COUGH REMEDY

**Ends Stubborn Coughs
in a Hurry**

For real effectiveness, this old home-made remedy has no equal. Easily and cheaply prepared.

You'll never know how quickly a bad cough can be conquered, until you try this famous old home-made remedy. Anyone who has coughed all day and all night, will say that the immediate relief given is almost like magic. It takes but a moment to prepare and really there is nothing better for coughs.

Into a 16-oz. bottle, put 2½ ounces of Pinex; then add plain granulated sugar syrup to make 16 ounces. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, this mixture saves about two-thirds of the money usually spent for cough preparations, and gives you a more positive, effective remedy. It keeps perfectly, and tastes pleasant to children like.

You can feel this take hold instantly, soothing and healing the membranes in all the air passages. It promptly loosens a dry, tight cough, and soon you will notice the phlegm coming out, and then disappear altogether. A day's use will usually break up an ordinary throat or chest cold, and it is also splendid for bronchitis, croup, hoarseness, and bronchial asthma.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, the most reliable remedy for throat and chest ailments.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Toronto, Ont.

Get Nerve Force from Nuxated Iron

It will strengthen your nerves and increase your vigor and endurance, often in two weeks' time. It contains the principal chemical constituent of active living nerve force in a form which most nearly resembles that in the brain and nerve cells of man. It also contains a little iron like the iron in your blood, and like the iron in spinach, lentils and apples. Organic iron enriches the blood and builds up the system. Nuxated iron not only feeds what might be termed artificial nerve force to the nerve cells, but it stimulates the blood to manufacture a greatly increased supply of new nerve force. Get a bottle of Nuxated Iron today, and in within two weeks you will not feel that it has increased your nerve force, and made you feel better and stronger, in every way, your money will be refunded. Sold by all druggists.

Miller's Worm Powders

Contain No Narcotics
When your child is restless, peevish, sleepless, or when convulsions threaten, it indicates the ravages of worms and that the little one's strength is being sapped and undermined. Miller's Worm Powders get promptly at the root of the trouble and restore the digestive organs to a healthy condition. Sold by all druggists.

ACIDS IN STOMACH CAUSE INDIGESTION

Great Gas, Sourness and Pain—How To Treat.

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food sours, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestants are not needed in such cases and may do real harm. Try laying aside all digestive aids and instead get from any druggist a few ounces of Leonard's Ear Oil and take a teaspoonful in a quarter glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bismarck Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form used by thousands of people who enjoy their meals with no more fear of indigestion.—Advt.

BEHOLDS LENS AS WONDER CITY OF OLD WORLD

**Williams Says Industrial Marvel
Will Rise From War's
Devastation.**

NOW PUMPING PITS

**Gigantic Task Will Probably
Take Till End of Year
1923.**

Is Europe really coming back? Or is it drifting into economic paralysis and anarchy? Those things are being discussed at the Washington arms conference, even though they do not come before the plenary sessions. Whittling Williams is telling you the real truth about it, investigated through a "pick and shovel" gallop through the common work of France, Belgium and Germany. This is his fifth article.

BY WHITING WILLIAMS.

FOR six days and six nights, once a month, there was a dreadful bombardment. B-r-r-r!—Boom-boom! every minute—just like that. Still, we liked it.

So a woman in charge of our wooden shack of a boarding-house in the ruined coal town of Lens in North France described it to me.

"Our husbands will be here after the war," she said to each other. But they did not come. The attack, you see, failed, though we learned afterward that they got much nearer. But when they did not come that time it killed my hope.

"Up till then I could hope—yes, in spite of everything. After that, no more—and yet, there is my husband playing the bass viol over there! Wonderful, isn't it, is it?"

Lens Wonder City.

Yes, I'll say that Lens is the most wonderful place I have ever seen. For sheer and complete demoralization of actuality, its unending piles of worthless bricks make one of the saddest pictures in the world.

The whole town of 40,000 people was brought down completely to the level of the cellars. Yet few cities in the world can offer such an example of pure and courageous devotion of aspiration. For this combination it

DO YOUR BOWELS Move Regularly, or Do They BECOME CONSTIPATED

There is no medium through which disease so often attacks the system as by allowing the bowels to become constipated, and there is no other trouble which feels its heft to the more liable to be neglected, because material inconvenience may not be felt, at once, from irregular action of the bowels. When there is not regular action, the retention of the decayed and effete matter, with its poisonous gases, soon poisons the whole system by being absorbed into it, causing violent sick and bilious headaches, internal bleeding or protruding piles, heartburn, paucity, etc.

MILBURN'S LAXA-LIVER PILLS.

will regulate the flow of bile to act properly on the food, thus making them active and regular, and removing the constipation and all its allied troubles.

