BRISTOL'S SARSAPARILLA

IS prepared in the most scientific manner, by thoroughly educated Chemists and Druggists, who have had many years experience. It is not a simple extract from one article, but is compounded of extracts from a number of Roots, Herbs, Barks, and Leaves, all of which are possessed of some particular virtue or power in curing the diseases that have their source in the blood and humors; and these different vegetable extracts are combined in such a way as to retain, in its full strength, the special curative virtue possessed by each. The root of the Sarsaparilla plant found in Honduras, is that which we use in this preparation; it is the kind which all medical men esteem most. About fifty per cent. of Bristol's Sarsaparilla consists of this concentrated extract, the remainder, as above stated, being composed of extracts from other powerful, cleansing and healing vegetable substances. It does not contain anything that is dangerous, or injurious to health, and in this, as in nearly every other respect, is entirely different from all other preparations sold under the name of Sarsaparilla.

By having our own agents at the places where the various roots, drugs, herbs and plants, composing our medicines, are produced, we are enabled to exercise that constant care in selection which insures uniformity of excellence; and we spare no money and no effort to secure the best—and only the best—of every article entering into their composition; and it is with the most abiding confidence we say, to the sick of all nations and all countries, that in Bristol's Sarsaparilla you have a remedy more reliable than any before offered you, and which will not disappoint you in the cure of

- Rail Rheum, Tetter, Scald Head,
 Syphilis, or Venereal Disease,
 Nervous and General Debility,
 Old Sores, Ulcers, Tumors,
 Abscesses, Bpils, Eruptions,
 Scrofula, or King's Evil,
 Female Derangements,
 White Swellings,
 Fever and Ague,
 Chills and Fever,
 And Dumb Agus.

As a means of building up the constitution that has been broken down by the excessive use of Mercury, Iron, or other Minerals, our Sarsaparilla will be found excellent, and can be administered with safety to the weakest patients. As a purifier of the blood and humors in the Spring and early Summer, it will be found unailing. It can be taken freely at all seasons, rainy or dry. For some of the above diseases the use of the Sarsaparilla must be continued a considerable time, especially for those that are hereditary or constitutional in their nature—such as Scrofula; but a faithful compliance with the directions will always relieve and mitigate, and in a great majority of cases will effect a complete cure. It will also be found, in all of the above diseases, that a cure will be greatly hastened by using our Bristol's Sugar-coated Pills, in moderate doses, in connection with the Sarsaparilla; they carry off large quantities of morbid or diseased matter not free in the system of the Sarsaparilla, and in this way facilitate the removal of normal functional operations.

HALL'S
Vegetable Sicilian Hair Renewer

Has stood the test of seven years before the public; and no preparation for the hair has yet been discovered that will produce the same beneficial results. It is an entirely new scientific discovery, combining many of the most powerful and restorative agents in the VEGETABLE KINGDOM. It restores GRAY HAIR TO ITS ORIGINAL YOUTHFUL COLOR. It makes the scalp white and clean; cures dandruff and humors, and falling out of the hair; and will make it grow upon bald heads, except in very aged persons, as it furnishes the nutritive principle by which the hair is nourished and supported. It makes the hair moist, soft, and glossy, and is unsurpassed as a HAIR DRESSING. It is the cheapest preparation ever offered to the public, as one bottle will accomplish more and last longer than three bottles of any other preparation. It is recommended and used by the First Medical Authority.

The wonderful results produced by our Sicilian Hair Renewer have induced many to manufacture preparations for the Hair, under various names; and, in order to induce the trade and the public to purchase their compounds, they have resorted to falsehood, by claiming they were former partners, or had some connection with our Mr. Hall, and their preparation was similar to ours. Do not be deceived by them. Purchase the original: it has never yet been equalled. Our Treatise on the Hair, with certificates, sent free by mail. See that each bottle has our private Revenue Stamp over the top of the bottle. All others are imitations.

Ayer's
Hair Vigor,

For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. Faded or gray hair is soon restored to its original color with the gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume.

