RESOLUTIONS OF THE NOVA SCOTIA EAST DISTRICT.

Yarmouth, June 8th, 1851.

Official documents exhibiting a view of the financial, educational, and religious condition of the Wesleyan Academy, Mount Allison, for the past year, were received from the Rev. Principal of the Institution, by the Chairman of the District, during its Session, and laid before the brethren, by whom the several Reports were listened to with a more than usual degree of satisfaction. Contemplating the animating tokens of advancing prosperity with which God, in his providence and grace, continues to favour this Literary Establishment, it was unanimously Resolved—

I. That the highly satisfactory and gratifying statements embodied in the Reports just read, as illustrative of the financial position, the literary efficiency, and the salutary moral and religious influence of the Wesleyan Academy, afford the brethren unmingled satisfaction; more especially do they receive with sentiments of devout gratitude to Almighty God, the cheering intelligence that the full attendance of Students during the year, has afforded unmistakable evidence of growing public confidence in the ability, and fidelity, with which the Institution is conducted; and the still more welcome tidings that the hearts of many of the Students have been opened to receive "the Word of Life."

II. That we consider the erection of the building for a Female Seminary, to be placed under the same Educational direction, as a particularly auspicious event; and regard, with gratitude and admiration, the munificence of those friends who have facilitated the accomplishment of an object so desirable and important; and they look forward with hope and confidence to the future history of this department of the united Institution; being fully persuaded, that as the need of such an Establishment for imparting to females a superior training, in the popular and ornamental branches of education, has been much felt by respectable parents very generally throughout this and the sister Provinces, so they will extensively avail themselves of the advantages which, we doubt not, the Female Branch of the Sackville Academy will present.

GENERAL DEPARTMENT.

In respect to this also there are four Ranks or Degrees of excellence, and the standing of each Student is determined by the record kept of his conduct throughout the Term. In the *First Rank* those are placed who appear to have been *uniformly* attentive to all the regulations of the Institution; in the *Second*, those who have been *so usually*; and in the *Third* those who have been *occasionally neglectful*.