Mr. Samuel Buckler, Tatamagouche, N. S., writes: "For over a year I suffered with constipation. I took several different kinds of medicine, but could only get temporary relief. I was told to try Milburn's Laxa-Liver Pills. I procured two vials of them, but after I had taken one I found that I was relieved of my trouble. I do not hesitate to recommend Laxa-Liver Pills for any kind of constipation."

Price, 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Company, Limited, Toronto, Ont.—Advt.

France Replacing War Ruins

One of the new pumps erected at Lens to clear the mines flooded and wrecked by the departing Germans

now wears the Cross of the Legion of Honor.

"The pump we installed in November, 1920, has been raising 150,000 tons of water every 24 hours," said a member of the company whose 40 coal mines in different parts of Lens were flooded by the invaders in an effort to make them permanently unworkable.

"We are installing other pumps of the same sort as rapidly as possible. With each of them raising 150,000 tons of water every 24 hours, night and day, we shall not get all the water out until the end of 1923."

Restoration Just Begun.

Down below ground I saw that even after the water is out of the upper levels the job of restoration has only begun. We dared not advance into the pumped-out passages until a miner had tested the air with his lamp. Just ahead of us huge pipes were pumping out the collection of gases, caused partly because the flooded mines had been used for burying dead horses.

These 40 flooded shafts of Lens used to furnish about one-tenth of France's normal coal supply of 30,000,000 tons. The careful attention to details with which the plans were worked out for robbing France permanently of a source of supply makes a man want to laugh and cry at the same time.

Thousands of laborers from all over the world have finally succeeded in clearing the streets of brick-bats. Other thousands of masons and hod-

AID FRENCH RELIEF, ENJOY CUP OF TEA

L'Alliance Francaise Entertains in Mr. Glen's Studio.

Last year L'Alliance Francaise provided a Christmas treat for the residents of the village of Rouex, near Arras in France, one of the devastated places of the last two years. Many of the organization's Miss Edith Fisher and Miss Catherine Cronyn, ministered when they were on service overseas after the close of the war. The two London girls have the distinction of being "marraines" or godmothers of the little town, hence the continued interest in Rouex taken by L'Alliance.

Tuesday afternoon L'Alliance killed two birds with one stone. A delightful tea party in Mr. E. R. Glen's studio over the T. R. ticket office afforded throngs of people a special opportunity of seeing the French pictures which the artist has on exhibition at the present time. The generous proceeds of the tea will go as a message of good cheer to the people of Rouex.

The walks of the large studio and two smaller rooms were completely hung with pictures, the majority done by Mr. Glen in Italy and the north of France in the last two years. Many of them bore the magic word, "sold," a very practical evidence of appreciation of their merit. Especially popular were a number of studies done at Etaples, showing sandy beach and a glimpse of the sea, fishing craft and bits of fisher-folk life.

Mrs. C. R. Somerville, president, and

four 1922 Overseas Post-Graduate I. O. D. E. Scholarships Go To Soldiers.

Miss Constance Laine, educational secretary of the National Chapter, I. O. D. E., has announced the I. O. D. E. overseas post-graduate scholarships for 1922. With the exception of the Alberta nominee, all this year's scholars are returned men:

Alberta—Bertha M. Lawrence, Edmonton, Alberta, 1921, graduate with honors in history of the University of Alberta.

British Columbia—Seaman Morley Scott, Vancouver, 1921, graduate of the University of British Columbia. Mr. Scott joined the 16th Battalion, C. E. F., as a sergeant in March, 1916, served in France with the 102nd Battalion, and was gassed at Passchendaele. Gained his commission and remained in France and Belgium some time after the armistice.

New Brunswick—George E. Meyers, student at Mount Allison University, Sackville, N. B., enlisted in 1915 with the 123rd Battalion of Nova Scotia Highlanders and went to France with the 25th Infantry Battalion. Served in Belgium and Germany.

Nova Scotia—Frederick Howard M. Jones, Dartmouth, N. S., graduate in arts of Dalhousie University. Annually elected to Rhodes scholar in 1921, but rejected by trustees because three weeks too old. Began military career Aug. 4, 1914, with 63rd Regiment Halifax Rifles. Was awarded Military Cross for service at Passchendaele.

Prince Edward Island—George E. Millar, Campbell, New Wiltshire, P. E. I., graduate of Prince of Wales College and Dalhousie University. His military record covered three years.

TAUGHT LESSONS BY STORY METHOD

A collection for Armenian Relief taken Tuesday afternoon at the meeting of the W. C. T. U. amounted to forty dollars, this sum to be augmented, owing to the fact that the attendance was not large.

