A ten-year-old girl can do the washing as well as an older person. To place it in every household, the price has been placed at \$3, and if not found satisfactory, money refunded.

See what the Baptist says, "From personal examination of its construction and experience in its use we commend it as a simple, sensible, scientific and successful machine, which succeeds in doing its work admirably. The price, \$3, places it within the reach of all. It is a time and labour-saving machine, is substantial and enduring, and is cheap. From trial in the household we can testify to its excellence."
