Aver's Cathartic Pills,

For all the purposes of a Laxative Medicine.

Perhaps no one medi-

Medicine.

Perhaps no one medicine is so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as thus mild but efficient purgative Pill. The obvious reason is, that it is a more reliable and far more effectual remedy than any other. Those who have not, know that ic cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its composition. We have thousands upon thousands of certificates of their remarkable cures of the following complaints, but such cures are known in every neighborhood, and we need not publish them. Adapted to all agos and conditions in all climates; containing neither calomel or any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscora to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, howels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangoments as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these Pills rapidly cure:—

the box, for the following complaints, which these Pills rapidly cure:—
For Dyspepsia or Indigestion. Listlessness, Eanguor and Loss of Appetire, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.
For Liver Complaint and its various symptoms, Billious Headlache, Sick Headlache, Jaundice for Green Sickness, Billious Colic and Billious Fevers, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.
For Dysentery or Diarrhoea, but one mild dose is generally required.
For Rheumatism, Gout, Gravel. Palpitation of the Heart, Puin in the Side.

tation of the Heart, Puln in the Side, Back and Loins, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints

the system. With such change those complaints this appear.

For Dropsy and Dropsical Swellings they should be taken in large and frequent doses to produce the effect of a drastic purge.

For Suppression a large dose should be taken as it produces the desired effect by sympathy. As a Dinner Pill, take one or two Pills to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of those Pills makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.