Miss Campbell contributed an interesting and inspiring program feature, an address on the teaching of "Scientific Temperance," in the course of which she drew on her own experience in teaching this subject. A point impressed was the efficacy of the story method in fixing truths with regard to temperance on youthful minds.

Touching reference was made to the loss by death last week of one of the most faithful and highly valued members of the W. C. T. U., the late Miss Ingram.

Arrangements were made for the Christmas dinner for the W. C. T. U. Mothers' Club Tuesday evening next, Dec. 20, at the headquarters, when it is expected that 75 or more will be served. Generous contributions to this were offered.

It was decided to withdraw the next meeting, which comes in the holiday season.

ST. JOSEPH SISTERS HOLD BIG BAZAAR

Various Parishes Assist in Attractive Event.

Eager shoppers thronged St. Peter's Parish Hall Tuesday, when the Sisters of St. Joseph held their annual bazaar. The bazaar was opened at 9 o'clock, and from then on busy Christmas shoppers came and went, delighted with the wares displayed in the various booths.

Exquisite hand-made pieces were to be found in the fancywork booth, in which Mrs. Joseph Poché, and at the linen counter, presided over by Mrs. Dignan and Mrs. Darcy. Lovely hand-worked luncheon sets, embroidered towels and pillow cases were displayed, and a being made in evidence.

One of the most attractive booths was the doll booth, with Miss M. Darcy and Mrs. Flynn as joint conveners. Here were found the loveliest dolls, dolls dressed as nurses, boy dolls that said "Mama," and every kind of doll, even a bridal party, consisting of the bride and groom, and all the attendants.

Mrs. Martin O'Sullivan was convener of the home-cooking booth, laden with a tempting array of Christmas cakes, jellies and pickles.

Miss Flaherty presided over the stall where children's wares could be purchased—woolen caps and coats, comforters and little dresses, all at reasonable prices.

The candy and ice cream booth was in charge of St. Joseph's Alumnae, and the country store was run by the Altar Society of St. Michael's Church. The very popular fish pond, was supervised by Miss Byrd.

The tea room was looked after by St. Mary's Parish, with Miss Powell in charge, where dinner and supper were served. The bazaar continues Wednesday.

Why Not Present From the Marys?

Why not a wedding present for the Princess Mary from the Marys of London and Canada?

No answer has yet been received by the officers of the London Local Council to a letter sent the national corresponding secretary, Mrs. H. W. Parsons, some days ago, asking the National Council to take steps with regard to a wedding present from the women of the Dominion.

"No meeting of the National Council executive has been held since our suggestion went down," said Miss E. B. Smith, president of the London Local Council, which has had the honor of sending the idea. "If it is considered practicable," she continued, "perhaps the Marys of Canada might like to do what the Marys of England are doing. They are giving subscriptions raising all the way from 5 pence to 10 shillings to buy their princess a wedding present."

Ten years ago the Marys of the empire gave a coronation present to Queen Mary, and a long list of London Marys shared in this with the Marys of the Dominion.

MRS. KIRBY'S TRIAL BEGINS.
Admiral Kirby, a prominent temperance worker of Hudson, Mich., on a charge of murdering an infant born to her unmarried daughter Alice, last July 4, was set to begin in circuit court here today.

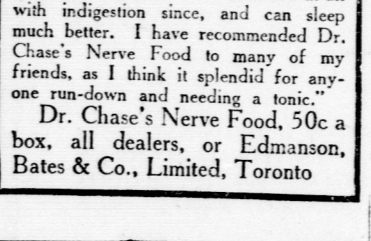

Strength

Strength of muscle does not indicate strength of nerves. On this account many people who look healthy enough suffer from nervous troubles and cannot understand what is ailing them. Sleeplessness and irritability are among the early symptoms. Indigestion and tired feelings soon follow.

Read this letter from an Ontario man:

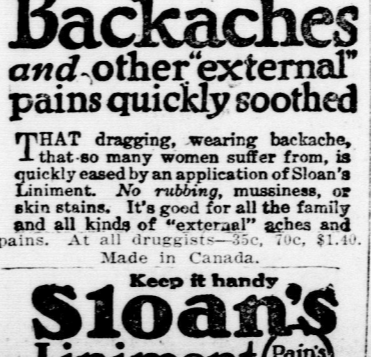

Mr. W. L. Gregory, Charles St. E., Ingersoll, Ont., writes: "I had been troubled for quite a while with indigestion. At times there would be a twitching of the nerves of my stomach, and I also found it difficult to get a good night's sleep. I am a moulder, and owing to the nature of my work my system became run-down. I took a treatment of Dr. Chase's Nerve Food, and found great benefit from this medicine. They did me a great deal of good. I have not been bothered at all with indigestion since, and can sleep much better. I have recommended Dr. Chase's Nerve Food to many of my friends, as I think it splendid for anyone run-down and needing a tonic."

