LOCKETT & SON

Stone costs eighty cents a load, double the price of the gravel supplied our town and it is questionable whether the stone answers the purpose any better than the gravel. A heavy roller applied to the roads after the gravel is spread would serve to level and solidify the surface. Those who have visited Middle to haste with the good results of this transment are disastisfied to see the streets ne gleeted and going from bad to worse and will support the efforts of the Council. What are you going to do?
