LOOKING OVER TO LONDON.

WATCHING THE MONEY MARKET OF THE WORLD'S METROPOLIS.

The Deliveries of Barley are Almost Done—Immense Stocks of Manitoba Wheat in the Elevators—Both Grains are Steadier—Business Embarrassments.

WEDNESDAY EVENING, Dec. 12.

Barley is a turn stronger to-day, sales having been made of No. 1 spot at 67c, No. 2 at 63½c, No. 3 extra at 60c. Although there are some small sales being made there is no demand for round lots, and the United States markets are slow. If barley were to get into strong hands it is thought that the market would strengthen. Receipts have fallen off until at many points they are almost nothing. It is the opinion of some dealers that there is not much left in farmers' hands, or that there is little more that will be delivered, as farmers will feed their lowest grades rather than sell it at what they will be able to get for them.

Wheat is firmer in Manitoba. There are large quantities in the elevators; in Ontario alone there must be between a quarter and a half a million bushels. No. 1 hard sold to-day at $1.25 and even better than that.

The money market in London is exciting interest just now. Money there is stiffening and the weekly cables to-morrow announcing the rate is looked for with some anxiety. Call loans there are running as high as 7 per cent., and on the London Stock Exchange advices say 7 to 9 per cent. is being paid for settlements which are generally done for 3½ or 4 per cent. 60 days counter rates are slightly easier but demand is firmer and will probably stay firm to see if interest goes up or not.

In Toronto the effect has made itself felt and the banks are beginning to call up some of the standing loans at the lowest rates. Rates have not yet been raised, but are becoming firmer.

There was some little business to-day on the local stock exchange; the transactions totaling 588 shares. Prices opened about the same as yesterday and closed strong. In the forenoon British America was quoted at 98 asked; Western Assurance, 144 and 143; Canada Life, 360; Confed. Life Assn., 250; Consumers' Gas, 189½ and 188; Dom. Those who once buy at the Army and Navy always buy there.

Bickel's Anti-Consumptive Syrup stands at the head of the list for all diseases of the throat and lungs. It acts like magic in breaking up a cold. A cough is soon subdued, tightness of the chest is relieved, even the worst case of consumption is relieved, while in recent cases it may be said never to fail. It is a medicine prepared from the active principles or virtues of several medicinal herbs, and can be depended upon for all pulmonary complaints.

A Pioneer Merchant Gone.

The remains of the late John Mead, who for many years carried on business in this country, was interred in St. James' Cemetery yesterday. The remains were followed to the grave by a large number of relatives and friends. Rev. Arthur Baldwin discharged the last rites. Mr. Mead came from England to Montreal in 1835, and remained in business there till 1838; he took part in the defense of the country during the troublous times of '37, and was always known as a loyal British Canadian. He came to Toronto in 1838, where he took an active part in business. Ten years ago he sold his hardware business to his son-in-law, Messrs Ross & Allen. Since then the son-in-law, Messrs Ross & Allen, has spent his time chiefly in visiting among his numerous friends and relatives. He died on Sunday morning last at the residence of Mr. Allen, his son-in-law, on Isabella-street. Deceased was 84 years old.

THE CONFERENCE CLOSED.

The Congregationalists Discuss a Training School for Toronto.

The Congregational Conference, which has been in session for the last two days, closed yesterday at 12 o'clock. At 9 o'clock President Rev. Charles Duff took the chair and for the first half hour conducted devotional exercises.

The first subject discussed by the conference was introduced by the Rev. W. W. Smith and was on inter-visitation among the churches of the central district. The object of inter-visitation is to encourage and stimulate the Congregational churches in their various branches of work, such as matters relating to finance, Sunday-school work, etc. The President and Secretary McGregor were appointed a committee to make arrangements for carrying out this visitation.

The next hour was devoted to a discussion on the institution of a training school for young men preparing for the ministry in Toronto. The Secretary moved this resolution:

"That in the judgment of this association the time has now come when the needs of our work in Toronto and vicinity demand that a training school be established in Toronto for young men looking towards the work of the ministry, and we desire it to be earnestly understood that this step is taken in the fullest sympathy with our colleges in Montreal; and further we recommend that the secretary of this district correspond with the secretary of the College board in Montreal, in order to secure co-operation in arranging the course of study."

Rev. John Burton contended that no necessity existed for inviting the co-operation of the city authorities in Montreal in arranging the course of study. His contention was on the ground that the project was a Toronto movement, and should be carried on and developed by Toronto friends, independently of the Montreal Colleges. The resolution carried almost unanimously.

The alumni of the college present were especially careful to affirm that the proposed movement was in no way antagonistic to the Montreal College.

The association is to meet the second week of next April in Wiarton.

180,000 people in Toronto, and about one-quarter of them buy their clothing at the Army and Navy stores. Men's overcoat are having a great run just now. An elegant blue nap overcoat, velvet collar, Verona linings and made equal to the best custom trade at the price is only ten dollars. Do not spend a cent for clothing till you've been to the Army and Navy stores. Positively no shoddy goods sold at the Army and Navy stores if they know it.

I took Parmelee's Pills according to directions under the head of 'Dyspepsia or Indigestion.' One box entirely cured me. I can now eat anything I choose, without distressing me in the least." These Pills do not cause pain or griping, and should be used when a cathartic is required.

FIREPROOF BUILDING MATERIAL.

Dr. Stephen Smith, an eminent physician of New York, Vice-President of the National Board of Health, and late State Commissioner in Lunacy, after a critical examination of Terra Cotta Porous Ware, strongly recommends its use in hospitals, asylums and similar institutions, as "it makes a floor and wall that noise can scarcely penetrate, and capable of taking a finish which will be permeable to air, and may be washed and disinfected."

A recent test at the St. Lawrence Foundry, Toronto, shows that our 9 inch flat arch blocks, in a span of four feet, sustained, without any indication of weakness, 4545 lbs. of metal on one square foot of surface.

Architects are recognizing the value of this material, our latest endorsers being: R. A. Waite, Esq., of Buffalo, N. Y.; Messrs. Brown & Love, Toronto; John J. Brown, Esq., Montreal, and Messrs. Knox & Elliott, Toronto.

Our latest orders are from the Bank of Commerce (now building), Toronto, the Royal Insurance Co., rebuilding Head Office, Montreal, the Imperial Fire Insurance Co., new offices at Montreal. 246

LADIES!

Do not be misled by blatherskite advertisements but call and see the Fine Furs manufactured by the oldest and most reliable FUR HOUSE IN THE DOMINION.

We misrepresent nothing. Every article we offer is just as we represent it, and do not give it some fictitious name in order to make a sale. We have genuine Black, Brown, Grizzly, Cinnamon and White Bear Skin, Lynx, Alaska Sable, Mink and other Fashionable Boas.

In the manufacture of our Sealskin Garments we use the ALASKA SKINS ENGLISH DYE and do not manufacture any Northwest coast or Lobo Skins, which should be sold for about half the price, but will give no wear and is just like throwing money away to buy garments made from that class of skins.

We employ none but first-class furriers and finishers our trimmings are of the best quality, therefore our goods are right

SUPERIOR QUALITY. MODERATE PRICES.

INSPECTION INVITED.
