. H. Casement, as well as Game Wardens Chief Tinsley, J. H. Wilymont, J. A. Gill and D. W. Doyle, all of whom were at yesterday's meeting. Plans were discussed for the protection and preservation of game, and it is likely that the meeting will result in a number of suggestions to the Legislature next year. A number of prominent sportsmen of Essex and Kent countles attended the meeting .- Detroit Free

"Billy" Rowlands Will Have Good Bunch Behind Him at Sarnia.

The juniors are out to win on Saturday at Sarnia. The lineup, which is given below, looks formidable, and compared to last year, when the team made such a splendid showing, it shows a decided improvement. Thomson, Whetter and Towe are unable to get away, but their places have been taken by good men. The wing line is particularly strong, not containing a single weak point. The back division will give a good account of themselves. It is expected that a large number of Grand Trunk at 11:10 a.m.

New York, Sept. 28.—The Triumph stakes, for 2-year-olds, 1 mile, the first of its kind to be run in the east, was Axe and Midas, was favorite at 7 to Cleveland 10. Inquisitor was next at 3 to 1, while New York. 10 to 20 to 1 was laid against the other

The start was good and O'Neill at once sent Midas to the front, followed by Battle Axe and Lotus Eater third. In the run down the back stretch Midas was leading by two lengths from Oaklawn, who raced into second place a head before Battle Axe. Three-eighths of a mile from the finish it looked as if the stable would run one, two, but at the turn into the stretch all the leaders Plank and Schreckengest stopped and the trailers closed, and in hard drive Burns landed Lotus Eater winner by one and a half lengths before Hamilcar, who in turn was four lengths in front of Battle Axe. Jockey Diggins was suspended by

the stewards for the rest of the meet-ing for his ride on Toots Mook several days ago. Kiamesha was the winning favorite.
