

TRADING WIVES.—The Van Buren County (Mich.) Tribune says that a recent "trade" took place in Deerfield, as follows: "Mr. Lovelace, of the township of Deerfield, sold his wife to Mr. Dodge for a five-year-old cow. Mr. Dodge is living with said boughten wife, and Mr. Lovelace keeps the cow. Either cows are very high or wives are mighty cheap. The following specimen of coroner's report is said to have been held over the body of a little girl, found lying dead upon the shores of a lake in Chicago:—"State of Illinois, Cook County, ss.: At an inquisition taken for the peopel of the State of Illinois, and County of Cook, this 26th day a. d. 1854, before Mr. Austin Hynes, Coroner of said county of Cook, Mr. Austin Hynes, Coroner of said county of Cook, name upon the view of the body of a Female Child, name unknown then and lying dead upon the oaths of the Twelve Good and Lawful men of the peopel of the said State and County of Cook, and when and who the said came to his or she came to her death We the jury do say We the Jurors do Agree The Body came to her death by death alone"

LAST GREAT WORK. Just Published, uniform with FATHER FABER'S other Works. Price in Cloth 75 cts.; Cl. Gt. Edges, \$1.25.—By Mail, on receipt of the price in Gold, or P. O. Stamps.

BETHLEHEM, By Frederick William Faber, D. D. CONTENTS. Chap. I.—The Bosom of the Eternal Father.—Chap. II.—The Bosom of Mary.—Chap. III.—The Midnight Cave.—Chap. IV.—The first Worshippers.—Chap. V.—The Infant God.—Chap. VI.—Soul and body.—Chap. VII.—Calvary before its Time.—Chap. VIII.—Heaven Already.—Chap. IX.—The feet of the Eternal Father. The Title and Table of Contents suggests the character of this work, which the Rev. Author designates in the following Dedication:—"This Treatise on the Sacred Infancy of our Most Dear and Blessed Redeemer, is laid with the most Tender Devotion, the most Humble Confidence, and the most Reverential Worship, at the Feet of Saint Joseph, the Spouse of Mary, and the Great Foster-Father of our Lord."

The name of the distinguished Author, whose Works have already become so popular in England and this country, as well as on the Continent, where they have been translated, and met with an immense sale, is sufficient to invite attention to this past production of his genius, learning and piety. Like Father Faber's other Works, it abounds in passages of rare learning, exquisite beauty, graceful imagery and most tender piety. To at least many of the 30,000 who have read his other Works, particularly his "All for Jesus" this last production of his genius, and still more of his deep, active love for that same ever blessed Saviour of men, will be a more than ample reward. It offers better than treasures of gold and silver. If any were at this moment, when thrones are crumbling, and nations are falling to pieces or being humbled to the dust, it is in the words of the Babe of Bethlehem, and the words of the saying: "Vanity of vanities, and all is vanity; except to love God, and to serve Him alone."

UNIFORM SERIES OF FATHER FABER'S WORKS. In 8 vols. Demi 8vo. Cloth 75 cts.; Cloth, Gilt Edges \$1.25 per vol.—The complete set done up in neat Paper Boxes, 8 vols. Cloth, \$8. Cloth, Gilt, \$10. The usual discount to the Trade, the Rev. Clergy, and others ordering in quantities. Upwards of 50,000 copies of Father Faber's Works have already been sold in this country, and the demand is constantly increasing?