BEAUTIFY THE COMPLEXION

By using Murray & Lanman's Florida Water. It is the most healthful and safest of all cosmetics, containing no deleterious ingredients, being prepared solely from the floral perfumes of nature, unadulterated by any foreign substance whatever. It is suited for use by the blonde and brunette alike, imparting that beautiful, clear softness to the skin so much admired in the fair sex. By regular use at the toilet it tends to

PREVENT AND REMOVE WRINKLES,

the softness of skin produced by its use taking away the natural inclination of the cuticle to form into ridges and furrows. Murray & Lanman's Florida Water is really the most delightful and efficacious of toilet waters, every thing entering into its composition being of the finest quality, and so combined as to secure their best effects. It never changes nor alters, keeping for any length of time, and in any climate, as delicate and fresh as at the moment of its preparation. It is also very extensively used as a dentifrice, on account of the

EXQUISITE FRAGRANCE

which it leaves in the mouth. The proportions should be about a tea-spoonful to a glass of pure water. It neutralizes the minute particles of food lodging in the mouth, and which are the prolific cause of decayed teeth, bad breath, and unhealthy, white-looking gums. Moreover, by the use of Murray & Lanman's Florida water the breath is made sweet and pleasant, and the teeth white without any danger of injuring the enamel, a difficulty of existing with nearly all the mouth lotions and powders for the teeth. As a general thing, ladies who make any pretensions to refinement desire to have

SOFT WHITE HANDS.

We believe that there is nothing will tend more to produce this effect than the constant use of Murray & Lanman's Florida Water mixed with the water in the basin. It removes redness and roughness. The Ladies of Cuba and South America were the first to discover the extraordinary virtues of this floral water as a cosmetic, and, after twenty-five years of everyday use, they have decided that it is only fragrant the distillation combining all the requisites for a safe and reliable beautifier of the skin, as well as an exquisitely delicate perfume. Probably the most distinctive feature of Murray & Lanman's Florida Water is its wonderful

REFRESHING POWER.

The sense of smell never tires of it, but rather seems to find a more intense enjoyment the longer it is accustomed to its use.

As there are counterfeits, always ask for the Florida Water prepared by Lanman & Kemp, New York.

HEALTH RESTORED

by the use of

BRISTOL'S
SUGAR-COATED VEGETABLE PILLS.

These Pills have justly acquired a widely extended reputation for their wonderful cures of several cases of sickness—cases in which all other Medicines had failed, and which had been given up by the Physicians as beyond help—such as confirmed and long-standing Liver Complaints, obstinate cases of Piles, Dropsy, &c., &c. But while admitting their wonderful curative powers in difficult cases, we wish to call attention to their great value in the every-day diseases of life, such as Constiveness, for which they are a perfect specific; Headache, relieved and cured by one dose; Indigestion always removed by them, and the stomach toned and strengthened as to prevent a return. Bad Breath cannot exist when the stomach is cleansed by.

BRISTOL'S SUGAR-COATED PILLS.

PURELY VEGETABLE

For Loss of Appetite they are the only sure remedy as they never fail in carrying off the depraved bilious secretions that float in the stomach and destroy the healthy natural craving for food. Sour Stomach, Heartburn, Flatulency, and all Derangements of the Digestive and Excretory Organs, are promptly relieved and cured by them. The public should always bear in mind that Bristol's are the only Pills made of

PODOPHYLLIN AND LEPTANDRIN,

the only vegetable substances yet discovered that are really

ANTIBILIOUS,

to the presence of which invaluable resinoids the extraordinary success of Bristol's Pills may in a great measure be ascribed. It is necessary, however, that the sick should always remember that in all diseases that have their origin in the blood,

BRISTOL'S SARSAPARILLA,

that best of blood purifiers, should be used with the Pills, the two Medicines being prepared expressly to act in harmony together. When this is done fully, we have no hesitation in saying that great relief, and in most cases, a cure, can be guaranteed when the patient is not already beyond human help. For general directions and table of doses, see the wrapper, and each phial of Pills; but as different constitutions require different doses to produce the same effect, it is better that each person ascertain, by trial, the dose that suits their system, and take that dose, instead of following any general rule.
