An Explanation. Rev. Mr. Steeves, secretary of the Humane Society, points out that there appears to be some misapprehension in regard to the action of the society concerning a horse which was taken away from a drayman named William Lyons, of the north end. Two veterinarians deelded that the animal was unfit to work, and should be destroyed. The society then took the horse and had it placed in a pasture, pending the taking up of collection to secure another horse for Mr. Lyons, who could not afford to buy one. Some money was subscribed, but in the meantime the Lyons horse became some better, and Mr. Lyons went to the society's pasture and took the animal away. The society was only acting in the best interests of the movement to prevent cruelty to animals, and did nothing hastily or unwarrrantedly.

[Special to The Advertiser.]

Toronto, June 30 .- Thirteen-year-old Gordon Rosenvear, of 255 Annette street, has the distinction of being the youngest patient ever treated in St. Michael's Hospital for attempted suicide. He will be 14 years of age in a few days. When seen by a reporter at St.

STEAM LINE CARRIED CROWDS TO LAKESIDE

Pere Marquette Railway Did a AND TIRED OF LIFE Big Business to Port Stanley

The discontinuance of the service on the London and Lake Eric Railway be-tween this city and Port Stanley, as a result of the action brought against the company by St. Thomas members of the Lord's Day Alliance, diverted a heavy traffic to the Pere Marquette yesterday, and while the weather was the London and Lake Erie Railway benot particularly designed for lakeside pleasures, several fundred people went down on the different trains. The afternoon trains carried fifteen coaches each, and al were well loaded with people travelling through neces-
