

*Destined solely for the members of our Institute, this volume must, necessarily, aim higher than for pure literary effect. It purposes, above and beyond all, to be a book of edification. While studying its meaning, may our souls be enkindled with the zeal of such true servants of God as the Most Reverend Archbishop Bourget, the Right Reverend Bishop Prince and the Very Reverend Canon Truteau. May we be inspired to render thanks to God, Who in decreeing the birth of our Community, deigned to procure for it such powerful aids !*

*May the Sacred Heart of Jesus and His holy Mother bless our religious family and keep it always in unity of heart and soul !*
