George Thompson. Mr. Currie, convenor of the Home Mission Committee, gave in a half-yearly report from Apr. 1st to Oct. 1st, giving statement of services rendered and claims therefor during that period, viz.: Point Edward, \$150; Napier, \$100; Oil Springs and Oil City, \$50. Also recommendation for the half year from Oct. 1st, viz.: Point Edward, \$150; Napier, \$75; Oil Springs, \$25, also for mission stations, \$2 per Sabbath for Dathol and Sombra. The report farther states that steps be taken for the supply of these fields for the winter.

The Presbytery after long discussion regarding Corunna and surrounding fields resolved that Corunna, Knox church, Mooretown, and Courtright be put under the care of one man with the suggestion that those pulpits be supplied every Sabbath as follows: Knox 10 a.m.; Courtright, 2 p.m.; Mooretown, 4 p.m., and Corunna at 7 p.m., and that the Home Mission be instructed to secure a man for this field, Mr. Nichol interim moderator. Report received and adopted.

CORRESPONDENCE.

NO CHARGES ON CHILDREN'S DAY PARCELS.

Editor *Presbyterian Review*:

DEAR SIR,—All charges on the parcels of Children's Day services recently sent out to Sabbath Schools have been prepaid in St. John. I am advised that in some cases, doubtless by error, additional charges have been made on arrival at the office to which they were addressed. This is a mistake, and if any one who has been thus charged will communicate with me I will see that money is returned. Yours sincerely,

T. F. FOTHERINGHAM.

"WHITHER ARE WE DRIFTING?"

Editor *Presbyterian Review*:

SIR,—“Covenanter's” letter leads me to remark that the new Presbyterian Hymnal affords another evidence that it is usually weaknesses which are imitated. Many in the Church of England dislike or disapprove of singing “Amen” at the end of hymns, as nonsensical. Quite as many object to sitting during prayers, but our modern churches are seated in a manner which precludes turning round and kneeling, as was the custom in most churches outside the Presbyterian communion when “Covenanter” and I were boys. Anthem and solo singing are another feature not universally admired in the “Anglican” Church, which the songs of the Covenanters have taken in with the “Kist o' Whistles.” ULLSTER PAT.

The Editor of the *PRESBYTERIAN REVIEW* is just in receipt of a complimentary copy of “THE LIGHT OF THE WORLD,” or, “OUR SAVIOUR ART,” issued by THE ELDER COMPANY, 278 Michigan Avenue, Chicago, Ill. This is one of the most beautiful volumes we have ever seen. It contains nearly 150 full page engravings of most exquisite finish printed on sumptuous paper. All these engravings have been carefully reproduced from the world's greatest paintings, and all the greatest painters who have ever lived are here represented. In short, this superb work of art brings the Art Galleries of Europe right into our homes, so that those who are not able to go abroad to see the original paintings from which our pictures were made, can, with this book, sit quietly down in their own parlor and study the ideals of Christ, as conceived by the great masters. Someone in this community could make money rapidly, by securing the agency and taking orders, as this book is in any home equal to a liberal education in art. A lady or gentleman of good church standing, might be able to secure the management of the entire county by writing at once to A. P. T. Elder, Publisher, 278 Michigan Ave., Chicago, Ill. The editor of this paper indorses “The Light of the World” as a book of great merit.

AFTER MANY YEARS.

A Sufferer is restored to Health and Strength.

Suffered From Weak Heart and Could Not Safely Walk Any Distance—How the Pulse of Life Was Adjusted.

From the Cornwall Freeholder.

The romance of unwritten facts of real life far exceeds the rich elaborations of fiction. A peep behind the scenes would furnish us with adequate proof that there is more of care, trial and severe anxiety in human life than floats on the surface. We find many whose experience has almost incessantly fluctuated between health and sickness; little if any of this is obtruded upon the notice of the world, or breathed into human ear. You may secure the confidence of some of these sufferers who will rehearse to you a dark catalogue of pains and aches that are often ill understood by the friends and inadequately treated by the physician. Thanks be to the mighty genius that discovered the now famous panacea for the ills to which humanity is subjected when suffering from impoverished blood or a shattered nerve system. Thousands have, and thousands are still using to the greatest advantage Dr. Williams' Pink Pills. They have passed the ordeal of experiment again and again with ever increasing honor. The following statement is from one who was rescued from seeming permanent enfeeblement and distressing heart action. Mary Fisher, of Lancaster township, Glengarry country, is a maiden lady. About eighty years ago Miss Fisher was seized with weakness and a distressing sensation in the region of the heart. It was attributed to several causes, all possibly more or less true, they were overwork, exposure etc. She was certainly weak and the action of the heart was abnormally rapid. The doctor in attendance pronounced the ailment nervous palpitation of the heart and she received treatment accordingly for two years. At this stage she took to her bed as she was so low. For twelve months she lay receiving only domestic attention. She improved somewhat, however, and was able to be taken to a friend of hers near Lancaster village, Mrs. J. Hancy, where she was under medical attendance and took medicine for about three years. At the end of this time she could not safely venture to walk out even a short distance. All this time she complained of her heart. About two years ago she began taking Dr. Williams' Pink Pills, from this date she began what proved a steady restoration of nervous energy. During the summer of 1896 the improvement was marked. She was able by the middle of the summer to do as much work and walking as most ordinary women, and so satisfactory and apparently permanent is the cure that Miss Fisher has gone to her former home. Such are the unwritten facts of a remarkable case. The malady was persistent, tenacious and hard to fight. But the constant use of Dr. Williams' Pink Pills wrought a marvellous change, which Miss Fisher's friend said might be profitably known to many others. Dr. Williams' Pink Pills cure by going to the root of the disease. They renew and build up the blood, and strengthen the nerves, thus driving disease from the system. Avoid imitations by insisting that every box you purchase is enclosed in a wrapper bearing the full trade mark, Dr. Williams' Pink Pills for Pale People.
