

The brusque and fussy impulse of these days of false impression would rate down all as worthless because one is unworthy.

As if there were no notes in sunbeams!

Or comets among stars! Or cataracts in peaceful rivers!

Because one remedy professes to do what it never was adapted to do, are all remedies worthless?

Because one doctor lets his patient die, are all humbugs?

It requires a fine eye and a finer brain to discriminate—to draw the differential line.

"They say" that Dr. Pierce's Golden Medical Discovery and Dr. Pierce's Favorite Prescription have cured thousands.

"They say" for a weak system there's nothing better than the "Discovery," and that the "Favorite Prescription" is the hope of debilitated, feeble women who need a restorative tonic and bracing nerve.

And here's the proof— Try one or both. If they don't help you, tell the World's Dispensary Medical Association so, and you get your money back again.

CANADIAN INDIAN RESEARCH AND AID SOCIETY.

The Annual Meeting of the C. I. R. A. S. and the Indian Conference which were to have taken place in Toronto on May the 14th and 15th have been postponed till September next.

The local committee of arrangements met in Toronto on March 30th, and it was then decided that September being Exhibition month, and travelling rates consequently more reasonable, also Indians being better able to leave their farms at that time than in May, it would be a far better and more convenient time for holding both the Annual Meeting and the Conference.