BETHLEHEM. THE PRECIOUS BLOOD; or the Price of our Salvation. SPIRITUAL CONFERENCES. THE FOOT OF THE CROSS; or the Sorrows of Mary. THE CREATOR & THE CREATURE; or, The Wonders of Divine Love. GROWTH IN HOLINESS; or, The Progress of the Spiritual Life. THE BLESSED SACRAMENT; or, The Works and Ways of God. ALL FOR JESUS; or, The Easy Ways of Divine Love. Universally esteemed as the Most Popular Devotional Works Published during the present Century. One of the most eloquent and distinguished clergymen in the United States, in writing an Introduction to one of Father Faber's Works, says:—"We turn to this last work of the Rev. Dr. Faber with sentiments of gratitude to heaven, and hope for its abundant blessing on the teachings of such a guide, which our most earnest language would, but faintly express. If the power to conceive and convey to others the sublime, and at the same time, the most practical truths that can interest the human mind, be a title to the homage of men, then has Father Faber established for himself a claim, which no length of years nor change of circumstances can efface. Few writers have made since the days of St. Francis de Sales, have made more Christian hearts bow in loving adoration before our tabernacle than the author of "All for Jesus," "The Blessed Sacrament," "Growth in Holiness," &c."

AYER'S PILLS Are particularly adapted to derangement of the digestive apparatus, and diseases arising from impurity of the blood. A large part of all the complaints that afflict mankind originate in these, and consequently these Pills are found to cure many varieties of diseases. They are a FAMILY REMEDY. Your Pills are the price of purity. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease. FOR JAUNDICE AND ALL LIVER COMPLAINTS. From Dr. Theodore Bell, of New York City. "Not only are your Pills admirably adapted to their purpose as a purgative, but I find their beneficial effect upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of bilious complaints than any one remedy I can mention. I sincerely trust that we have at length a purgative which is worthy the confidence of the profession and the people." DYSPEPSIA—INDIGESTION. From Dr. Henry J. Knorr, of St. Louis. "The Pills you were kind enough to send me have been all used in my practice, and have satisfied me that they are an extraordinary medicine. So perfectly are they adapted to the diseases of the human system, that they seem to work upon them alone. I have cured some cases of dyspepsia and indigestion with them, which had resisted the most judicious remedies. Indeed, I have experienced a great benefit from them in almost all the complaints for which you recommend them." DISSENTERY—DIARRHOEA—RELAX. From Dr. J. G. Green, of Chicago. "Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best purgatives I have ever found. Their action is most prompt, and they are very effectual in clearing the stomach and expel worms. They are so much the best physic we have that I recommend no other to my patients." INTERNAL OBSTRUCTION—WORMS—SUPPRESSION. From Mrs. E. Stuart, who practices as a Physician and Midwife in Boston. "I find one or two large doses of your PILLS, taken at the proper time, are excellent remedies of the natural secretion when wholly or partially suppressed, and also very effectual to cleanse the stomach and expel worms. They are so much the best physic we have that I recommend no other to my patients." CONSTIPATION—COSTIVENESS. From Dr. J. P. Vaughn, Montreal, Canada. "Too much cannot be said of your PILLS for the cure of costiveness. If others of our fraternity have found them so beneficial to the multitude who suffer from that complaint, which, although bad enough in itself, is the precursor of others that are worse, I believe I have experienced a great benefit from them in almost all the complaints for which you recommend them." IMPURITIES OF THE BLOOD—SCROFULA—ERYSIPELAS—SALT RHEUM—TETTER—TUMORS—RHEUMATISM—GOUT—NEURALGIA. From Dr. Eckel, Phila., Philadelphia. "You were right, Doctor. In saying that your PILLS purify the blood. They do so. I have used them for some years, and they stimulate the excretories, and carry off the impurities that stagnate in the blood, engendering disease. They stimulate the organs of digestion, and infuse vitality and vigor into the system, and your PILLS effect that organ and you deserve great credit for them." FOR HEADACHE—SICK HEADACHE—FOUL STOMACH—PILES—DROPSY—PLETHORA—PARALYSIS—FITS—&c. From Dr. Edward Bayly, Baltimore. "DEAR DR. AYER: I cannot answer you what complaints I have cured with your Pills, but I can tell you that they are ever fresh with a purgative medicine. I place great dependence on an effectual cathartic in my daily routine with disease, and believing as I do that your PILLS afford us the best we have, I of course value them as a national benefit, and you deserve great credit for them."

