

WINCHESTER

.32 Special Caliber Rifles For Smokeless or Black Powder.

The .32 Winchester Special cartridge, which we have adapted our popular Model 1894 Rifle to handle, was developed to meet the demand of many sportsmen for a smokeless powder cartridge of larger caliber than the .30 Winchester, yet not so powerful as the .30 Army, and which could be loaded with black powder. This cartridge fills all these requirements. Rifles of this caliber can be furnished in styles to meet all tastes.