Dr. Chase's Nerve Food, 50c a box, all dealers, or Edmondson, Bates & Co., Limited, Toronto

Backaches and other external pains quickly soothed

THAT dragging, wearing backache, that so many women suffer from, is quickly eased by an application of Sloan's Liniment. No rubbing, massaging, or skin stains. It's good for all the family and all kinds of "external" aches and pains. At all druggists—50c, 70c, \$1.00. Made in Canada.

BROTHERHOOD ON MARCH, SAYS SMUTS

Dr. James Foster Wilcox To Address Local Brotherhoods On Thursday.

General Jan Christian Smuts says: "Brotherhood is on the march."

While men of London are talking of the coming of Dr. James Foster Wilcox to the city Thursday evening at Asklin Street Methodist Church, it may be well to consider how the brotherhoods serve the churches.

By taking to "the man outside" the church, the message of brotherhood and goodwill to be found within the church.

By linking him on to the brotherhood movement within and without the church so that he may render service to the church and his fellow outside the church.

The brotherhood is now assuming a big responsibility for helping to assimilate new citizens who are arriving at our gates by the renewed influx of immigration. If for no other reason than this, every church should be interested in the movement, which has over 3,000 societies in the British Isles, and is firmly established in Europe and the United States.

As an organization it is in a peculiarly advantageous position to guide, advise and educate these new citizens and become the medium to introduce them to the churches and into the church life of Canada. Such a proposition is in itself sufficient justification for the movement, which is bound to catch the imagination and enlarge the vision of every man who is interested in the spiritual and material well-being of his fellows.

JAMES GRAY GOES TO QUEEN'S CONVOCATION

James Gray left Tuesday evening for Kingston, where a special convocation at Queen's University is being held Wednesday evening for the conferring of the degree of LL.D. upon his excellency the governor-general, Baron Byng of Vimy. There will also be a memorial tablet unveiled in memory of former members of the university who fell in the Great War. The late Capt. James Roy Gray, son of James Gray, was a student at Queen's.

RETURNING TO VERMONT.

ST. THOMAS, Dec. 13.—W. H. Whalon, organizer for the Canadian City Bureau, who for the past ten weeks has directed the course of the recently-formed chamber of commerce and who was mainly responsible for its splendid success, will leave this city on Thursday next, he announced Tuesday. He returns to his home in Vermont.

TO INVESTIGATE DAIRY.

ST. THOMAS, Dec. 13.—It has been reported to the health department of this city that a dairy firm supplying milk locally has been running a machine through a pasteurizing machine while the machine was cold. Dr. McKillop declared that the charge was a serious one, and ordered Inspector Shaw to make an immediate investigation. If the charge is proven true prosecution will likely follow.

FOCH RETURNS TO N. Y. AFTER TRIUMPHAL TOUR

NEW YORK, Dec. 13.—Marshal Foch returned to New York at 3:30 o'clock this afternoon after a triumphal tour of the United States and Canada. He bid farewell to the United States before sailing for France tomorrow on the Steamer Paris.

SERIOUSLY HURT AS BEAM FALLS

Osborne Bell of 893 Queen's avenue was seriously injured when he sustained a badly bruised foot and head abrasions inflicted by a falling beam at the Middlesex mills on Dundas street east, at 8 o'clock Tuesday. He was removed to a physician's office, where his injuries were dressed prior to his being taken to his home.

I. B. S. GRANTS REACH THIRTEEN ORGANIZATIONS

The annual grants to charitable organizations in the city by the Irish Benevolent Society were made at a meeting of the members in the Tecumseh House Tuesday evening.

Those included in the grants are: Mount St. Joseph, \$50; Protestant Orphans' Home, \$50; Byron Sanatorium, \$25; Ladies' Aid of the Byron Sanatorium, \$25; House of Providence, \$20; Victoria Home, \$10; Aged People's Home, \$15; Children's Aid, \$15; Children's Hospital, \$25; St. Vincent's, \$20; Paul's Society, \$20; St. Mary's, \$15; St. Michael's, \$10; Convalescent Hospital, \$10. President E. C. Killingsworth acted as chairman.

FOCH RETURNS TO N. Y. AFTER TRIUMPHAL TOUR

NEW YORK, Dec. 13.—Marshal Foch returned to New York at 3:30 o'clock this afternoon after a triumphal tour of the United States and Canada. He bid farewell to the United States before sailing for France tomorrow on the Steamer Paris.
