Motor, Chemical, Rubber and Steel Shares Are Hit by Renewed Pressure.

Associated Press Despatch.

New York, March 20.—Marking up of several high-priced shares, General Electric reaching 231½ and Woolworth 327, was attended by short covering in the motors, in which Studebaker Willy-Overland preferred and Kelly Springfield were the best galners. Subsequent heavy selling of the steels, American Can, Baldwin Locomotive, United States Alcohol and Cast Iron Pipe caused the market to run off again. United States Steel sold at 99%, and railroads relinquished some of their earlier gains, Norfolk and Western sagging to 129%.

Speculative uneastness over fertilizer commissions furnished an excuse for heavy selling of American Agricultural Chemical, which yielded 3 points, and Virginia-Carolina preferred, which dedined 2% to new minimum figures for the year.

Selling pressure also carried Chandler, Bosch Magneto, Chalmers, United States Rubber, Gulf States Steel and Republic Steel to their lowest prices for the year.
