CUT No. 3 REGISTER.

"Don't dump your cash in the drawer and not know at night what is there till you count it."

The NATIONAL CASH REGISTER

16 inches deep, 12 inches high, 20 inches wide.

The Point is this... If a dollar is paid over your counter, and a part or all of it through carelessness is missing at night, then the Register will tell you the amount of it.

ONE STROKE OF THE FINGER PRODUCES SIX RESULTS.

1.—Rings a Bell. 2.—Drops the indicator of the former sale out of sight. 3.—Raises into full view one or more indicators showing new sale. 4.—Unlocks the drawer. 5.—Throws the cash drawer open. 6.—Adds up the amount of new sale.

COSTS NOTHING TO WORK IT. DURABLE IN CONSTRUCTION. PRACTICAL IN ITS WORKING. Over 4,500 in use by the leading business men of the country. Adapted to every line of business. Registering from one-half cent to thousands dollars. Send for circulars and partial list of users. You may know some parties you can write to. Don't delay. **SMALL LEAKS SINK LARGE SHIPS.**
