

aged 66 years, was murdered on the spot; and the two sons, Charles and Louis, young men, aged 20 and 22 years were mortally stabbed, with a dirk knife, one in the abdomen and the other in the neck. The assassin was arrested, whose name is Henry Carnal, a powerful, desperate looking man a Swede by birth, aged 23 years. The police succeeded in capturing the murderer, about 7 o'clock, three hours after the perpetration of the awful deed, in an area situated in the rear of no. 46 Dey street, where the villain had fled in his endeavor to escape over the back fences. The police of the Third ward conveyed the deadbody, and the two wounded young men, to the station house. Coroner Greer was called to hold an inquest, and investigate the terrible and bloody tragedy. The wounded young men were sent to the City Hospital. The deed was evidently done for two purposes of robbing the premises, as the old man was in the possession of about \$25, which money was found in his trunk—the murderer not having had time, from the alarm made by the sons, to look for the treasure, scarcely having time to escape through the back yard before the police were on the spot.--Herald, 16th.

MOCK SLAVE CATCHING—A NEGRO SHOT.—The colored hands on board the Steamer Governor, have been living for two or three weeks in constant dread of the slave catchers—and although there is not the least probability that any one is about to annoy them in that behalf, yet the boys have so delighted to excite their fears, that they seem to hear a slave-catcher in every rustling leaf. They armed themselves with deadly weapons, and resolved to shed their blood for liberty, if need should be. So much explanation is necessary, in order to understand the sequel. On Wednesday evening last, while the boat was lying at the Wharf in this city, waiting for the passengers by the Boston train the colored gentlemen named, having plenty of leisure, concluded to have a little exercise, to keep their blood warm and perfect themselves in the art of repulsing the bloody fellow that might be after them in the sneezing of a bed bug. So the farce commenced. One of them was appointed to enact the part of slave-catcher—the others were the slaves. So the slave-catcher dashed in among them and seized one of them, who at once snapped his pistol at him, and then turned and ran. Whereupon the catcher drew his pistol and let fly at the retreating fugitive; when lo and behold, the pistol proved to be loaded, exploded, and put a ball plump in Pompey's seat of honor, tumbling him over without ceremony. Here was a muss indeed! Luckily, there was but a small charge of powder in the pistol, and Pompey's skin was rather tough. The ball had entered his premises but an inch or two, and when they pulled off his trousers to render him aid, the bullet rolled on the floor.--Portland (Me) Argus, Oct. 25.

PUMPING A LAKE DRY.—Dr. J. V. Smith, the editor of the Boston Medical and Surgical Journal, who is now on a visit to Europe, gives an interesting description, in his editorial correspondence from Holland, in the manner in which the lake of Harmel is being drained by steam engines and its waters sent to the sea. Six miles from Amsterdam is the inland lake of Harmel, 21 miles in length by 11 in width, which, three hundred years ago, was found to be perceptibly increasing by shooting farther and farther, and covering up the land threatening the first commercial port of the realm with destruction by flowing in upon its back. Various schemes at that remote epoch were devised by able councilors to stop the threatening danger. Three Dutch engineers, of acknowledged ability, proposed draining off the water, first raising it by wind-mills. They are entitled to remembrance, from having suggested the plan adopted in 1849 for averting an impending calamity. Seven years since, delay being no longer safe, a canal was dug around the whole circumference of the lake, averaging 200 feet in width by ten deep. Three monstrous engines are housed on the sides of the lake, some six or eight miles apart, each moving eight monstrous pumps. All the pistons are raised at once, at every revolution of the machinery raising 15,000 gallons of water, which is emptied into the canal, whence it is hastened on by a fourth engine faster than it would otherwise move to the Zuyder Zee, and thus it reaches the sea, fifteen miles distant. In April, 1849, the pumps, worked by three of the mightiest steam engines perhaps ever constructed, were set in motion, and up to this date, July 25th, 1850 have lowered the contents of the lake seven feet. By next April it is anticipated that the bottom will be fairly exposed, and all the water conveyed away from this ancient basin. All this is executed at the expense of Government.

LECTURERS:—Dr. Workman, Dr. Morrison, Dr. Wright, Dr. Parke, Dr. Russel, Dr. Langstaff, Dr. Aikens and Dr. Rolph.
August 23, 1850. 41-7m

NOTICE.

A FEW VALUABLE BUILDING LOTS, Improved Farms, Wild Land in different parts of the Province, and Stock in several Chartered Companies, for Sale on reasonable terms.

