There is a slight difference however, between the Shelburne matter and those of the other constituencies we have named, McLelan has been re-elected, Tupper, practically, has no opposition, and Macdonald's changes are excellent, but it is very very soubtful indeed, if the House of Commons sees Mr. Robertson. He had a majority of only 31 last February, against General Lauris, and that was obtained through the persistent cry that the Government would go everboard, and he, Robertson, would fiff a cabinet position in the administration Blake was about to form, but which formation was indefinitely postponed by the people of Canada. General Laurie is out again against Robertson, and it is believed will defeat him No. carried by Governmen this time, for certain. The Conservative candidate labors under the disadvantage of nonresidency, while Robertson was born in the county, has a has himself been elected several times over strong opponents. The tendency of public opinion, however, is touching Shelburne, and the county, we beand elect General Laurie, a gentleman who would do credit to the representation of any constituency.

longs to St. John.

War is imminent in Zululand against annexation of the country to

New Brunswickers who are pros pering in the West,

In my last letter written from Qu'Appelle I told you of the exhibition at Fort Qu'Appelle, and of our visit to the industrial school and Rission near there. After leaving Qu'Appelle our party divided, half of them stopping off at Regina, the capital of the Northwest Territories, and the remninder going on to the town of Mossejaw, forty miles further. The town is indeporated and well laid out, but has scarcely realized the expectations of its early settlers, who expected it to become a large place in a very short time. It is situated, however, in a very good agricultural

chester or any other constituency for election. It is understood he will be appointed to the Governorship of Nova Scotis on the expiration of Governor Richey's term next June, and that honorable position will be to him a constituency for a light specific of the constituency for a specific of the constituency for a specific of the constituency for a specific of the constituency for the constituency for a specific of the constituency for the constituency for a specific of the constituency for the constituency for a specific of the constituency for a distance of over seven miles, though only gaining two in actual headway. Vancouver, the terminus of the C. P. R., is a city of wonderful piece of engine sering skill, describes a double loop traversing a distance of over seven miles, though only gaining two in actual headway. Vancouver, the terminus of the C. P. R., is a city of wonderfully rapid growth. Situated on the Burrard Inlet close to the Pacific of ean, it has a a splendid harbor, and the fact of its being the terminus of the constituency.

to a large extent at least, as there are fifty seven saloons in the place, each of which pays an annual license of two hundred dollars.

Mesers. Geo. Fraser of St. John and Walter L. Leonard a former Frederictonian, are usually ing on a successful commission business, under the name of Fraser & Leonard, and we were avening the following communication than for very much attention received which speaks for itself: state agents, is composed of Nova Scotians, ephews of our former Chief Superintendent of Education, and one of them told me of a piece of land that sold for eight thousand dolernor's, who is engaged in the stationery business, and Mr. Frank Dowling, formerly erry the wheat crop would average from hirty-five to fifty-seven bushels to the acre, and that the average for the Province would be thirty bushele. This, said Mr. Perley beats the world, it is three times the yield they have in Minnisota this year, and if we have a few more such years here the people will be wearing diamonds. Mr. Perley carries on farming at Carberry, and also has charge of the hotels belonging to the C. P. R., along heir line of railway.

The Canada Pacific Railway which extends

from Montreal to Vancouver, a distance of three thousand miles, is one of the greatest undertakings of modern times, and contem-porary history furnishes no parallel of so imortant and expensive a work having been undertaken by so small a number of people. The rapidity with which it was constructed, was something truly marvellous, and it is first from the colony, has attend for the territory formerly possessed by Cate-wayo, where the latter's son, Dinizulu, heads a rising.

and offers many advantages to the industri

By this means the hundrede of men, many of them quite irresponsible, are kept under the church. A mutual reciprocation them quite irresponsible, are kept under the most perfect discipline. Each has to agree to the system of fines as a part of his contract and lines are few. The men become very and fines are few. The men become very and fines are few. The men become very and fines are few. The men become very that it was a match. Society hegan to whisper that it was a match. Society for once was in 80 wagons than an unskilled set could get into the property of the young couple into these times that number. This was a match. Society for once was in 180 wagons than an unskilled set could get in nourse of time rinehad into a warmer. expert in packing, and according to Tody Hamilton, can pack away more paraphernalia in 80 wagons than an unskilled set could get into three times that number. Things have changed greatly in the circus business in the last few decades. From traveling in wagons the pircus first went to 20 foot cars, and now uses cars of twice that length. The railroad train is a part of the outilt, and everything about it except the locamotive belongs to the show. From 40 horses and about that number of men it has risen to many times

those figures. The demands upon the help-ers have changed somewhat. "I can remem-ber," said Mr. Hutchison yesterday, "when every man was expected to be a fighter, her," said Mr. Hutchison yesterday, "when every man was expected to be a fighter. There were number of towns where a free fight was a certainty, and was the part of the gather and he was comparatively poor. People would look upon this se a missiliance. She was not sure but that her supposed fight was a certainty, and was the part of the gather might also. Mr. Wilder listened atfight was a certainty, and was the part of the entertainment which was not looked ferward to with the least interest. When Joe Cush-ing, who began as a tent man and got to be a proprietor, began, his experience was curious, He applied for a job. They told him that NEVER HAD BREN WHIPPED.

If he could whip the champion he could have f noon, and the whole circus went out healight the tents and formed a ring. Joe whipped the bully in short order, and thus got a logic. The better class of performers are lodged at hotels, the hotels being graded according to the sminence of the performers. Let a large city, four grades of hotels are selected, I this work being done by the "layer-out?" to their sminence of the Barnam show, including the wardrobe woman as well agreed including the wardrobe woman as well agreed including the wardrobe woman as well agreed to divulge the secret of years, and informed her that the man she loved was her circus material from the sterner as z. cus material from the sterner sax.

About 200 men are required to tend the show during the winter, and an expenditure of \$200,000 will take place without a cent of Square Garden next year. All the wagons are repainted and regilded each winter season the zebra is carefully recolored and every camel is newly upholstered throughout. The bulk of the employes scatter. Mr. Barnam and Mr. Hutchinson will keep an eye on the wintering investment, while Mr. Hamilton, the advance agent, will take a tour to Cali

## ROYAL ARCANUM

At a meeting of Lorne Council, No. 48 To the Members of Lorne Council Royal Arcanum

Gentlemen.—I humbly desire to esturn my sincere thanks to the Supreme and Subord piece of land that sold for eight thousand dor-lars the week I was there, that had been pur-chased a year before for eix bundred. I also Widows' and Orphans' Benefit Certificate of chased a year before for six hundred. I also met Mr. S. T. Tilley, a nephew of our Governor's, who is engaged in the stationery business, and Mr. Frank Dowling, formerly in the W. U. Telegraph office in Fredericton, who is now filling a lucrative position in the business, and the same, and the children to support and educate at Vancouvar On my resident to me, situated as I am with four small children to support and educate.
