

TITLE	PAGE
ROAD(S) —(Continued).	
Practice of — Work	114
*Present Knowledge of Concrete — Constr.	262, 280, 303
— Drainage and Foundations	560
Rural —	586, 693
*Toronto-Hamilton — Construction	118
Types of Bituminous — Construction	520
Cost Data for — Work in Sask.	324
Cost of — Maintenance, Niagara Falls Park	534
Ductility of Bitumen	176
Heavy Traffic on —	225, 397
Maintenance of Pavements	730
Proposed Standard Definitions of — Materials	116
*Repairing Pavement Cuts in Ottawa	696
— Material Resources of Ontario	173
Urban and Suburban —	399
Width of Bridges and —	372
ROOF(S) : *Insulating — Against Condensation	733
*Light and Useful — Truss	477, 528, 578
SEWAGE : *Activated Sludge Experiments....	112
*Activated Sludge Installation at Milwaukee	517
Aeration Method of Purifying —	429
Analytical Methods in — Treatment.....	498
*Chlorine Control Apparatus for — Purification	276
*Cost of Activated Sludge Process.....	549
Disposal of Suspended Matter in —	644
*Economic Possibilities of Sludge.....	710
Report on Toronto — Disposal Plant	290
Saltpeter Method for Strength of —	165
Separation of Grease from —	541
Surface Drainage and — Purification.....	561
SEWER(S) : *Keele St. — Constr., Toronto...	581
Laying of — Pipe	108
*Some Difficult — Construction, Toronto...	653
*West Toronto Storm Water Outlet.....	638
STANDPIPES : Sand Cushion vs. Grout Base.	664
Reinforced Concrete —	199
STRUCTURES : *Effect of End Connections on Stress	397
*Greenhouse Factory at St. Catharines....	162
*Light and Useful Roof Truss.....	477, 528, 578
SURVEYING : *Chaining Over Wide Gulch...	159
*Observation of Sun for Azimuth	237
Plane Table Work	134
Posts for D.L.S. Work	115
*Timber Berth Surveys in West	279
*Topographical Railway Traversing	540
TRAFFIC : Heavy —	225, 397
Regulation in Detroit and Toronto....	380
*Radial Entrances and Semi-Rapid Transit, Toronto	741
TUNNELS : *C.P.R. Tunnels in B.C.	293
*Tunnelling and Geology	365
WALLS : Pressure on Bins and —	164
WAR : *Canadian Engineers at Ypres —	437
Engineers and —	407, 428, 447, 523
Submarines and Torpedoes	204
WATER : *C.P.R. Irrigation System	419
*Experiments on Flow Through Sluiceways.	334
International Joint Commission	514
*Recorder for Flow Over Weirs	241
Ring Gauge for Rainfall	575
*Some Principles re. Irrigation Systems....	682
Transportation of Detritus by Rivers....	297
*Chlorine Control Apparatus for Purification Comparison Between Bleach and Liquid Chlorine	661
Montreal's Filter Problem	133
Purification by Disinfection	351
Relative Stabilities in Polluted —	573
River Sand as Filter Medium	192
*Toronto Filtration Plant Construction....	618
Treatment of — With Hypochlorite	613
*Ultra-Violet Ray Sterilization	686
Value of Mechanical Filters	127
* — Purification by Excess Lime	345
Importance of — Storage	315
Proposed Storage at Lake St. Frances....	140
— Storage on St. Maurice River.....	208
WATER POWER(S) : Canadian Hydraulic Power Problems	584
Canadian —	657
Cedars Rapids Development	597
Diversion for Power at Niagara Falls	670
St. Croix River Power Case	639
— Exhibit at San Francisco	209
— of British Columbia	562
— of Maritime Provinces	473
— of Ontario	392
— of Prairie Provinces	489
— of Quebec	426
— for Mining and Industrial Purposes..	698
See also HYDRO-ELECTRIC and POWER .	
WATERPROOFING : — Concrete Surfaces..	161
WATER SUPPLY : *Deep Trenches for Reservoirs	269
External Corrosion and Repair of Water Main	713

TITLE	PAGE
WATER SUPPLY —(Continued).	
*Improvements to — at Port Hope.....	317
*Overland Pipe Scheme, Ottawa	667
Pipe-laying Across Small Streams	705
*Quebec Bridge Pumping Plant	610
*Repairing a Submerged Main	533
*Sooke Lake —, Victoria	590
Unit Costs, Sooke Lake —	711
* — and Power, Medicine Hat	509
*Winnipeg-Shoal Lake Aqueduct	502
WATER WORKS : Choice of Alloys in — Design	189
*Montreal — Situation	255, 482, 569
Reinforced Concrete Standpipes	199
* — Reconstruction at Hamilton, Ont....	485
WHARVES : *Government — at Windsor, Ont.	125, 356
WOOD : Forest Products' Laboratories of Can.	714
Manufacture of Pulpwood in Canada.....	375
Timber in Canada	538
Wooden Poles and Cross Ties, 1914	374

TITLE	PAGE
Manufacturer, Research Work and the.....	453
Money, Savers of Time and.....	505
Montreal, The Civic Officials of.....	527
Municipal Prospector and His Find.....	239
Municipal Service, Fort William Aims at Better	481
Municipal Water Supply Progress.....	740
Munitions Board, Imperial	673
My Design—Your Guarantee.....	383
New Uses for Cobalt Metal.....	697
National Resources, A Commission on.....	527
Naval Inventions Board.....	193
Need for Active Service at Home.....	193
Never Again	621
New Engineering Student	431
New Step in Engineering Education.....	453
Niagara Power, the H.E.P.C. Needs More....	649
Niagara River Water, Diversion for Power Purposes of	673
Nickel, Ontario Commission on.....	211
Oil-Mixed Portland Cement Concrete.....	359
Oil-Tar Creosotes	739
Ontario Commission on Nickel	211
Ontario's Water Powers	409
Opening for Steel Rolling Mill Machinery....	360
Ottawa-Prescott Highway	481
Overseas Railway Construction Corps, Canadian	577
Planning, Town	595
Power Possibilities, Winnipeg	211
Power Schemes, Showers of	261
Proposed Development on Elbow River.....	333
Publicity in Engineering Work	717
Quebec, Hydraulic Activities in	117
Quebec, Water Rights in.....	193
Railway Construction and the Government... 311	
Railway Construction Corps, Canadian Overseas	577
Reports of Importance, Two Geological.....	169
Research and Industrial Progress.....	333
Research, Strategy of	599
Research Work and the Manufacturer.....	453
Resources, Administration, Investigation and Control of Water Powers.....	551
Road Engineering	145
Road Improvement from Toronto Eastward..	117
Savers of Time and Money	505
Sea-Water Concrete, Investigation of.....	239
Shell Committee, Canadian	599
Shell Orders, Canadian	211
Shell Production, Labor Troubles and.....	505
Showers of Power Schemes.....	261
Sir William Van Horne	383
Sludge Process, Activated	239
Standard Rating for Concrete Mixers.....	431
Steel Rolling Mill Machinery, Opening for...	360
Strategy of Research	599
Student, New Engineering	431
Time and Money, Savers of	505
Toronto Harbor Situation	285
Town Planning	505
Trade with Russia, Future	145
Two Geological Reports of Importance.....	169
Value of Discussions	621
War Orders and Machinery	739
Water Development on Elbow River.....	333
Water, Filtration of	145
Water Powers, Ontario's	409