Apply to,
R. C. McMULLEN,
Church Street.
Toronto, Sept. 2, 1850. 33-1/2f.

THE Subscriber begs to inform his friends and the public generally, that having at a considerable expense entered into arrangements with various Agents in Great-Britain, for the purpose of furnishing intending emigrants with the best information of Private Lands, both Cleared or otherwise, that he may have to Sell or Lease, he trusts to receive that support and encouragement which the undertaking deserves, by parties possessing Lands for disposal, sending the same to him with the necessary authority, as a published monthly list will be sent to his Correspondents, by which means our Emigrating Countrymen will receive that knowledge they so much require, viz:—How and in what manner they can invest their capital the instant they arrive here. As at present, very little is known of the true capabilities of Canada by a large majority of the British public, the Subscriber confidently hopes that correct accounts forwarded monthly, in the proper quarters, will eventually bring many to our shores who otherwise would have gone elsewhere.

W. H. FELLOWES,
Lund Agent, Toronto.
July 22, 1850. 27-12m

PLANTAGENET WATER.

The proprietor of the Plantagenet Springs Water has received the following Testimonials. The efficacy of the Plantagenet Water is now an established fact.—

Montreal, March 22, 1850.

Since August, 1848, I have recommended the Plantagenet Waters in a variety of Chronic complaints, and with good effect. It has proved very useful in Dyspepsia, Rheumatism, and Scrofula. Weakly and nervous persons, and those in whom there was an increased action of the bowels and kidneys, took but half a tumbler at a time, repeated every hour or two. When possessed of more strength, and there existed a tardy state of the secretions, the water was more copiously partaken of; and in cases of Phlthora, where a disposition to congestion predominated, with a tendency to fever and irritation, it was taken to the extent of several pints a day.

It would be a most happy circumstance if "Mineral Waters" generally, were to supersede, and be substituted for, the thousands of vile and pernicious compounds, under the style of Patent Medicines, with which a certain class of the community gorge themselves, to their manifest injury, and to the advantage, solely, of the unscrupulous manufacturers.

WOLFRED NELSON, M. D.,
President Col. Phys. & Surgs., C. E.
JOHN GOEDIKE,
Agent, King Street, Toronto.

UPPER CANADA COLLEGE.

RESIDENT SCHOOL HOUSE.

Minute of Council, (No 4)

ORDERED that advertisements be inserted in all the City papers, that the Resident School House will be opened for the reception of Boarders on the 2nd Oct., on the following terms: for Board, &c., £30 per annum, payable quarterly in advance, the tuition fees in College not being included. Each boy will be required to bring his own bed, bedding, towels, and silver spoon and fork. Parents and Guardians intending to send boys to the RESIDENT SCHOOL HOUSE, will be pleased to notify the Principal, F. W. BARRON, Esq., as soon as possible. The Resident School House will be under the direct supervision of the Upper Canada College Council, who have also consented to act as Visitors, and all the Masters of the College, who will act as Censors.
To ensure the necessary inspection and management, residence within the College precincts will be required of all the boys who do not reside in Toronto or its immediate neighbourhood, with either parents, relatives, or guardians.

The following papers also to insert for three months—Morning Chronicle, Quebec; Gazette and Pilot, Montreal; Kingston News and Herald; Cobourg Star, Hamilton Spectator, and Journal & Express; and send their accounts to Henry Rowsell, Bookseller to the College, King Street, Toronto.

F. W. BARRON, M. A.,
Principal.

Toronto Sept., 5, 1850. 34--3m.

DIVISION COURT AGENCY.

UNDER THE LATE ACT OF PARLIAMENT,

ON the first day of January next, the Jurisdiction of the Division Court will be increased to £25, and, from the experience the Undersigned has had, he hopes this branch of his business will extend in proportion.

R. C. McMULLEN,
Church Street.

Toronto, Sept. 2, 1850. 33--1/2f.

Toronto, August 5, 1850.

**VAYER'S
CHERRY PECTORAL**

For the Cure of
**COUGHS, COLDS,
HOARSENESS, BRONCHITIS
WHOOPIING-COUGH, CROUP
ASTHMA and CONSUMPTION**

I offer to the community this justly celebrated remedy for diseases of the throat and lungs, not our wish to trifle with the lives or health of the afflicted, but frankly to lay before them the opinions of distinguished men and some of the evidences of its success from which they can judge for themselves. We sincerely pledge ourselves to make no wild assertions or statements of its efficacy, nor will we hold out any hope to suffering humanity which facts will not warrant.