ARCHBISHOP KENRICK'S THEOLOGIA, Complete in 5 vols. 8vo. Reduced in Price from \$16 to \$10. Now Ready, in 2 Vols. 8o. Rom., \$4; Half Calf, \$1 THEOLOGIA MORALIS, quam concinnavit Franciscus Patricius Kenrick, Archiepiscopus Baltimorensis, Secularis Curis Auctori. We are happy in being able to announce, that we are now ready to furnish the complete body of MORAL THEOLOGY, prepared by our Most Rev. Archbishop. The second edition from the press of Mr. H. Desain, Malines, is comprised in two volumes. It contains the matter of the former edition, which was in three volumes, and is considerably improved and enlarged. Constant reference is made to the laws and usages of our country, which must necessarily direct and modify the application of moral principles laid down by European divines. The relations of master and servant, which are scarcely touched on in foreign treatises, are here developed and defined. The various contracts in use among us are explained, and the respective obligations of the parties are discussed. In many other matters of practice, direction is afforded to the Missionary and Confessor, which is particularly adapted to local circumstances, inasmuch as the general discipline of the Church is mitigated by special concessions, or preventing custom. Recently published, Uniform with the above, 3 Vols. 8o. Rom., \$6; Half Calf, \$9.

THEOLOGIA DOGMATICA, quam concinnavit Franciscus Patricius Kenrick, Archiepiscopus Baltimorensis, Secularis Curis Auctori. The first edition of the Theologia Dogmatica being exhausted, a revised edition has been published, in the famous establishment of Hanley (now Mr. Desain), at Malines, Belgium, in conjunction with Messrs. Murphy & Co. The whole work, formerly consisting of four volumes, is now reduced to three, although considerable additions have been made to it; including an Elaborate Defence of the Dogma of the Immaculate Conception, and a Catalogue of the Fathers, and Ecclesiastical Writers, with an accurate discrimination of their genuine works, from others that have passed under their names. This work appears under the especial sanction of the Cardinal Archbishop of Malines, who has been pleased to signify a very high estimate of its merits. It is issued in a very neat style, in three volumes, of about 500 pages double column, 8vo., at the very low price of \$2 per volume. This edition, though much enlarged, is reduced to \$6 instead of \$10—a little more than half the price of the former edition, so as to place it within the reach of Theological Seminaries, Students, &c., to whom a liberal discount will be made when purchased in quantities. Early orders respectfully solicited. MURPHY & CO., Publishers, Baltimore.

AYER'S CHERRY PECTORAL Has long been manufactured by a practical chemist, and every ounce of it under his own eye, with invariable accuracy and care. It is sealed and protected by law from counterfeits, and consequently can be relied on as genuine, without adulteration. It supplies the surest remedy for coughs, colds, hoarseness, asthma, croup, whooping cough, bronchitis, incipient consumption, and for the relief of consumptive patients in advanced stages of the disease. As time makes these facts wider and better known, this medicine has gradually become the best reliance of the afflicted, from the log cabin of the American peasant to the palace of European kings. Throughout this entire country, in every state and city, and indeed almost every hamlet it contains, CHESTNUT PECTORAL is known as the best of all remedies for diseases of the throat and lungs. In many foreign countries it is extensively used by their most intelligent physicians. If there is any dependence on what men of every station certify it has done for them; if we can trust our own senses when we see the dangers which attend the lungs yield to it; if we can depend on the assurance of intelligent physicians, whose business it is to know; in short, if there is any reliance upon any thing, then is it infallibly proven that this medicine does cure the class of diseases it is designed for, beyond any and every other remedy known to mankind. Nothing but its reputation is its merit. It is a most valuable and reliable remedy for thousands of sufferers, could originate and maintain the reputation it enjoys. While many inferior remedies have been thrust upon the community, have failed, and been discarded, this has gained friends by every day, and continues to be the best of all remedies for coughs, colds, hoarseness, asthma, croup, whooping cough, bronchitis, incipient consumption, and for the relief of consumptive patients in advanced stages of the disease.