FROM BENJ. SILLIMAN, M. D., L. L. D., ETC.,
Professor of Chemistry, Mineralogy, &c., Yale College
Member of the Lit. Hist. Med. Phil. and Scien. Societies of America and Europe.

"I deem the CHERRY PECTORAL an admirable composition from some of the best articles in the Materia Medica, and a very effective remedy for the class of disease it is intended to cure."
New Haven, Ct., Nov. 1, 1849.

PROF. CLEVELAND, of Bowdoin College, Maine writes—"I have witnessed the effects of your "CHERRY PECTORAL" in my own family and that of my friends, and it gives me satisfaction to state in its favor that no medicine I have ever known has proved so eminently successful in curing diseases of the throat and lung.

DEAR SIR:—For two years I was afflicted with a very severe cough, accompanied by spitting blood and profuse night sweats. By the advice of my attending physician I was induced to use your CHERRY PECTORAL, and continued to do so till I considered myself cured, and ascribe the effect to your preparation.
JAMES RANDALL.
Hamden ss. Springfield, Nov. 27, 18

This day appeared the above named James Rand and pronounced the above statement true in every respect.
LORENZO NORTON, Justice.
THE REMEDY THAT CURES.
Portland, Me., Jan. 10, 1847.

Dr. Ayer:—I have been long afflicted with Asthma which grew yearly worse, until last autumn, it brought on a cough which confined me in my chamber, and I began to assume the alarming symptoms of consumption. I had tried the best advice and the best medicine to purpose, until I used your CHERRY PECTORAL which has cured me, and you may well believe me.
Gratefully yours, J. D. PHELPS.
If there is any value in the judgment of the wise, we speak from experience, here is a medicine worthy of public confidence.
Prepared by J. C. AYER, Chemist, Lowell, M. S.

Wm. Lyman & Co., Montreal, General Agents for Canada. Sold by Lyman & Kneeshaw, Toronto; Hamilton & Kneeshaw, Hamilton; Chas. Brent, Kingston and by Druggists generally throughout the provinces.

Childrens Hair carefully Cut and tastefully arranged. Families attended at their own residences, on the shortest notice. Private apartments for Hair Cutting.

**PROFESSOR A. C. BARRY'S
Tricopherous or Medicated Compound**

The facts in relation to this article speak for themselves. It has been ten years before the world with a constant increasing sale. It is used throughout the Union, as the best preparation for removing scurf, dandruff, and all diseases of scalp; and also for darkening, glossing, strengthening and promoting the growth of the hair. It is commended by eminent medical men, to be used with gentle friction, in cases of rheumatism, swelling of the glands, tumors, eruptions and external inflammation. It kept in the house of the farmer and in the rude hut of the frontiersman, as well as in the residences of our cultivated merchants and mechanics, as the application for cut bruises, sprains, burns, and the stings and the bites of insects.

For those incrustations which so frequently disfigure the heads of infants, every mother who has used it knows it to be an infallible remedy, and no adult in the habit of applying the preparation according to the directions—the roots of the hair—ever experience the loss of this invaluable ornament. The little book which accompanies each bottle of the Tricopherous, gives a list of the medical men by whom it is recommended, and a large number of family certificates and other testimonials forwarded to Prof. BARRY from all parts of the Union enumerating scores of specific instances of its wonderful effects. Lastly, it is the cheapest as well as the most reliable preparation for the hair and skin now before the public. Sold in large bottles, price 25 cents, at the Principal Office, 137 Broadway, New York. For sale by the principal Merchants Druggist throughout the United States and Canada. Beware of the counterfeits sold at one dollar per bottle. For sale by WILLIAM BAILEY Toronto Canada.

**DR. THOS. C. GAMBLE,
HOMOEOPATHIC PHYSICIAN,**

FROM LONDON,

HAS the honor of announcing to the Citizens of Toronto, his arrival, with the intention of Practising his Profession amongst them. From his experience as Homoeopathic Practitioner, and the constant attention he will give to those who may favor him with their patronage, he hopes to give general satisfaction. He has taken the House, 135, King Street West, (opposite Owen's Mills' Coach Factory) where he may be consulted daily gratuitously. London prepared Homoeopathic Medicines to dispense; Ditto Cocoa and Tooth-powder, Homoeopathically prepared.
Toronto, 10th Oct. 41-6m.
